Lender Narrative – New Construction Section 232– Single Stage

U.S. Department of Housing and Urban Development Office of Residential Care Facilities

OMB Approval No. 2502-0605 (exp. 03/31/2018)

Public reporting burden for this collection of information is estimated to average 87 hours. This includes the time for collecting, reviewing, and reporting the data. The information is being collected to obtain the supportive documentation that must be submitted to HUD for approval, and is necessary to ensure that viable projects are developed and maintained. The Department will use this information to determine if properties meet HUD requirements with respect to development, operation and/or asset management, as well as ensuring the continued marketability of the properties. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number.

Warning: Any person who knowingly presents a false, fictitious, or fraudulent statement or claim in a matter within the jurisdiction of the U.S. Department of Housing and Urban Development is subject to criminal penalties, civil liability, and administrative sanctions.

Privacy Act Notice: The Department of Housing and Urban Development, Federal Housing Administration, is authorized to collect the information requested in this form by virtue of: The National Housing Act, 12 USC 1701 et seq. and the regulations at 24 CFR 5.212 and 24 CFR 200.6; and the Housing and Community Development Act of 1987, 42 USC 3543(a). The information requested is mandatory to receive the mortgage insurance benefits to be derived from the National Housing Act Section 232 Healthcare Facility Insurance Program. No confidentiality is assured.

INSTRUCTIONS:

The narrative is a document critical to the Lean Underwriting process. Each section of the narrative and all questions need to be completed and answered. If the lender's underwriter disagrees and modifies any third-party report conclusions, provide sufficient detail to justify. The narrative should identify the strengths and weaknesses of the transactions and demonstrate how the weaknesses are mitigated by the underwriting.

- Charts: The charts contained in this document have been created with versatility in mind; however they will not be able to accommodate all situations. For this reason, you are allowed to alter the charts as the situation demands. Be sure to state how you have altered the charts along with your justification. Include all the information the form calls for. Charts that include blue text indicate names that should be modified by the lender as the situation dictates.
- Applicability: If a section is not applicable, state so in that section and provide a reason. Do not delete a section heading that is not applicable. The narrative will be checked to make certain all sections are provided. If a major section is not applicable, add " Not Applicable" to the heading and provide the reason. For instance:

Parent of the Operator – Not Applicable

This section is not applicable because there is no operator.

The rest of the subsections under the inapplicable section can then be deleted. This instruction page may also be deleted.

• **Format:** In addition to submitting the PDF version of the Lender Narrative to HUD, please also submit an electronic Word version.

Instead of pasting large portions of text from third-party reports into the narrative, it is preferred that the lender simply reference the page number and the report. The focus of this document is for lender conclusions, analyses, and summaries.

Italicized text found between these characters << EXAMPLE>> is instructional in nature, and may be deleted from the lender's final version. Please use the gray shaded areas (e.g.,) for your response. Double click on a check box and then change the default value to mark selection (e.g.,).

<u>Pı</u>	ogram Eligibility		
Ke	y Questions	Yes	No
1.	Will the facility charge "founder's fees," "life care fees," or other similar charges associated with "buy-in" facilities?		
2.	Has the facility, borrower, operator, or any of their affiliates' renamed or reformulated companies, or filed for or emerged from bankruptcy within the last 5 years?		
3.	Will less than continuous protective oversight be provided at the facility?		
4.	Are there any "minimum assistance" requirements necessary to qualify under the Section 232 mortgage insurance program that the facility does not plan to offer?		
5.	If an ALF, are there residents who will not meet the statutory definition of frail elderly (at least age 62 and in need of assistance with at least three (3) Activities of Daily Living)?		
6.	Will the facility require more than four residents share a full bathroom (see 24 CFR 232.3)? (Not applicable for SNFs.)		
7.	Are any residents required to access a qualifying bathroom by moving through a public corridor or area (see 24 CFR 232.3)? (Not applicable for SNFs.)		
8.	Are there floodways or coastal high hazard areas located onsite*?		
9.	Is the project a hospital, clinic, diagnostic center, group practice facility, halfway house, or other type of facility that does not meet 232 program intent?		
10.	Has construction or site work commenced without prior HUD approval?		
11.	Is the project designated by the Centers for Medicare and Medicaid Services (CMS) as a Special Focus Facility or similar future designation?		
12.	Is the project a long-term acute care facility?		

	Yes	No
13. Does the owner or operator/management agent lack the relevant experience (with similar type of facility, regulatory environment, payor mix, etc.) to lease-up and operate the subject project?		
<< If you answered "yes" to any of the questions above, this facility is <u>not eliginary</u> program. >>	i <u>ble</u> und	er this
*Exception: The floodway and coastal high hazard area prohibitions do not apprincidental portion of the project is in the 100-year floodplain, or for critical actifloodplain, and certain conditions are met in accordance with 24 CFR 55.12(c)	ions, the	-

<<For each "yes" answer above, provide a narrative discussion regarding the topic. As applicable, describe the risk and how it will be mitigated. For example: The borrower and operator are related parties – John Doe has ownership in both entities. No other identities of interest are disclosed.>>

Risk Factors

Key Questions

		Yes	No
1.	If the project is proposing new construction of assisted living units, is the proposed mortgage higher than the maximum loan-to-value (LTV)?		
2.	Is the debt service coverage of the loan less than 1.45?		
3.	Is this a "special use facility"—one that serves a "niche" type of market (e.g., psychiatric facilities; drug, alcohol, or eating disorder recovery facilities; hospice facilities; or short-term rehabilitation facilities?		
4.	Is this an Intermediate Care Facility (ICF), Institution for Mental Diseases (IMD), or any other type of facility that caters to a significant population with mental illness (MI), developmental disabilities (DD) or individuals with intellectual disabilities (IID)?		
5.	Is the project in a state with an Olmstead Plan, pending Olmstead cases, Olmstead settlement agreements, or is the project's state active in initiatives to "right-size" nursing facilities or otherwise working to "rebalance" long-term supports and services toward home and community-based settings?		
6.	Does the project rely on Medicaid Waivers or State Plan Options for a significant portion of its resident population, MI/DD residents, or for residents in the assisted living portion of a combined SNF/ALF Facility, subjecting it to HCBS Settings requirements?		
7.	Is the operator, parent company, affiliates or subsidiaries the subject of an ongoing investigation or judicial or administrative action involving any Federal, State, municipal and/or other regulatory authority, which could have a detrimental impact on the operator's financial condition or may jeopardize the operator's license and or its provider agreements?		

<< For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated.

