Lender Narrative – New Construction Section 232 – 2 Stage, Initial Firm Submission

U.S. Department of Housing and Urban Development Office of Residential Care Facilities

OMB Approval No. 2502-0605 (exp. 03/31/2018)

Public reporting burden for this collection of information is estimated to average 63 hour(s). This includes the time for collecting, reviewing, and reporting the data. The information is being collected to obtain the supportive documentation which must be submitted to HUD for approval, and is necessary to ensure that viable projects are developed and maintained. The Department will use this information to determine if properties meet HUD requirements with respect to development, operation and/or asset management, as well as ensuring the continued marketability of the properties. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number.

Warning: Any person who knowingly presents a false, fictitious, or fraudulent statement or claim in a matter within the jurisdiction of the U.S. Department of Housing and Urban Development is subject to criminal penalties, civil liability, and administrative sanctions.

Privacy Act Notice: The Department of Housing and Urban Development, Federal Housing Administration, is authorized to collect the information requested in this form by virtue of: The National Housing Act, 12 USC 1701 et seq. and the regulations at 24 CFR 5.212 and 24 CFR 200.6; and the Housing and Community Development Act of 1987, 42 USC 3543(a). The information requested is mandatory to receive the mortgage insurance benefits to be derived from the National Housing Act Section 232 Healthcare Facility Insurance Program. No confidentiality is assured.

INSTRUCTIONS:

The narrative is a document critical to the Lean Underwriting process. Each section of the narrative and all questions need to be completed and answered. If the lender's underwriter disagrees and modifies any third-party report conclusions, provide sufficient detail to justify. The narrative should identify the strengths and weaknesses of the transactions and demonstrate how the weaknesses are mitigated by the underwriting.

- Charts: The charts contained in this document have been created with versatility in mind; however, they will not be able to accommodate all situations. For this reason, you are allowed to alter the charts as the situation demands. Be sure to state how you have altered the charts along with your justification. Include all the information the form calls for. Charts that include blue text indicate names that should be modified by the lender as the situation dictates.
- **Applicability:** If a section is not applicable, state so in that section and provide a reason. Do not delete a section heading that is not applicable. The narrative will be checked to make certain all sections are provided. If a major section is not applicable, add "– Not Applicable" to the heading and provide the reason. For instance:

Parent of the Operator – Not Applicable

This section is not applicable because there is no operator.

The rest of the subsections under the inapplicable section can then be deleted. This instruction page may also be deleted.

• **Format:** In addition to submitting the PDF version of the Lender Narrative to HUD, please also submit an electronic Word version.

Instead of pasting large portions of text from third-party reports into the narrative, it is preferred that the lender simply reference the page number and the report. The focus of this document is for lender conclusions, analyses, and summaries.

Italicized text found between these characters << EXAMPLE>> is instructional in nature, and may be deleted from the lender's final version. Please use the gray shaded areas (e.g.,) for your response. Double click on a check box and then change the default value to mark selection (e.g.,).

Program Eligibility

Key Questions

		Yes	No
1.	Will the facility charge "founder's fees," "life care fees," or other similar charges associated with "buy-in" facilities?		
2.	Has the facility, borrower, operator, or any of their affiliates renamed or reformulated companies, or filed for or emerged from bankruptcy within the last 5 years?		
3.	Will less than continuous protective oversight be provided at the facility?		
4.	Are there any "minimum assistance" requirements necessary to qualify under the Section 232 mortgage insurance program that the facility does not plan to offer?		
5.	If an ALF, are there residents who will not meet the statutory definition of frail elderly (at least age 62 and in need of assistance with at least three (3) Activities of Daily Living)?		
6.	Will the facility require more than four residents share a full bathroom (see 24 CFR 232.3)? (Not applicable for SNFs.)		
7.	Are any residents required to access a qualifying bathroom by moving through a public corridor or area (see 24 CFR 232.3)? (Not applicable for SNFs.)		
8.	Are there floodways or coastal high hazard areas located onsite*?		
9.	Is the project a hospital, clinic, diagnostic center, group practice facility, halfway house, or other type of facility that does not meet 232 program intent?		
10.	Has construction or site work commenced without prior HUD approval?		
11.	Is the project designated by the Centers for Medicare and Medicaid Services (CMS) as a Special Focus Facility or similar future designation?		
12.	Is the project a long-term acute care facility?		
13.	Does the owner or operator/management agent lack the relevant experience (with similar type of facility, regulatory environment, payor		
	mix, etc.) to lease-up and operate the subject project?		
	If you answered "yes" to any of the questions above, this facility is <u>not eligil</u> ogram. >>	<u>ole</u> under	this
	xception: The floodway and coastal high hazard area prohibitions do not applidental portion of the project is in the 100-year floodplain, or for critical action		

floodplain, and certain conditions are met in accordance with 24 CFR 55.12(c)(7).

<<(Applicable to B&C's.) Provide affirmative statement {State} has certified its compliance with Section 1616(e) of	•

Amendment). Discuss documentation provided in the application that shows that the state where the facility is located is in compliance with Section 1616(e) of the Social Security Act (Keys Amendment) AND that the facility itself is regulated by the state pursuant to Section 1616e. Note on this last point that the requirement is not only that the facility be regulated, but that it be regulated specifically pursuant to 1616e.