If you answer "yes" to question 3, the narrative discussion should include an analysis of the following: 1. The long-term viability of funding sources for this client group; 2. The facility's ability to maintain stabilized occupancy over the long term, and/or the ability to fill the beds occupied by residents with the special use diagnosis, should the funding source cease; this analysis should include a demonstration that a market exists for increasing reliance on a more "traditional" SNF resident; 3. The extent of the successful experience of the operator in dealing with the contemplated population; 4. How the principals of this facility address the higher risk

associated with the targeted population (e.g. higher Professional Liability Insurance, etc.); 5. The facility's capacity to continue servicing the debt in the event that market/provider payment changes dictate that alternative/modified uses of the subject portion of the facility be pursued; and 6. Risk Mitigation.

If you answer "yes" to question 5, the narrative discussion should include a discussion of any of the state's efforts above that might have an impact on the subject facility and what efforts the owner and/or operator will take to respond to these impacts. Be sure to reference the state's strategy for moving the following populations: the elderly from skilled nursing facilities, individuals with intellectual or developmental disabilities (ID/DD) from ICFs, the physically disabled, non-elderly from skilled nursing facilities or the mentally ill from psychiatric facilities or other facilities, as appropriate.

If you answer "yes to question 6, the narrative discussion should include a discussion of the facility's compliance with the HCBS Settings requirements. The discussion might include the State's progress in implementing the HCBS Settings Rule, references to the Statewide Transition Plan, CMS responses to or approval of the Plan, State Regulatory language, or State Medicaid Agency input. If it appears that the facility will not, or will not be able, to comply with the Rule, the Lender should provide a Sensitivity Analysis showing the project's ability to operate without these residents.

Other Risk Factors Identified by Lender

Additionally, the lender has identified the following risk factors:

<< Provide discussion on other risk factors identified by the lender and how they are mitigated.>>

Strengths

<< Provide discussion of the strengths of the transaction.>>

2.	Is the market analyst currently active in the market analysis of other healthcare properties?		
3.	Is the market analyst experienced in the market area that the subject property is located in or established expertise by a thorough investigation of the market?		
4.	Did the market analyst personally inspect the property, perform the market analysis, and prepare and sign the market study?		
Ke	y Questions – Appraiser		
		Yes	No
1.	Is the appraiser is a Certified General Appraiser under the appraiser certification requirements of the state where the subject property is located as of the effective date of the appraisal? (See note below this section.)		
2.	Does the appraiser meet the requirements of the Competency Rule described in USPAP?		
3.	Did the appraiser sign the appraisal and the required certifications?		
	Is the appraiser currently active in the appraisal of other healthcare properties?		
5.	Is the appraiser experienced in the market area in which the subject property is located, or establish competency as per USPAP?		
6.	Did the appraiser meeting the above qualifications, personally inspect the property being appraised?		
7.	If more than one appraiser worked on the appraisal, did they all sign the report and certifications?		

NOTE: If you answer "no" to any of the questions above, the appraiser does not meet HUD requirements. The appraiser <u>must</u> be a Certified General Appraiser under the appraiser certification requirements of the state that the subject property is located, as of the effective date

of the appraisal (temporary certifications are permissible) and must meet all requirements of the Competency Rule of the USPAP. Lender verification of an appraiser's current standing can be done at http://www.asc.gov.

Project Description

Location/Proximity to Hospitals and Services

<<Brief narrative description about nearby hospitals and services. >>

Site

<< <u>Brief</u> narrative description about site to include location, topography, size, frontage, access, etc. >>

Neighborhood

<< Brief narrative description about neighborhood area to include major cross streets and access routes; distance to services, hospitals, etc.; adjacent property uses; predominant character or neighborhood; etc.>>

Architectural Review

	te of report: view firm:		
Re	viewer:		
Ke	y Questions	Yes	No
1.	Are any drawings or specifications to be "deferred submissions?" If yes, explain below and include special condition requiring that they be submitted prior to initial closing.		
2. 3.	Does the architectural reviewer recommend any commitment conditions? Are the plans and specification incomplete?		
4.	Is there an identity of interest between the design architect and any other project participant (i.e., borrower, principal of borrower, operator, and/or general contractor)?		
5.	Are there any architectural review comments that have not been incorporated into the plans and specifications?		
6.	Are there any architectural drawings and specifications that do <u>not</u> comply with local building code standards, minimum property standards, or any other HUD requirements?		
7.	After reviewing the plans, did the architectural reviewer confirm that the plans are <u>not</u> in conformance with FHAG and UFAS requirements?		
8.	Is the design architect different from the supervisory architect?		
9.	After reviewing the AIA agreement, did the architectural reviewer find the agreement was <u>not</u> complete?		
10.	After reviewing the Geotechnical Engineering Evaluation Report, did the architectural reviewer find the report <u>unacceptable</u> showing an <u>insufficient</u> number of borings provided?		
11.	After reviewing the soils report, did the architectural reviewer find the structural design <u>not</u> in compliance with the findings of the report?		
12.	After reviewing the survey, did the architectural reviewer find the survey <u>not</u> in compliance with HUD requirements?		
13.	Did the architectural reviewer <u>not</u> find the construction progress schedule and construction period to be acceptable?		
<<	If you answer "yes" to any of the above questions, please address below. For	example,	, Item

<<If you answer "yes" to any of the above questions, please address below. For example, Item 1 – Fire sprinkler system engineering will be completed by XXX, Item 3 – The completed plans and specifications will be submitted prior to closing. The architectural reviewer's inspector has identified minor revisions to the plans and specifications that will be completed and submitted to HUD prior to closing. A list of the minor revisions includes XXX. The contractor has provided</p>

confirmation acknowledging the required revisions and confirms that they do not result in changes to the costs reflected on the HUD 92328-ORCF submitted with this application package. We (the lender) recommend a Special Condition to the Firm Commitment requiring that completed acceptable plans and specifications will be submitted prior to closing.

Item 4 – There is an identity of interest between the design architect and the borrower. The design architect is a principal of the borrower entity. Therefore, to meet HUD requirements, a separate AIA B108 is submitted with this package for an unrelated architect to provide the supervision services. Provide narrative describing the supervising architect's name, experience, etc. >>

Architectural Overview

<<Provide narrative describing the architectural reviewers report and conclusions and if the lender's underwriter concurs with the conclusions. Identify any modifications to the report conclusions and provide justification. Confirm if the review complies with the statement of work. Identify deliverables included in the application package. Include a narrative concerning key elements of the reviews, the appropriate HUD forms, and their correspondence with the design architect.>>

Construction Progress Schedule

<<Provide narrative discussion of the construction period as projected by the general contractor and project architect. Indicate if architectural reviewer agrees. Typically, an updated Construction Progress Schedule that accurately reflects the month and date of construction start and completion will be needed prior to closing.>>

Conclusion

<< Indicate if the review architect has appropriately addressed all architectural aspects of the development and the firm commitment application.>>

Date of report: Review firm: Cost analyst: Key Questions Yes No 1. Are there any variances in excess of 10% between the general contractor's form HUD-92328-ORCF line items and the cost analyst's form HUD-92326? 2. Is the total reflected on the cost analyst's form HUD-92326 more than 10%

		Yes	No
	higher or lower than the total cost breakdown on form HUD-92328-ORCF?		
3.	Will any one subcontractor, material supplier, or equipment lessor be awarded more than 50% of the construction contract?		
4.	Will three or fewer subcontractors, material suppliers, or equipment lessors be awarded more than 75% of the construction contract in aggregate?		
5.	Does or will the contractor have any identities of interest with any subcontractors, material suppliers, or equipment lessors?		
6.	Did the cost analyst find any evidence of front-loading in the contractor's cost estimate?		
7.	Is the builder's overhead more than 2% of the total land improvements, total structures and general requirements?		
8.	Did the third party cost reviewer not find the form HUD-92328-ORCF to be acceptable?		
9.	Are the form HUD-92328-ORCF, B108 and form HUD-92264a-ORCF inconsistent?		
10.	If a Cost Plus Construction contract is utilized, is a General Contractor's Cost not included on the form HUD-92328-ORCF?		
	For each "yes" answer above, provide a narrative explanation and justification topic.>>	ı regardin	ıg

Cost Overview

<<Confirm the cost reviewer performed the cost review pursuant to Section 232 standards. The deliverables in the application package include a narrative concerning the cost analysis, the appropriate HUD forms, and cost data. For example, "The cost analyst performed a comparison analysis and compared them to the contractor's final schedules of values (form HUD-92328-ORCF). The cost analyst ultimately concludes to the contractor's schedule of values. The underwriter concurs.">>>

Construction Costs (Form HUD-92328-ORCF)

<<Discuss the cost analyst's review of the final forms HUD-92328-ORCF supplied by the contractor and owner after completing an independent cost analysis. Confirm the analyst found no front-loading in the final costs reflected in the HUD-92328-ORCF submitted. Indicate the analyst completed the HUD 92326 in accordance with HUD guidelines and those forms are included in the appropriate section of the application package.</p>

Provide a breakdown of the costs from the form HUD-92328-ORCF, Contractor's and/or Borrower's Cost Breakdown, included in the application package. The form totals \$XXX and is summarized as follows (complete the following table or provide equivalent detail):>>

Description	Cost
Structures	
Accessory structures	
Land improvements	
General requirements	
Builder's overhead	
Builder's profit	
Contractor's Other fees	
Bond premium	
Total construction contract	

Construction Contract		
Туре:	Cost Plus	Lump Sum

General Requirements

<>The contractor's estimate of general requirements totals \$XXX. The cost analyst has determined that the proposed cost of the general requirements and the sub-items included in it are reasonable. The underwriter concurs.>>

Other Fees - General Contractor

The form HUD-92328-ORCF includes other fees to be paid the general contractor totaling \$\)\$. The other fees to be paid by the general contractor include the following:

Appraisal

Date of valuation:	
Date of report:	
Appraisal firm:	
Appraiser:	
License no./State:	

The report was prepared to comply with the reporting requirement outlined under the USPAP as a self-contained report. The report also complies with the requirements of the Code of

Professional Ethics of the Appraisal Institute and the Financial Institutions Reform, Recovery and Enforcement Act of 1989 (FIRREA), Title XI Regulations

The report was prepared in accordance with the ORCF Appraisal Guidelines.

Key Questions

		y es	No
1.	Will there be a ground lease?		
2.	Are any tax credits involved in this transaction?		
3.	Are any real estate tax abatement or exemptions included in the underwriting assumptions?		
4.	Are there any special escrows or reserves proposed for this transaction?		
5.	Does the underwriting include income from adult day care? (Note: Non-resident adult day care space <u>may not</u> be located on a separate site. The adult day care space will not be considered commercial space; however, the space may not exceed 20% of the gross floor area of the facility and the income may not exceed 20% of gross income. Provide a Certificate of Need or operating license, if applicable.)		
6.	Are there any other issues that require special or a-typical underwriting considerations?		
7.	Does the submission date of the application (date the application enters the queue) exceed the 120-day timeframe from the effective date of the appraisal?		

<<For each "yes" answer above, provide a narrative discussion regarding the topic. For example, Item 3, Real Estate Tax Abatement – The borrower will be receiving an abatement of real estate taxes for at least two years after opening the facility. The abatement is to be 70% of the taxes due. We have not assumed the abatement for valuation purposes. The underwriter has, however, excluded 70% of the underwritten taxes from the debt service calculation and from the initial operating deficit calculation.>>

Hypothetical Conditions and Extraordinary Assumptions

Hypothetical Conditions

<<Identify any conditions that are contrary to what exists but are supposed for the purpose of analysis. For example, "The appraisal assumes that the proposed construction is complete and the property has attained the operating levels concluded by the appraiser. There are no other hypothetical conditions.">>

Extraordinary Assumptions

<<Identify any assumptions specific to this assignment that if found to be false, could alter the appraiser's opinions or conclusions. For example, "The appraisal assumes the subject project meets the state licensing requirements and that the facility is constructed as planned. There are no other extraordinary assumptions.>>

Jurisdictional Exceptions

<<These are rare and should be discussed with HUD before invoking. >>

Additional Personal Care Fees

The project bases additional care fees on levels of care needed as determined by the initial assessment and subsequent assessments as needed. The appraiser concludes to a <u>net</u> amount of \$X annually based on his analysis of comparable data << insert comparable data as

<< Provide narrative discussion and support for each other income category as appropriate A few examples follow:

appropriate. Identify any modification from the appraiser's concluded fees and provide justification.>>

Second Occupant Income

The appraiser has included a net annual projection of X second occupants at X per month. Competitive facilities in the market place report second occupant charges ranging between X and X with a range of X to X second occupants. Based on the market, the underwriter concurs with the appraiser's conclusion for a net annual income of X. Identify any modification from the appraiser's concluded fees and provide justification.