Identities-of-Interest

Ke	y Questions		
	y Questions	Yes	No
1.	Have you, as the lender, identified any identities of interest on your certification?		
2.	Does the borrower's certification indicate any identities of interest?		
3.	Do any of the certifications provided by principals of the borrower identify any identities of interest?		
4.	Does the operator's certification (if applicable) indicate any identities of interest? $\ \ \ \ \ \ \ \ \ \ \ \ \ $		
5.	Does the Management Agent's Certification (if applicable) indicate any identities of interest?		
6.	Does the lender know, or have any reason to believe, that any of the assertions in the other Consolidated Certifications submitted herewith, are inaccurate or incomplete?		
ap _l	For each "yes" answer above, provide a narrative discussion regarding the top plicable, describe the risk and how it will be mitigated. For example: The borro erator are related parties – John Doe has ownership in both entities. No other i erest are disclosed.>>	wer and	f
<u>R</u> i	sk Factors		
Ke	y Questions	Yes	No
1.	If the project is proposing new construction of assisted living units, is the proposed mortgage higher than the maximum loan-to-value (LTV)?		
2.	Is the debt service coverage of the loan less than 1.45?		
3.	Is this a "special use facility"—one that serves a "niche" type of market (e.g., psychiatric facilities; drug, alcohol, or eating disorder recovery facilities; hospice facilities; or short-term rehabilitation facilities?		
4.	Is this an Intermediate Care Facility (ICF), Institution for Mental Diseases (IMD), or any other type of facility that caters to a significant population with mental illness (MI), developmental disabilities (DD) or individuals		

		y es	No
	with intellectual disabilities (IID)?		
5.	Is the project in a state with an Olmstead Plan, pending Olmstead cases, Olmstead settlement agreements, or is the project's state active in initiatives to "right-size" nursing facilities or otherwise working to "rebalance" long-term supports and services toward home and community-based settings?		
6.	Does the project rely on Medicaid Waivers or State Plan Options for a significant portion of its resident population, MI/DD residents, or for residents in the assisted living portion of a combined SNF/ALF Facility, subjecting it to HCBS Settings requirements?		
7.	Is the operator, parent company, affiliates or subsidiaries the subject of an ongoing investigation or judicial or administrative action involving any Federal, State, municipal and/or other regulatory authority, which could have a detrimental impact on the operator's financial condition or may isopardize the operator's license and or its provider agreements?		
	jeopardize the operator's license and or its provider agreements?		

<>For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated.

Example: <u>Debt Service Coverage Lower than 1.45</u>: {If the debt service coverage of the loan is less than 1.45, the lender must provide sufficient justification/mitigation to support the additional risk associated with the loan. The HUD underwriter will be required to specifically approve this item and may ask for additional input and request a discussion with the lender and/or HUD headquarters.} >>

If you answer "yes" to question 3, the narrative discussion should include an analysis of the following: 1. The long-term viability of funding sources for this client group; 2. The facility's ability to maintain stabilized occupancy over the long term, and/or the ability to fill the beds occupied by residents with the special use diagnosis, should the funding source cease; this analysis should include a demonstration that a market exists for increasing reliance on a more "traditional" SNF resident; 3. The extent of the successful experience of the operator in dealing with the contemplated population; 4. How the principals of this facility address the higher risk associated with the targeted population (e.g. higher Professional Liability Insurance, etc.); 5. The facility's capacity to continue servicing the debt in the event that market/provider payment changes dictate that alternative/modified uses of the subject portion of the facility be pursued; and 6. Risk Mitigation.

If you answer "yes" to question 5, the narrative discussion should include a discussion of any of the state's efforts above that might have an impact on the subject facility and what efforts the owner and/or operator will take to respond to these impacts. Be sure to reference the state's strategy for moving the following populations: the elderly from skilled nursing facilities, individuals with intellectual or developmental disabilities (ID/DD) from ICFs, the physically disabled, non-elderly from skilled nursing facilities or the mentally ill from psychiatric facilities or other facilities, as appropriate.

If you answer "yes to question 6, the narrative discussion should include a discussion of the facility's compliance with the HCBS Settings requirements. The discussion might include the State's progress in implementing the HCBS Settings Rule, references to the Statewide Transition Plan, CMS responses to or approval of the Plan, State Regulatory language, or State Medicaid Agency input. If it appears that the facility will not, or will not be able, to comply with the Rule, the Lender should provide a Sensitivity Analysis showing the project's ability to operate without these residents.

Other Risk Factors Identified by Lender

Additionally, the lender has identified the following risk factors:

<< Provide discussion on other risk factors identified by the lender and how they are mitigated.>>

Strengths

I andar

<< Provide discussion of the strengths of the transaction.>>

Key Questions – Environmental Consultant(s)

- Does the environmental consultant(s) meet all the qualification requirements of Appendix X2 of ASTM E 1527-05?
 Does the environmental consultant(s) meet the license/certification,
- educational, and experiential requirements of Section X.2.1.1(2)(i), (ii), or (iii) of Appendix X2 of ASTM E 1527-05?
- 3. Were any Phase II investigations performed by environmental investigator(s) specifically qualified to meet the responsibilities for the issue(s) of concern?