Miscellaneous Income <<delete paragraph if not applicable>>

In addition to room rents, additional care, and second occupant income, the project will receive miscellaneous income from <list miscellaneous>>. The appraiser has included a net annual projection of \$X. Typically, miscellaneous income is between x and x percent of effective income. The appraiser's conclusion is x. The underwriter has concluded to a net \$X\$ per annum (calculation shown). Identify any modification from the appraiser's concluded fees and provide justification.>>

Rents

The rent schedule will be as follows:

- << Insert a summary chart of the rent schedule here that shows rents, number of units, and room/service types.>>
- <<Discuss the subject Rent Schedule. For skilled nursing and other facilities, a daily rate may be more appropriate than a monthly conclusion. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type.>>
- <<INSTRUCTIONS: Each type of care should have its own subsection below discussing the payor source identified in the rent schedule, as demonstrated below. You may delete the sections (skilled nursing, assisted living, and independent living) that do not apply to your subject. >>

SKILLED NURSING RENTS

Private Pay

Expenses

The appraiser concludes to total expenses of \$ including reserve for replacement of \$. The underwriter concludes to total expenses of \$ including reserve for replacement of \$. An analysis of subject's history is provided below. The appraiser also compared the subject's expense conclusions to comparable projects located in .

<<Explain how the appraiser's expenses used for valuing the facility differ from the expenses used by the lender for the Debt Service Coverage analysis. Typically, these may differ in the categories of reserves, management fee, and taxes. The appraiser's numbers will represent market expenses and the lender's expenses for DSC analysis will represent what will actually be paid. >

Expense Analysis – Comparables

(Double click inside the Excel Tables to add information)

Expense Comparables	Name, City, State	Appraiser's Conclusion	Lender's DSC Conclusion					
Expense Categories	Comp 1	Comp 2	Comp 3	Comp 4	Comp 5	Conclusion	Conclusion	
e.g. General & Administrative								
e.g. Payroll Taxes and Benefits								
e.g. Resident Care								
e.g. Food Services								
e.g. Activities								
e.g. Housekeeping & Laundry								
e.g. Maintenance								
e.g. Utilities								
e.g. Marketing and Promotion								
e.g. Insurance (property & liability)								
e.g. Bad Debt								
Other - Add rows as needed								
Sub-total	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	
Real Estate (Property) Taxes								
Management Fees								
Replacement Reserves								
Total Expenses	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	
Expense Percentage	#DIV/0!	#DIV/0!	#DIV/0!	#DIV/0!	#DIV/0!	#DIV/0!	#DIV/0!	
Effective Gross Income								
Net Operating Income	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	
Occupancy							_	
Number of Resident Days							_	
Date of Expense Information	e.g. Jul-12							

<<Provide narrative discussion of comparable information. The appraiser should trend the expense comparables to the effective date of the appraisal. An explanation of the adjustments should be included here. Explain any other adjustments made to the comparables such as for normalization of reserves, management fee, taxes, etc., required to put the comparables on the same footing as the subject. For skilled nursing and other facilities, resident days are more appropriate than occupied units. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type.>>

Net Operating Income

<<Provide narrative discussion as necessary. Summarize and compare the NOI of the appraiser and the lender's NOI that incorporates all potential changes to incomes and expenses. Typically, the lender would explain here that the appraiser's "market" NOI was used for valuation and loan sizing based on value. The lender's NOI, which may vary from the appraiser's due to the Office of Residential Care Facilities (ORCF) requirements (e.g., specific reserve requirements, tax abatements that the appraiser was not allowed to recognize, or unusual management fees) will be used for loan sizing based on Debt Service Coverage.>>

Capitalization Rate

<<The selection of the capitalization rate should be based primarily on recent sales rather than from investment models. Ideally, these rates would come from the Building Sales Comparables. However, these are often chosen by location before sale date. Recent cap rate data should be included every time, even if an additional set of cap rate comps or a survey needs to be introduced. In the table below, please add columns or duplicate the table as needed to accommodate additional comps.>>

Comparable Total/Average			#DIV/0!								
Compare to Appraiser's Conclusion for Subject				Prospective							

<<Provide narrative discussion as necessary. An equivalent analysis of the information provided above is required. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type. Additional analysis can be provided at the lender's option to support its conclusion, as appropriate.>>

Sales Comparison Approach

<< If large adjustments are required in the sales comparison approach, extra attention and explanation are required to support the determination of the adjustments. Generally, those sales that require the smallest adjustment are the most desirable.>>

(Double click inside the Excel Table to add information)

Summary of Comparable Sales	City	State	Sales Price	# of Units/Beds	Price Unadjusted	Price Adjusted	Year Built	Date of Sale
Sales Comp 1 - Name					#DIV/0!			
Sales Comp 2 - Name					#DIV/0!			
Sales Comp 3 - Name					#DIV/0!			
Sales Comp 4 - Name					#DIV/0!			
Sales Comp 5 - Name					#DIV/0!			
Sales Comp 6 - Name					#DIV/0!			
Sales Comp 7 - Name					#DIV/0!			
Sales Comp 8 - Name					#DIV/0!			
Sales Comp 9 - Name					#DIV/0!			
Sales Comp 10 - Name					#DIV/0!			
Comparable Total/Average					#DIV/0!	#DIV/0!		

Price per Unit/Bed

<<Provide narrative discussion. An equivalent analysis of the information provided above is required. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate analysis for each care type. Include a general discussion of adjustments made to the sales and which comparables best represent the subject facility. Additional analysis can be provided at the Lender's option to support its conclusion, as appropriate.>>

Effective Gross Income Multiplier (EGIM)

<< Provide narrative discussion. An equivalent analysis of the information provided above is required. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate analysis for each care type. Additional analysis can be provided at the Lender's option to support its conclusion, as appropriate.>>

Subject Past Purchases

<< Provide analysis of subject's purchase price for all sales that have occurred within the last 3 years. (The analysis should provide: date of purchase, purchase price, whether the purchase was an arms-length transaction, and the financing term. In addition, the analysis should also state whether the sale was a market price. If not, explain.)>>

Cost Approach

Development Cost

<< Provide narrative discussion. This section is a place for the lender to summarize the cost conclusions of the appraisal. The costs in this section will be different than those in the Cost Review Section. This section will focus on market costs, as opposed to the Cost Reviewer Section that will be geared toward HUD-specific costs, such as Davis-Bacon wages.>>

Depreciation

<< With new construction this will normally be not applicable, but if the appraiser concludes there is external obsolescence, or depreciation associated with a preexisting structure, it should be discussed here.>>

Major Movable Equipment

<< Provide narrative discussion of assumptions and conclusion. Address discrepancies between appraiser and cost analyst. Additionally, address ownership of the major movable equipment (e.a., borrower or operator).>>