Key Questions – Market Analyst

assignment competently?

- Yes No

 1. Does the market analyst have the knowledge and experience to complete the
- 2. Is the market analyst currently active in the market analysis of other healthcare properties?
- 3. Is the market analyst experienced in the market area that the subject property is located in or established expertise by a thorough investigation of the market?
- 4. Did the market analyst personally inspect the property, perform the market analysis, and prepare and sign the market study?

Yes

No

Ke	y Questions - Appraiser	Yes	No
1.	Is the appraiser a Certified General Appraiser under the appraiser certification requirements of the state where the subject property is located as of the effective date of the appraisal? (See note below this section.)		
2.	Does the appraiser meet the requirements of the Competency Rule described in USPAP?		
3.	Did the appraiser sign the appraisal and the required certifications?		
4.	Is the appraiser currently active in the appraisal of other healthcare properties?		
5.	Is the appraiser experienced in the market area in which the subject property is located, or establish competency as per USPAP?		
6.	Did the appraiser meeting the above qualifications, personally inspect the property being appraised?		
7.	If more than one appraiser worked on the appraisal, did they all sign the report and certifications?		
cer of t Co doi	quirements. The appraiser must be a Certified General Appraiser under the appraification requirements of the state that the subject property is located, as of the the appraisal (temporary certifications are permissible) and must meet all requimpetency Rule of the USPAP. Living Unit Description

<<Provide brief_narrative description if the units including: bathrooms, appliances, flooring, included furnishings, hook-ups, patios, etc. >>

Services

<< Provide narrative description of services to be provided. Identify which services will be included in rent and which services will be available for extra charges, as applicable.>>

Development Budget

Construction Costs

<< Discuss the estimated construction budget assumed by the developer for the initial submission.>>

Offsite and Demolition

<<Describe any offsite work to be accomplished and who will be performing the work. If the general contractor is responsible, describe the cost attributed to it and the cost reviewer's conclusions about the work and the cost. If the city will be performing the work, describe any related costs or hookup fees. Describe any demolition that may apply; discuss costs and any other requirements or issues.>>

<u>Appraisai</u>	
Date of valuation:	
Appraisal firm:	
Appraiser:	
License no./State:	

The report was prepared to comply with the reporting requirement outlined under the USPAP as a self-contained report. The report also complies with the requirements of the Code of Professional Ethics of the Appraisal Institute and the Financial Institutions Reform, Recovery and Enforcement Act of 1989 (FIRREA), Title XI Regulations

The report was prepared in accordance with the ORCF Appraisal Guidelines.

Key Questions Yes No 1. Will there be a ground lease? 2. Are any tax credits involved in this transaction? 3. Are any real estate tax abatement or exemptions included in the underwriting assumptions? 4. Are there any special escrows or reserves proposed for this transaction? 5. Does the underwriting include income from adult day care? (Note: Nonresident adult day care space may not be located on a separate site. The adult day care space will not be considered commercial space; however, the space may not exceed 20% of the gross floor area of the facility and the income may not exceed 20% of gross income. Provide a Certificate of Need or operating license, if applicable.) 6. Are there any other issues that require special or atypical underwriting considerations? 7. Does the submission date of the application (date the application enters the queue) exceed the 120-day timeframe from the effective date of the appraisal? << For each "yes" answer above, provide a narrative discussion regarding the topic. For example, Item 3, Real Estate Tax Abatement – The borrower will be receiving an abatement of real estate taxes for at least two years after opening the facility. The abatement is to be 70% of the taxes due. We have not assumed the abatement for valuation purposes. The underwriter has, however, excluded 70% of the underwritten taxes from the debt service calculation and from the initial operating deficit calculation.>> Hypothetical Conditions and Extraordinary Assumptions **Hypothetical Conditions** << Identify any conditions that are contrary to what exists but are supposed for the purpose of analysis. For example, "The appraisal assumes that the proposed construction is complete, and the property has attained the operating levels concluded by the appraiser. There are no other hypothetical conditions.">> **Extraordinary Assumptions** << Identify any assumptions specific to this assignment that if found to be false, could alter the appraiser's opinions or conclusions. For example, "The appraisal assumes the subject project meets the state licensing requirements and that the facility is constructed as planned. There are no other extraordinary assumptions.>> Jurisdictional Exceptions << These are rare and should be discussed with HUD before invoking. >>

Page **25** of **71**

<< Provide narrative discussion and support for each other income category as appropriate A few examples follow:

Additional Personal Care Fees

The project bases additional care fees on levels of care needed as determined by the initial assessment and subsequent assessments as needed. The appraiser concludes to a <u>net</u> amount of \$X annually based on his analysis of comparable data <<insert comparable data as appropriate. Identify any modification from the appraiser's concluded fees and provide justification.>>

Second Occupant Income

The appraiser has included a net annual projection of X second occupants at X per month. Competitive facilities in the market place report second occupant charges ranging between X and X with a range of X to X second occupants. Based on the market, the underwriter concurs with the appraiser's conclusion for a net annual income of X. Identify any modification from the appraiser's concluded fees and provide justification.

Miscellaneous Income <<delete paragraph if not applicable>>

In addition to room rents, additional care, and second occupant income, the project will receive miscellaneous income from <list miscellaneous>>. The appraiser has included a net annual projection of \$X. Typically, miscellaneous income is between x and x percent of effective income. The appraiser's conclusion is x. The underwriter has concluded to a net \$X per annum (calculation shown). Identify any modification from the appraiser's concluded fees and provide justification.>>

Rents

The rent schedule will be as follows:

- <<Insert a summary chart of the rent schedule here that shows rents, number of units, and room/service types.>>
- <<Discuss the subject Rent Schedule. For skilled nursing and other facilities, a daily rate may be more appropriate than a monthly conclusion. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type.>>
- <>INSTRUCTIONS: Each type of care should have its own subsection below discussing the payor source identified in the rent schedule, as demonstrated below. You may delete the sections (skilled nursing, assisted living, and independent living) that do not apply to your subject. >>

Date of Expense Information	e.g. Jul-12						

<<Provide narrative discussion of comparable information. The appraiser should trend the expense comparables to the effective date of the appraisal. An explanation of the adjustments should be included here. Explain any other adjustments made to the comparables such as for normalization of reserves, management fee, taxes, etc., required to put the comparables on the same footing as the subject. For skilled nursing and other facilities, resident days are more appropriate than occupied units. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type.>>

Net Operating Income

<<Provide narrative discussion as necessary. Summarize and compare the NOI of the appraiser and the lender's NOI that incorporates all potential changes to incomes and expenses. Typically, the lender would explain here that the appraiser's "market" NOI was used for valuation and loan sizing based on value. The lender's NOI, which may vary from the appraiser's due to the Office of Residential Care Facilities (ORCF) requirements (e.g., specific reserve requirements, tax abatements that the appraiser was not allowed to recognize, or unusual management fees) will be used for loan sizing based on Debt Service Coverage.>>

Capitalization Rate

<<The selection of the capitalization rate should be based primarily on recent sales rather than from investment models. Ideally, these rates would come from the Building Sales Comparables. However, these are often chosen by location before sale date. Recent cap rate data should be included every time, even if an additional set of cap rate comps or a survey needs to be introduced. In the table below, please add columns or duplicate the table as needed to accommodate additional comps.>>

(Double click inside the Excel Table to add information)

Ke	y Questions		

1.	Was the Phase I Environmental Site Assessment (ESA) performed in conformance with the scope and limitations of ASTM Practice E 1527-13 (or the most current version)?	Yes	No
2.	Was the Phase I consultant provided with an accurate description of all repairs, site work, construction and/or demolition to be completed?		
3.	Does the Phase I investigation include all of the following?		
	A reconnaissance of the subject site and the immediate surrounding area, a review of regulatory agency information, a survey of local geological and topographical maps, a review of aerial photographic studies, a survey of water sources, and a review of historical information.		
<<	Explain any "no" answer above. >>		
Ke	y Questions	Yes	No
1	Does the Dhase I ECA recommend a Dhase II assessment, other reports, or	165	110
1.	Does the Phase I ESA recommend a Phase II assessment, other reports, or additional testing?		
2.	Does the Phase I or Phase II assessment indicate that remediation is required or ongoing?		
3.	Does the Phase I ESA indicate that a monitoring well or testing well (operating or non-operating) is located on the site?		
4.	Does the report indicate evidence of any soil staining or distressed vegetation, unusual odors, pools of liquid, leaking containers or equipment, hazardous materials, or other unidentified substances?		
5.	Does the report indicate evidence of any chemical misuse or unlawful dumping at the site?		
6.	Does the report indicate the presence or suspected presence of any underground storage tanks or aboveground storage tanks on the site?		
7.	Does the report's review of all major governmental databases for listings of potentially hazardous sites within the ASTM required search distances from the property identify any potential contamination concerns for the property?		
8.	Do the Phase I or II reports recommend any required repairs?		
9.	Does the Vapor Encroachment Screen identify a "vapor encroachment condition" (VEC)? (The vapor encroachment screen must be performed using Tier 1 "non-invasive" screening pursuant to ASTM E 2600-10 or most recent edition.)		
	Is the Phase I site inspection date more than 180 days before the date the firm commitment application was submitted? A Phase I that was conducted more than 180 days before the application's submission, but not more than one-year before the submission, must be updated pursuant to ASTM E 1527-13 or the most recent edition. (A Phase I ESA that was originally conducted more than one year prior to the application's submission date, even if updated within 180 days of submission, is not acceptable. ORCF is not able to waive this requirement.) Does the land area in the Phase I differ from the land area in the survey and

EP	A Radon Zone:		
Ke	Questions	Yes	No
	1. Does the construction scope of work include radon resistant construction as required by Chapter 7.8?		
<<	Provide narrative discussion of radon risk applicable to the subject project.>>		
<<	nder Comments Provide a brief summary of comments made by underwriter. If none, state none her Environmental Concerns	.>>	
Ke	Questions	Yes	No
	Is the subject located within a designated coastal barrier resource area? (If no, provide evidence.)		
2.	Noise: a. Is the subject located within 5 miles of a civil airport or within 15 miles of a military airfield?		
	b. Is the project located within 1,000 feet of major highways or busy roads?c. Is the project located within 3,000 feet of a railroad?d. Is the subject's marketability impacted by noise?		
3.	Are there existing or proposed stationary tanks containing explosive or fire- prone materials on the site or nearby the site that are visible from satellite images or site reconnaissance?		