Land Value

<< Provide narrative discussion of assumptions and conclusion. Include an analysis of the comparable data.>>

Reconciliation

(Double click inside the Excel Table to add information)

	As-Proposed					
Market Value Summary						
Approach	Appraisal	Underwriter				
In come Capitalization						
Sales Comparison						
Cost Approach						
Conclusion:						

<<Provide narrative discussion of how the value approaches were reconciled to reach the final conclusions. The statement may be simple. For example, "As demonstrated in the Appraisal Overview section above, the underwritten value conclusion is based on the income approach to value." If the value conclusion is based on weighting multiple approaches provide an explanation of the rationale.>>

Lender Modifications

<<State if the lender concurs, or not, with the appraiser's value conclusion. When there is a disagreement, summarize the valuation modifications made by lender underwriter. Insert a pro forma to highlight the differences in conclusions as needed. View the appraisal as a tool to do your underwriting and loan sizing correctly. Lenders should not use a value they disagree with and are allowed to use a lower value/NOI for loan sizing purposes. If lenders feel they are prohibited from doing this, they should cite the FIRREA rule at issue in the narrative.>>

Initial Operating Deficit

(Double click inside the Excel Table to add information)

Environmental-New Construction Project Requirements

Program Guidance: Handbook 4232.1, Section II Production, 7.5.

If the project includes any ground disturbance, contact <u>LeanThinking@hud.gov</u> in advance of application submission so that ORCF may initiate agency to agency contact. Include a project description including type of project, purpose of the project, the proposed activities/site work, and the current condition of the site (what is on the site now) as well as a location map, aerial view map, site layout map and a topographic map in your request to Lean Thinking.

Examples of ground disturbance include, but are not limited to, tree removal, burying a tank, new parking, increases in building footprint, adding a new fence, etc. If there is uncertainty regarding what may constitute ground disturbance, contact LeanThinking@hud.gov in advance of application submission.

Ke	y Questions		
		Yes	No
1.	Was a request for Tribal Consultation submitted to <u>LeanThinking@hud.gov</u> in advance of application submittal?		
2.	Was a site plan provided showing where site work, ground disturbance and/or digging will occur?		
3.	Was documentation provided showing that a Section 7 Endangered Species review was completed?		
4.	Was evidence that the project is in compliance with the State's Coastal Zone Management Program provided if located in a designated coastal zone?		
5.	Did the correspondence with the State Historic Preservation Office (SHPO)		
	accurately reflect the proposed site work, ground disturbance or digging as well as any planned repairs and/or construction?		
6.	Are there any wetlands on or adjacent to the site that could be potentially impacted by the construction or site work either directly or indirectly via		
	drainage, etc.?		
_	a. If yes, was HUD contacted in advance to conduct an 8 step?		
7.	Are there any current Aboveground Storage Tanks (ASTs) on or directly visible from the site?		
8.	Will any Aboveground Storage Tanks be added?		
	Was an ASD calculation or mitigation plan submitted for all current or proposed ASTs? (Note that a tank safety letter IS NOT sufficient for projects that are increasing in units or beds. Refer to Handbook chapter		
4.0	7.5.F.)		
10.	Was a HUD compliant noise analysis provided?		

State Historic Preservation Office (SHPO) Clearance

Program Guidance:The lender may submit a Section 106 request to SHPO in order to expedite the process.

<< Provide narrative description indicating that the SHPO has been contacted, information sent to SHPO, and any response received.>>

Key Questions

		y es	NO
1.	Was the SHPO contacted?		
2.	Was the SHPO website for the project's state reviewed for any specific information required by that SHPO and was this information provided?		
3.	Was all correspondence with the SHPO provided in the application?		
4.	Are there any known historic preservation issues related to the subject?		
5.	Have any other archeological or cultural resource centers been consulted?		

<<As applicable, for each "yes" answer above, provide a narrative discussion on the topic. For example: "We have received a letter from the XXXX State Historic Preservation Office, dated XXXX. It was determined that the site is of no historical or suspected cultural significance. No additional investigation was recommended by the State." Please indicate if a response has not been received. If the SHPO concluded that the project will have an adverse effect, please explain how this will be mitigated.>>

Area of Potential Effects

Program Guidance: Handbook 4232.1, Section II Production, Chapter 7. In situations where the SHPO was contacted, provide a description of the Area of Potential Effects (APE) that was included in the correspondence that was sent to the SHPO.

<< Provide a narrative discussion on the Area of Potential Effects. For example: "The subject is located in the X Historic District, so we have determined that the APE is the entire Historic District." Or, "The subject is not located near any properties that are on or eligible for the National Register of Historic Places, so the APE is only the subject site., etc. >>

	2,063,500	4.6%	1,968,579	1,968,579	
	, ,		, ,	, ,	
	74,434	36.5%	47,266	47,266	
•	<u>922,400</u> \$	25.7%	685,343	685,343	
	₹		\$ 10.416.013	Ф 0.447.EZO	
	58,001,834 10,416,912 \$ 8,447,5				
	59	% of Worl	k in Progress	= 422,379	

The underwriter calculated the working capital necessary for the work in progress as 5% of the contract balances for all work that was less than 90% complete. The working capital for the planned sister facility in XXXXX is 5% of the contract amount of \$6,356,426. The working capital for the subject is 5% of the contract amount of \$6,502,743.

Based on the above adjustments and analysis, the underwriter concludes to the following working capital analysis:

Current Assets	10,150,000
Current Liabilities	(7,911,000)
Working Capital	\$ 2,239,000
Working Capital for Other Work in Progress	(422,379)
Working Capital for planned SISTER Facility	(317,821)
Working Capital for Subject	(325,137)
Excess Working Capital	\$ 1,173,663

The contractor clearly demonstrates sufficient working capital for the current work in progress and the planned sister facility and the subject facility. In addition to the above working capital, the contractor also has a \$XXXXM revolving line of credit that currently has no balance. The line of credit is available to supplement the above working capital, if necessary, during construction. >>

Conclusion

<< Provide narrative discussion of underwriter's conclusion and recommendation. For example, "The general contractor has demonstrated an acceptable financial and credit history. The general contractor has the experience to continue to complete the construction. The underwriter recommends this general contractor for approval as an acceptable participant in this transaction." >>

Operation of the Facility

Risk Management Program

Program Guidance: See Risk Management Program grid on the Section 232 program website
for additional guidance. Note that the below tier descriptions are general descriptions and HUD
retains discretion to require additional risk management measures, as warranted, on a case by
case basis.
<u>Risk Management Tier General Descriptions</u> :

Tier 1 Baseline: For most assisted living and low-risk skilled nursing projects with no more than one incident of actual harm/immediate jeopardy in the past three years. In these instances, the risk management program may be administered internally or by a third party provided the party administering the program is qualified.