		Yes	No
4.	Are there any wetlands on or adjacent to the subject site?		
	a. If so, will the project impact or disturb wetland areas or their buffer		
	zones?		
	Is any construction or site work likely to affect any listed or proposed endangered or threatened species or critical habitats?		
6.	Is the subject located on a sole source aquifer?		
7.	Are there any known landfills within ½-mile of the site?		
8.	Is the project subject to an Activity and Use Limitation, Engineering Control, and/or Institutional Control related to an environmental concern? (If so, provide the information to the Phase I environmental consultant.)		
9.	Does the project utilize a private water supply? (If so provide evidence that the water quality meets local, state or Federal standards; for example, evidence that the water meets the EPA Primary Drinking Water Standards.)		
10.	Does the project involve a private sewage treatment system?		
	Are or will any on-site structures be located within the easement of an overhead high voltage transmission line?		
	Are or will there be any buildings located in the fall zone of a support structure for high voltage transmission lines or any other towers?		
	Is or will any structure be located within 10 feet of an easement for a high- pressure gas or liquid petroleum transportation pipeline?		
14.	Is or will a residential structure be located within 300 feet of an operating or abandoned oil or gas well? (If so, refer to Handbook 4232.1, Section II, Production, 7.5.K.3.)		
15.	Does the project site include a structure that was built before 1978? (If no, move on to question 16)		
	a. Was a comprehensive asbestos survey performed by a qualified asbestos inspector pursuant to the "baseline survey" requirements of ASTM E 2356-10 (or most recent edition) NOT provided? (Required for all buildings constructed before 1978. If provided, check "No.")		
	b. Did the asbestos survey identify any friable and/or damaged asbestos?		
	c. Does the project involve asbestos removal? (Asbestos removal may involve additional risk, and may have a direct impact on residents and workers and ongoing facility operations. An operating deficit, for example, may need to be required if removal is to occur after endorsement.)		
16.	Does the proposal include demolition of a structure that was built before		
	1978? (If no, move on to question 17)		
	a. Was a comprehensive asbestos survey performed by a qualified inspector pursuant to the "pre-construction survey" requirements of ASTM E 2356-10 (or most recent edition) NOT provided?		
17.	Other than the aforementioned, are there any other environmental issues		
	•		

		Yes	No
	identified by the Phase I or II reports or lender's due diligence?		
18	. Was a floodplain map with the subject site clearly marked on it NOT		
	provided?		
19	. Was a preliminary or pending flood map of the project's location available		
	on the FEMA website? If so, provide a copy of this map with the subject site marked on it.		
20	. Was a wetland map with the subject site clearly marked on it NOT		
	provided?

Financial Stat	rements		
The application in	cludes the following financial statements for the Parent of the Op	perator:	
Year to date:	< <dates and="" end="" for="" of="" period="" start="">></dates>		
Fiscal year ending:	< <date end="" of="" period="" –="">></date>		
Fiscal year ending:	< <date end="" of="" period="" –="">></date>		
Fiscal year ending:	< <date end="" of="" period="" –="">></date>		

Key	Que	estion	ıS

		Yes	No
1.	Are less than 3-years of historical financial data available for the parent of operator?		
2.	Are the financial statements missing any required information or schedules?		
3.	Do the Aging of Accounts Payable schedules show any material accounts payables (amount in excess of 5% effective gross income) over 90 days?		
4.	Did your review and analysis of the financial statements indicate any other material concerns or weaknesses that need to be addressed?		

<< If you answer "yes" to any of the above questions, please identify each risk factor and how it is mitigated below. The Accounts Payable and Accounts Receivable analysis provides information regarding an entities collection and payment practices, policies, and potential risk to the subject. Discuss your analysis of these issues and how the lender determined they are an acceptable risk. >>

General Review

<< Provide narrative and analysis of financial statements as appropriate. In addition to the Key</p> Questions above, working capital should be discussed along with the general financial stability and strength of the entity.>>

Net Income Analysis

Net Income* In total \$

III total ¢					
20XX 20XX		20XX	YTD

Mana	agement Agreement		
Date o	f agreement:		
Agree	ment expires:		
Manag	gement fee:		

Ke	y Questions		
		Yes	No
1.	Does the agreement fail to sufficiently describe the services the agent is responsible for performing and for which the agent will be paid management fees?		
2.	Does the agreement fail to state that the management fees will be computed and paid according to HUD requirements?		
3.	Does the agreement fail to state that HUD may require the owner to terminate the agreement without penalty and without cause upon written request by HUD and contain a provision that gives no more than a 30-day notice of termination?		
4.	Does the agreement fail to state that HUD's rights and requirements will prevail in the event the management agreement conflicts with them?		
5.	Does the agreement fail to state that the management agent will turn over to the owner all of the project's cash trust accounts, investments, and records immediately, but in no event more than 30 days after the date the management agreement is terminated?		
6.	Does the agreement exempt the agent from gross negligence and or willful misconduct?		
7.	Is the Form HUD-9839-ORCF inconsistent with the Management Agreement?		

<< For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated. >>

Management Certification

<<Provide narrative review. For example: "The form HUD-9839-ORCF, Management Agent Certification, provided in the application package indicates a management fee of XX percent of the residential, commercial and miscellaneous income collected, which is in line with industry standards for projects of this size. The term of the agreement is for XX-years. The stated fee and term match those stated in the management agreement. The fee calculations on page 4 are coordinated with the underwriting conclusions.">>

Conclusion

<< Provide narrative discussion of underwriter's conclusion and recommendation. For example, "The management agent has demonstrated an acceptable credit history and has the experience to continue to successfully manage this facility. The underwriter recommends this management agent for approval as an acceptable participant in this transaction.">>

Operation of the Facility

Risk Management Program

Program Guidance: See Risk Management Program grid on the Section 232 program website
for additional guidance. Note that the below tier descriptions are general descriptions and HUD
retains discretion to require additional risk management measures, as warranted, on a case by
case basis.

Risk Management Tier General Descriptions:

Tier 1 Baseline: For most assisted living and low-risk skilled nursing projects with no more than one incident of actual harm/immediate jeopardy in the past three years. In these instances, the risk management program may be administered internally or by a third party provided the party administering the program is qualified.

Tier 2 Elevated Risk: Higher risk projects with two more incidents of actual harm/immediate jeopardy within the past three years. In these instances, the risk management program should be administered by a third party.

1	(Noto	hoth	Tior	and	Intornal	/External)	
J	more	DOLLI	1161	anu	millerman	Laternari	ï

Tier 1 Baseline	Internally Administered Risk Management Program
Tier 2 Elevated Risk	External 3 rd Party Administered Risk Management Program

Describe the Risk Management Program and how it meets the following requirements

- 1. Real-time incident reporting and tracking that informs senior management:
- 2. Experience of Staff:
- 3. Training:
- 4. Continuous Improvement:

<<If a third party is involved, describe the contractual arrangement, what company has been contracted, what the contract provides for, when the contract was entered into, when it expires, what results have been seen thus far if the contract has been in place, etc..>>

Staffing

<< Provide narrative description of review. For example, "The appraiser and underwriter have reviewed the proposed staffing to be charged to the facility and found it to be acceptable and within reason.">>

Operating Lease

Program Guidance: Handbook 4232.1, Section II Production, Chapter 8.6, Operating Lease Requirements					
Da	ite of agreement:

	For each "yes" answer above, provied how it will be mitigated.>>	de a narrative discussion on the to	pic describ	oing the risk	

Lease Payment Analysis

The lease payments must be sufficient to (1) enable the borrower to meet debt service and impound requirements and (2) enable the operator to properly maintain the project and cover operating expenses. The minimum annual lease payment must be at least 1.05 times the sum of the annual principal, interest, mortgage insurance premium, reserve for replacement deposit, property insurance and property taxes.

The underwriter has prepared an analysis demonstrating the minimum annual lease payment.

a.	Annual principal and interest	\$
b.	Annual mortgage insurance premium	
c.	Annual replacement reserves	
d.	Annual property insurance	
e.	Annual real estate taxes	

f.	Total debt service and impounds	\$
h	Minimum annual lease payment	\$

<<Compare the minimum annual lease payment to the current lease payment. If the lease payment needs to increase, add the following language: "The lease payment must be increased to \$XX per year (\$XX per month). The underwriter has included a special condition to the firm commitment requiring the lease payment be revised to meet or exceed this minimum." If the lease payment does not need to increase, add the following language: "The current lease payment is sufficient. The recommended annual lease payment also provides the operator with an acceptable profit margin.">>>

Responsibilities

<< Provide a description of the responsibilities of the lessor and lessee under the terms of the lease with regard to the following: payment of real estate taxes, maintenance of building, capital improvements, replacement of equipment, property insurance, etc.>>

Master Lease

Program Guidance: Handbook 4232.1, Section II Production, Chapter 13. It is the lender's responsibility to read the handbook chapter and provide HUD with a full set of documents for review of the proposed master lease or alternative master lease structure.

Ke	ey Questions		
		Yes	No
1.	Are three or more projects (or two projects with an aggregate total mortgage loan amount greater than \$15 million) being submitted to HUD that are under common control or have the same ownership?		
2.	Have projects under common control or with the same ownership applied for mortgage insurance or a TPA within the <i>past</i> 18-months OR will projects under common control or with the same ownership apply for mortgage insurance or a TPA within the <i>next</i> 18 months?		
3.	Is the parent of the operator the same for all of these projects?		
If	you answered "yes' to all three questions, a master lease or master lease alternat	ive is rec	quired
		Yes	No
1.	Is a new master lease proposed for the subject project?		
2.	Will the subject project be joined to an existing HUD master lease?		
3.	Do the borrower principals currently participate in any other HUD master		
	leases?		
4.	Does the parent of the operator currently participate in any other HUD		
	master leases?		

<< Provide a narrative describing the terms and conditions of the master lease proposed payments to and from the master tenant, lease agreements between borrower, master tenant and subtenants, the flow of funds from the subtenants to the master tenant and the borrower (including the AR lender if applicable), and any waivers or requests for modification to standard requirements.</p>

If the subject is being joined to an existing master lease, list projects/project numbers already included in the master lease.