Tier 2 Elevated Risk: Higher risk projects with two more incidents of actual harm/immediate jeopardy within the past three years. In these instances the risk management program should be administered by a third party.

(Note both Tier and Internal/External)				
Tier 1 Baseline	Internally Administered Risk Management Program			
Tier 2 Elevated Risk	External 3 rd Party Administered Risk Management Program			

Describe the Risk Management Program and how it meets the following requirements 1. Real-time incident reporting and tracking that informs senior management:								
	2.	Experience of Staff:						
	3.	Training:						
	4.	Continuous Improvement:						
		< <if a="" arrangement,="" been="" company="" contract="" contracted,="" contractual="" describe="" entered="" etc="" expires,="" far="" for,="" has="" have="" if="" in="" into,="" involved,="" is="" it="" party="" place,="" provides="" results="" seen="" the="" third="" thus="" was="" what="" when="">></if>						
St	aff	ing						
<< Provide narrative description of review. For example, "The appraiser and underwriter have reviewed the proposed staffing to be charged to the facility and found it to be acceptable and within reason.">>								
O	per	ating Lease						
Program Guidance: Handbook 4232.1, Section II Production, Chapter 8.6, Operating Lease Requirements								
Da	te o	f agreement:						
		it lease term expires:			-			
		ption of renewals:			-			
		it lease payment:			_			
Ma	ajor	movable equipment ownership:	< borrower/operator>>		-			
Key Questions								
				Yes	No			
1.	Wi	ll the facility be subleased (master	lease)?					
2.		At closing, will the lease have a term that will expire within 5 years						
3		with no lease renewal options?						
		Does the lease contain any non-disturbance provisions? Does the lease require the borrower to escrow any funds other than						
••		those associated with this loan?						
5.		s the lender recommended any spec se?	cial conditions concerning the					

<< For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated.>>

Lease Payment Analysis

The lease payments must be sufficient to (1) enable the borrower to meet debt service and impound requirements and (2) enable the operator to properly maintain the project and cover operating expenses. The minimum annual lease payment must be at least 1.05 times the sum of the annual principal, interest, mortgage insurance premium, reserve for replacement deposit, property insurance and property taxes.

The underwriter has prepared an analysis demonstrating the minimum annual lease payment.

a.	Annual principal and interest	\$
b.	Annual mortgage insurance premium	
c.	Annual replacement reserves	
d.	Annual property insurance	
e.	Annual real estate taxes	
f.	Total debt service and impounds	\$
h	Minimum annual lease payment	\$
•		

<< Compare the minimum annual lease payment to the current lease payment. If the lease payment needs to increase, add the following language: "The lease payment must be increased to \$XX per year (\$XX per month). The underwriter has included a special condition to the firm commitment requiring the lease payment be revised to meet or exceed this minimum." If the lease payment does not need to increase, add the following language: "The current lease payment is sufficient. The recommended annual lease payment also provides the operator with an acceptable profit margin.">>

Responsibilities

<< Provide a description of the responsibilities of the lessor and lessee under the terms of the lease with regard to the following: payment of real estate taxes, maintenance of building, capital improvements, replacement of equipment, property insurance, etc.>>

Master Lease

Program Guidance: Handbook 4232.1, Section II Production, Chapter 13. It is the lender's responsibility to read the handbook chapter and provide HUD with a full set of documents for review of the proposed master lease or alternative master lease structure.

Ke	y Questions		
		Yes	No
1.	Are three or more projects (or two projects with an aggregate total mortgage loan amount greater than \$15 million) being submitted to HUD that are under common control or have the same ownership?		
2.	Have projects under common control or with the same ownership applied for mortgage insurance or a TPA within the <i>past</i> 18-months OR will projects under common control or with the same ownership apply for mortgage insurance or a TPA within the <i>next</i> 18 months?		
3.	Is the parent of the operator the same for all of these projects? $\ \ \ \ \ \ \ \ \ \ \ \ \ $		
If y	ou answered "yes' to all three questions, a master lease or master lease alternati	ve is requ Yes	ired. No
 3. 	Is a new master lease proposed for the subject project? Will the subject project be joined to an existing HUD master lease? Do the borrower principals currently participate in any other HUD master leases? Does the parent of the operator currently participate in any other HUD master leases?		
pay sub (in	Provide a narrative describing the terms and conditions of the master lease provide a narrative describing the terms and conditions of the master lease providents to and from the master tenant, lease agreements between borrower, mast otenants, the flow of funds from the subtenants to the master tenant and the borrocluding the AR lender if applicable), and any waivers or requests for modification in the contraction of the contraction of the master tenant and the contraction of the master lease providents.	er tenant (Ower

Ke	y Questions		
		Yes	No
1.	Does the AR loan require any guarantees from the borrower, operator, parent of the operator, or any of those entities' principals?		
2.	Are the guarantors guaranteeing performance on any other AR loans?		
3.	Does the AR loan involve multiple facilities or borrowers?		
	a. Does the AR loan involve any non-HUD-insured properties?		
	b. DIs the subject being added to an existing HUD-Insured AR line that has already been reviewed/approved by HUD?		
4.	Is there an identity of interest between the AR lender and the AR borrower?		
5.	Is there a conflict of interest between the AR lender and the borrower or its principals (as defined in Handbook 4232.1, 15.4.E or its successors)?		
6.	Does the maximum AR loan amount exceed 85% of the Medicaid, Medicare, and other governmental accounts receivable less than 121 days old?		
7.	Of the total Medicaid, Medicare and other governmental accounts receivable less than 121 days old, are more than 30% over 90 days old? N/A		
8.	Does the AR lender have less than 3 years of experience providing AR financing?		
9.	Does the AR lender monitor the borrowing base on a daily/weekly/monthly basis?		
10.	Are the borrower or operator out of compliance with any business agreements or loan covenants (i.e., in default on those agreements, not current on financial submissions, etc.)?		

11.	Is the AR loan being syndicated or participated?	Yes	No
13. 14. 15. << pro the HU	Does the Intercreditor Agreement (ICA) propose additional obligations beyond those allowed as the types of AR Loan Obligations that may be secured by project collateral? Does the ICA propose loan extensions or interest rate changes? Does the ICA include any cross-default or cross-collateralization provisions? Does the ICA identify a flow of funds inconsistent with the cash flow chart? For each "yes" answer above, provide a narrative discussion regarding the top ojects being added to an existing HUD-Insured AR line, provide specific informate AR line was originated (date), when documents were reviewed/approved by HUDD OGC field office performed he review, and provide a listing of projects particle (project name, FHA#) >>	ition on v JD, whic	h
Te	erms and Conditions		
1.	Describe the borrowing base formula (e.g., XX% of the AR borrowers accounts to 120 days):	s receivai	ble up
2.	Describe term and renewal options:		

Mechanisms for operator receipts, disbursements and control of operator funds:

3. Describe the rate applied to the used and unused portion of the AR loan:

4. Other fees (i.e., financing fees, late payment fees, etc.):

<<Describe the flow of all funds, into and out of accounts. Describe how deposit accounts are controlled (e.g., number of controlled accounts, hard or springing lockbox, daily sweeps, etc.). Attach cash flow chart.>>

Collateral/Security

<Provide narrative description of the AR lender's collateral/security. Explain any unsecured AR financing.>>

Permitted Uses and Payment Priorities

<< Provide descriptions of the permitted uses of the AR loan funds in order of priority. For example: (1) debt service incurred in connection with the AR loan; (2) operating costs; and (3) distributions to the operator's shareholders.>>

Financial Analysis

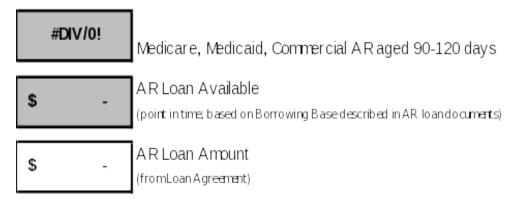

Borrowing Base Analysis

(Double click inside the Excel Table to add information)

Calculations as of: DATE (of AR aging report submitted with application materials)

	0-90 days		91-120 days	1	.21-150 days	151+ days

^{*}Inclusion of Private Prayreceivables requires waiver approval

Historical AR Loan Costs

<<If there is an existing AR loan that is not yet approved by HUD, provide a financial analysis that explains how the cost of the AR loan has been factored into the NOI calculation. Complete the Historical AR Loan Costs table.>>

Historical AR Loan Costs

(Double click inside the Excel Table to add information)

20XX	20XX	20XX	YTD specify months	20XX-20XX Average	UW

Proposed AR Loan Costs

<<If the AR borrower is obtaining AR financing for the first time, provide a financial analysis that demonstrates that the AR borrower has sufficient financial capacity to pay all projected operating expenses, AR financing costs and loan payments, and all rent or debt service payments. The analysis must assume the maximum AR loan amount to stress test the AR financing based on the lesser of the operator's 12-month trailing operating statements or the underwritten NOI. Calculate the impact on the borrower's debt coverage after payment of the AR loan expenses and payments.>>

Assuming the \$ maximum AR loan limit, an annual interest rate of %, and that the entire amount is outstanding for the year, the maximum annual interest expense would be \$. In addition to the interest, the other associated fees are the fees << list types of fees>>, that total \$ per year for the same assumed balance. An analysis of the operator's 12 month trailing financial statement (Month 20XX – Month 20XX) is below:

12-Month Trailing Operating History						
Operating revenue	\$					
Less: Operating expenses						
Net operating income (NOI)	\$					
Annual P&I + MIP	\$					
AR fee: Interest						
AR fee: Other						
Total annual mortgage & AR debt service	\$					
DSCR including AR						

The underwriting assumed an NOI of \$. The 12-month trailing NOI is \$. The annual debt service including the MIP amount is \$ per year. Adding the AR fees equates to a total mortgage and AR debt service expense of \$ per year. This equates to prospective debt service coverage.

<< If multiple HUD-insured facilities have access to the AR loan, repeat the analysis above with the consolidated revenues and expenses for all those facilities.>>

Recommendation

<< The lender recommends approval of the AR loan.>>

Insurance

Professional Liability Insurance Coverage (PLI)

Program Guidance: Handbook 4232.1, Section II Production, Appendix 14.1. For New Construction projects that will have a new PLI policy put into place prior to occupancy, and the specific PLI policy terms have not yet been determined, documents may be submitted to HUD for review no later than 70% construction completion. The Firm Commitment should include a special condition requiring that PLI documents be submitted to HUD prior to 70% construction completion. A HUD approved PLI policy must be put into place prior to Permission to Occupy.

rermission to Occupy.		Yes	No

6						
Total/	average					

Key Questions

		Yes	No
1.	Does the insurance policy cover multiple properties?		
2.	Is less than 6 years of lost history available?		
3.	Does the loss history indicate any professional liability claims over \$35,000?		
4.	Does the loss history or potential claims certification indicate any uncovered claims?		
5.	Does the loss history or potential claims certification indicate any claims that would exceed the per occurrence or aggregate coverage limits at the facility?		
6.	Has the facility been covered by a "claims made" policy at any time during the statute of limitations for the State in which the facility is located?		
7.	Is the policy funded on a "cash front" basis?		
8.	Is an actuarial study applicable (self-insurance)? (If yes, discuss results below.)		
9.	For all facilities Owned, Operated or Managed by the operator and/or parent of the operator, are there any surveys/reports that have open G-level or higher citations outstanding? (As appropriate, provide a complete analysis of the surveys.)		
10.	Are any entities that provide resident care (as discussed in the Provider Agreements and Resident Care Agreements/Rental Agreements) not covered by the PLI policy?		
11.	Are there any PLI issues that require special consideration?		
< <	For each "ves" answer above, provide a parrative discussion on the topic desc	rihina th	he risk

and how it will be mitigated.

Example: **1.**<u>Multiple properties</u>: The underwriter notes that the professional liability policy is a 'blanket' policy covering XXX facilities, including the subject...{address potential impact of other facilities on the subject's coverage}

Example: **2.**<u>Less than 6-year loss history</u>: The claims history reports were examined for the period XX through XX. The underwriter determined that there were no professional liability XX claims during that period... {Address claims and sufficiency of coverage, etc. based on history}.

Example: Claims made coverage: The project's previous professional liability insurance coverage was a "claims made" form policy with XXXX, which expired XXXX, when the current policy was put in place. In XXXX the borrower purchased a "nose coverage" policy which is the coverage needed when going from a "claims made" form of insurance to a "per occurrence" form of insurance. The premium for this "nose" coverage liability was a one-time charge and was paid in XXX. Because of that additional insurance coverage, the insurance expense for XXXX was substantially higher than the current expense. The current "per occurrence basis" insurance policy covers the entire statute of limitations. The project's professional liability insurance is in compliance with HUD's requirements. >>

Lawsuits

<<Identify all potential or expected professional liability insurance (PLI) claims in excess of \$35,000 that have been or may be filed for all periods within the statute of limitations for the state where the claim occurred. Identify any reserves held for potential claims. Discuss the risk associate with each potential PLI claim. Discuss how that risk is mitigated. Describe the circumstances, identify the potential award amount, provide evidence and analysis showing that the suits are covered by PLI insurance, and if the insurance is not sufficient, does the insured demonstrate adequate funds to cover the potential excess? Describe any other information that mitigates the risk.