Describe any other HUD master leases the principals of the borrower or parent of the operator are party to, list projects/project numbers, and indicate the HUD lender who is party to the lease(s).>>

Accounts Receivable (A/R) Financing

Program Guidance: For New Construction projects that will have a new AR Financing Line put into place prior to occupancy, and the specific AR Financing Terms have not yet been determined, documents may be submitted to HUD for review no later than 70% construction completion. The Firm Commitment should include a special condition requiring that AR financing documents be submitted to HUD prior to 70% construction completion.

		y es	NO
	ne subject will have an AR line; however, the AR documents are not yet ailable and will be submitted prior to 70% construction completion.		
(If	yes, skip to the next section. If no, complete the rest of this section).		
ΑI	R lender:		
ΑI	R borrower:		
M	aximum loan amount:		
Cι	ırrent balance:		
Cι	irrent maturity date:		
K	ey Questions		
		Yes	No
1.	Does the AR loan require any guarantees from the borrower, operator, parent of the operator, or any of those entities' principals?		
2.	Are the guarantors guaranteeing performance on any other AR loans?		
3.	Does the AR loan involve multiple facilities or borrowers?		
	a. Does the AR loan involve any non-HUD-insured properties?		
	b. DIs the subject being added to an existing HUD-Insured AR line that has already been reviewed/approved by HUD?		
4.	Is there an identity of interest between the AR lender and the AR borrower?		

		Yes	No
5.	Is there a conflict of interest between the AR lender and the borrower or its principals (as defined in Handbook 4232.1, 15.4.E or its successors)?		
6.	Does the maximum AR loan amount exceed 85% of the Medicaid, Medicare, and other governmental accounts receivable less than 121 days old?		
7.	Of the total Medicaid, Medicare and other governmental accounts receivable less than 121 days old, are more than 30% over 90 days old?		
8.	Does the AR lender have less than 3 years of experience providing AR financing?		
9.	Does the AR lender monitor the borrowing base on a daily/weekly/monthly basis?		
10.	Are the borrower or operator out of compliance with any business agreements or loan covenants (i.e., in default on those agreements, not current on financial submissions, etc.)?		
	Is the AR loan being syndicated or participated? Does the Intercreditor Agreement (ICA) propose additional obligations havened these allowed as the types of AR Loan Obligations that may be		
	beyond those allowed as the types of AR Loan Obligations that may be secured by project collateral? Does the ICA propose loan extensions or interest rate changes?		
	Does the ICA include any cross-default or cross-collateralization provisions? Does the ICA identify a flow of funds inconsistent with the cash flow chart?		
pro the HU	For each "yes" answer above, provide a narrative discussion regarding the top ojects being added to an existing HUD-Insured AR line, provide specific informo AR line was originated (date), when documents were reviewed/approved by HU ID OGC field office performed he review, and provide a listing of projects partice (project name, FHA#) >>	ation on w JD, which	1
Te	rms and Conditions		
1.	Describe the borrowing base formula (e.g., XX% of the AR borrowers account to 120 days):	s receivab	ole up
2.	Describe term and renewal options:		
3.	Describe the rate applied to the used and unused portion of the AR loan:		
4.	Other fees (i.e., financing fees, late payment fees, etc.):		

Mechanisms for operator receipts, disbursements and control of operator funds:

<<Describe the flow of all funds, into and out of accounts. Describe how deposit accounts are controlled (e.g., number of controlled accounts, hard or springing lockbox, daily sweeps, etc.). Attach cash flow chart.>>

Collateral/Security

<Provide narrative description of the AR lender's collateral/security. Explain any unsecured AR financing.>>

Permitted Uses and Payment Priorities

<< Provide descriptions of the permitted uses of the AR loan funds in order of priority. For example: (1) debt service incurred in connection with the AR loan; (2) operating costs; and (3) distributions to the operator's shareholders.>>

Financial Analysis

Historical AR Loan Costs

<<If there is an existing AR loan that is not yet approved by HUD, provide a financial analysis that explains how the cost of the AR loan has been factored into the NOI calculation. Complete the Historical AR Loan Costs table.>>

Historical AR Loan Costs

(Double click inside the Excel Table to add information)

20XX	20XX	20XX	YTD specify months	20XX-20XX Average	UW

Proposed AR Loan Costs

<<If the AR borrower is obtaining AR financing for the first time, provide a financial analysis that demonstrates that the AR borrower has sufficient financial capacity to pay all projected operating expenses, AR financing costs and loan payments, and all rent or debt service payments. The analysis must assume the maximum AR loan amount to stress test the AR financing based on the lesser of the operator's 12-month trailing operating statements or the underwritten NOI. Calculate the impact on the borrower's debt coverage after payment of the AR loan expenses and payments.>>

Assuming the \$ maximum AR loan limit, an annual interest rate of %, and that the entire amount is outstanding for the year, the maximum annual interest expense would be \$. In addition to the interest, the other associated fees are the fees << list types of fees>>, that total \$ per year for the same assumed balance. An analysis of the operator's 12 month trailing financial statement (Month 20XX – Month 20XX) is below:

12-Month Trailing Operating History						
Operating revenue	\$					
Less: Operating expenses						
Net operating income (NOI)	\$					
Annual P&I + MIP	\$					
AR fee: Interest						
AR fee: Other						
Total annual mortgage & AR debt service	\$					
DSCR including AR						

The underwriting assumed an NOI of \$. The 12-month trailing NOI is \$. The annual debt service including the MIP amount is \$ per year. Adding the AR fees equates to a total mortgage and AR debt service expense of \$ per year. This equates to prospective debt service coverage.

<< If multiple HUD-insured facilities have access to the AR loan, repeat the analysis above with the consolidated revenues and expenses for all those facilities.>>

Page **67** of **71**

Recommendation

<< The lender recommends approval of the AR loan.>>

Tax Credits

Program Guidance: If the proposed documents do not currently comply with the requirements, outline the differences, what changes are required, and how they are justified. Note that proposed changes to OMB form documents must go through the ORCF document change protocol. Also, documents previously negotiated Multifamily documents are not automatically approved for use in Section 232 transactions, and must receive specific ORCF approval for use.

Will th	ne subject have tax credits? (If no, skip this section)	Yes	No
Key Q	Questions	3 7	NT-
1.	Do the tax credits require the project to comply with an affordability restriction?	Yes	No
	Does the lender have any concerns with the experience or financial strength of the proposed tax credit syndicator?		
3.	Will there be an equity bridge loan?a. If there will be an equity bridge loan, will it be retired after final closing?		
4.	Do the tax credit documents conflict with ORCF requirements in any way?		
5.	Does the proposed funding schedule depart from the guidelines set out in the handbook?		
6.	Does the funding schedule propose that any borrower funds required for completion of the project be escrowed after initial closing?		
7.	Does the funding schedule propose that any borrower funds escrowed for completion of the project be disbursed after mortgage proceeds are disbursed?		
8.	Does the funding schedule propose that equity be contributed to construction draws according to any method other than a pro rata share?		
9.	Will there be a lack of funds needed to meet the borrower's cash contribution be in the transaction, and any equity bridge loan NOT be retired by final closing?		
< <for< td=""><td>each "yes" answer above, provide a narrative discussion regarding the topic</td><td>z.>></td><td></td></for<>	each "yes" answer above, provide a narrative discussion regarding the topic	z.>>	

Mortgage Loan Determinants

Overview

The mortgage criteria shown on the form HUD-92264a-ORCF are summarized as follows:

Requested amount:	\$
Amount based on replacement cost:	\$
Amount based on loan to value:	\$
Amount based on debt service coverage:	\$
Amount based on total indebtedness:	\$
Amount based on deduction of loans, grant(s), loan(s), LIHTCs, and gift(s) for mortgageable items:	\$

Criterion C: Amount Based on Replacement Cost

The amount based on replacement cost limit is \$. This is based on 90% of the replacement cost of the improvements of \$.

Criterion D: Amount Based on Loan-to-Value

The \$ value of improvement limit was calculated in accordance with HUD guidelines. This is based on a value of \$.

Criterion E: Amount Based on Debt Service Coverage

The \$ debt service limit was calculated using the underwritten NOI of \$

Criterion L: Deduction of Grants, Loans, and Gifts

The limit was calculated in accordance with HUD guidelines as follows:

a.	Amount based on estimated cost of rehabilitation	\$
b.	 (1) Grants/loans/gifts (2) Tax credits (3) Value of leased fee (4) Excess unusual land improvement cost (5) Unpaid balance of special assessment (6) Sum of lines (1) through (5) 	
c.	Line a minus line b (6)	\$

The secondary sources are discussed in detail below in the Sources & Uses section of the narrative.

Sources & Uses - Copied from HUD 92264a-ORCF

Program Guidance: In the case of tax credit transactions, the individual sources must be spelled out, as well as any non-mortgageable costs. Details regarding the requirements of those sources and uses should be discussed in the tax credit section, or under Secondary Sources, as applicable.

<<Provide a statement of Sources and Uses of actual estimated cost at closing. Include all eligible and ineligible costs.>>

Secondary Sources

<< List and discuss all secondary sources, including terms and conditions of each. Secondary sources include surplus cash notes, grants/loans, tax credits, and the like.>>

Source	Entity	Public or	% of	% FMV	Non-
	Receiving	Private	Equity		mortgageable
	Funds		Coverage		costs?

Other Uses

<<Discuss any uses not previously discussed in this narrative.>>

Circumstances that May Require Additional Information

In addition to the information required in this narrative, depending upon the facility for which mortgage insurance is to be provided, the mortgagor, operator, management agent and such other parties involved in the operation of the facility, current economic conditions, or other factors or conditions as identified by HUD, HUD may require additional information from the lender to accurately determine the strengths and weaknesses of the transaction. If additional information is required, the questions will be included in an appendix that accompanies the narrative.

Special Commitment Conditions

< <list any="" conditions.<="" recommended="" special="" th=""><th>If none, state</th><th>"None.">></th></list>	If none, state	"None.">>
1.		
2		

Conclusion

<< Provide narrative conclusion and recommendation.>>

Signatures

Lender hereby certifies that the statements and representations of fact contained in this instrument and all documents submitted and executed by lender in connection with this transaction are, to the best of lender's knowledge, true, accurate, and complete. This instrument has been made, presented, and delivered for the purpose of influencing an official action of HUD in insuring the loan and may be relied upon by HUD as a true statement of the facts contained therein.