As applicable, discuss other types of lawsuits (non-PLI) and describe the potential risk related to the party's participation in the proposed project. Discuss how that risk is mitigated. If the suit is closed, does it contribute to a pattern? Does it materially affect the party's ability to participate in the project? If not closed, describe the circumstances, identify the potential award amount, provide evidence and analysis showing that the suits are covered by insurance (general liability), and if the insurance is not sufficient, do they demonstrate adequate funds to cover the potential excess? Describe any other information that mitigates the risk.>>

Commercial General Liability Insurance

<< Provide narrative discussion of policy coverage for bodily injury, property damage and personal injury. For example: General liability insurance will be provided by XX. The

underwriter has confirmed estimates of the cost and coverage for underwriting. The insurance coverage will comply with HUD requirements prior to permission to occupy.>>

Property Insurance

<< Provide narrative discussion of review. For example, "Hazard and Liability insurance has been and/or will be provided by XX. The underwriter has confirmed estimates of the cost and coverage for underwriting and that it complies with HUD requirements.">>>

Builder's Risk

<< If contractor is paying, show in contractor's other fees. If borrower is paying, show in borrower's other fees.>>

Fidelity Bond/Employee Dishonesty Coverage

Provide narrative discussion of fidelity bond / crime insurance coverage. For example: "A fidelity (crime) insurance with the limit of \$XX and \$XX deductible will be put into place prior to Permission to Occupy. The HUD requirement for at least two months **potential** gross income receipts would total \$XX.

Recommendation

<<Provide narrative recommendation regarding acceptability of professional and general liability insurance. For example: "The borrower's professional and general liability insurance was analyzed in accordance with Handbook 4232.1, Section II Production, Chapter 14 and Appendix 14.1.). The property has XX current potential (threatened) insurance claims at this time as reflected on the certification provided by the borrower. It is {lender's} opinion that the information provided above and in the application sufficiently demonstrates that the existing professional liability coverage meets HUD's requirements and that the risk from professional liability issues is sufficiently addressed. No modifications to the current coverage are recommended.">>>

Tax Credits

Program Guidance: If the proposed documents do not currently comply with the requirements, outline the differences, what changes are required, and how they are justified. Note that proposed changes to OMB form documents must go through the ORCF document change protocol. Also, documents previously negotiated Multifamily documents are not automatically approved for use in Section 232 transactions, and must receive specific ORCF approval for use.

Will th	ne subject have tax credits? (If no, skip this section)	Yes	No
Key Q	Questions	Yes	No
1.	Do the tax credits require the project to comply with an affordability restriction?		
2.	Does the lender have any concerns with the experience or financial strength of the proposed tax credit syndicator?		
3.	Will there be an equity bridge loan?		
	a. If there will be an equity bridge loan, will it be retired after final closing?		
4.	Do the tax credit documents conflict with ORCF requirements in any way?		
5.	Does the proposed funding schedule depart from the guidelines set out in the handbook?		
6.	Does the funding schedule propose that any borrower funds required for completion of the project be escrowed after initial closing?		
7.	Does the funding schedule propose that any borrower funds escrowed for completion of the project be disbursed after mortgage proceeds are disbursed?		
8.	Does the funding schedule propose that equity be contributed to construction draws according to any method other than a pro rata share?		
9.	Will there be a lack of funds needed to meet the borrower's cash contribution be in the transaction, and any equity bridge loan NOT be retired by final closing?		

Mortgage Loan Determinants

Overview

The mortgage criteria shown on the form HUD-92264a-ORCF are summarized as follows:

<<For each "yes" answer above, provide a narrative discussion regarding the topic.>>

Requested amount:	\$
Amount based on replacement cost:	\$
Amount based on loan to value:	\$
Amount based on debt service coverage:	\$
Amount based on total indebtedness:	\$
Amount based on deduction of loans, grant(s), loan(s), LIHTCs, and gift(s) for mortgageable items:	\$

Criterion C: Amount Based on Replacement Cost

The amount based on replacement cost limit is \$. This is based on 90% of the replacement cost of the improvements of \$.

Criterion D: Amount Based on Loan-to-Value

The \$ value of improvement limit was calculated in accordance with HUD guidelines. This is based on a value of \$.

Criterion E: Amount Based on Debt Service Coverage

The \$ debt service limit was calculated using the underwritten NOI of \$

.

Criterion L: Deduction of Grants, Loans, and Gifts

The limit was calculated in accordance with HUD guidelines as follows:

a.	Amount based on estimated cost of construction	\$
b.	(1) Grants/loans/gifts(2) Tax credits(3) Value of leased fee(4) Excess unusual land improvement cost(5) Unpaid balance of special assessment	
	(6) Sum of lines (1) through (5)	\$
c.	Line a minus line b (6)	\$

The secondary sources are discussed in detail below in the Sources & Uses section of the narrative.

Sources & Uses – Copied From HUD 92264a-ORCF

Program Guidance: In the case of tax credit transactions, the individual sources must be spelled out, as well as any non-mortgageable costs. Details regarding the requirements of those sources and uses should be discussed in the tax credit section, or under Secondary Sources, as applicable.

<< Provide a statement of Sources and Uses of actual estimated cost at closing. Include all eligible and ineligible costs.>>

Secondary Sources

<< List and discuss all secondary sources, including terms and conditions of each. Secondary sources include surplus cash notes, grants/loans, tax credits, and the like.>>

Source	Entity	Public or	% of	% FMV	Non-
	Receiving	Private	Equity		mortgageable
	Funds		Coverage		costs?

Other Uses

<<Discuss any uses not previously discussed in this narrative.>>

Circumstances that May Require Additional Information

In addition to the information required in this narrative, depending upon the facility for which mortgage insurance is to be provided, the mortgagor, operator, management agent and such other parties involved in the operation of the facility, current economic conditions, or other factors or conditions as identified by HUD, HUD may require additional information from the lender to accurately determine the strengths and weaknesses of the transaction. If additional information is required, the questions will be included in an appendix that accompanies the narrative.
