### Lender Narrative – Substantial Rehabilitation

Section 232 – 2 Stage, Initial Firm Submission

# U.S. Department of Housing and Urban Development

Office of Residential Care Facilities

OMB Approval No. 2502-0605 (exp. 03/31/2018)

**Public reporting** burden for this collection of information is estimated to average 70 hours. This includes the time for collecting, reviewing, and reporting the data. The information is being collected to obtain the supportive documentation which must be submitted to HUD for approval, and is necessary to ensure that viable projects are developed and maintained. The Department will use this information to determine if properties meet HUD requirements with respect to development, operation and/or asset management, as well as ensuring the continued marketability of the properties. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number.

**Warning:** Any person who knowingly presents a false, fictitious, or fraudulent statement or claim in a matter within the jurisdiction of the U.S. Department of Housing and Urban Development is subject to criminal penalties, civil liability, and administrative sanctions.

**Privacy Act Notice:** The Department of Housing and Urban Development, Federal Housing Administration, is authorized to collect the information requested in this form by virtue of: The National Housing Act, 12 USC 1701 et seq. and the regulations at 24 CFR 5.212 and 24 CFR 200.6; and the Housing and Community Development Act of 1987, 42 USC 3543(a). The information requested is mandatory to receive the mortgage insurance benefits to be derived from the National Housing Act Section 232 Healthcare Facility Insurance Program. No confidentiality is assured.

#### **INSTRUCTIONS:**

The narrative is a document critical to the Lean Underwriting process. Each section of the narrative and all questions need to be completed and answered. If the lender's underwriter disagrees and modifies any third-party report conclusions, provide sufficient detail to justify the changes must be provided. This narrative is to identify the strengths and weaknesses of the transactions and demonstrate how the weaknesses are mitigated by the underwriting.

- Charts: The charts contained in this document have been created with versatility in mind; however, they will not be able to accommodate all situations. For this reason, you are allowed to alter the charts as the situation demands. Be sure to state how you have altered the charts along with your justification. Include all the information the form calls for. Charts that include blue text indicate names that should be modified by the lender as the situation dictates.
- **Applicability:** If a section is not applicable, state so in that section and provide a reason. Do not delete a section heading that is not applicable. The narrative will be checked to make certain all sections are provided. If a major section is not applicable, add "– Not Applicable" to the heading and provide the reason. For instance:

# Parent of the Operator – Not Applicable

This section is not applicable because there is no operator.

The rest of the subsections under the inapplicable section can then be deleted. This instruction page may also be deleted.

• **Format:** In addition to submitting the PDF version of the Lender Narrative to HUD, please also submit an electronic Word version.

• **Historical Information:** Substantial rehabilitation can encompass a wide range of renovations—from "gut" rehabilitations that replace or newly construct nearly everything, to replacements and renovations that barely exceed the substantial rehabilitation threshold. Because of these types of variables, historical financial data on the previous operations may not be available or applicable. In those instances where historical information is not applicable, the underwriter should follow the above instructions for inapplicable sections and provide the reason. Acceptable reasons for not providing historical data include: the lack of data due to a sale or previous use or a significant change in use. Be cautioned that changes in census mix without a change in the type of license will likely not warrant elimination of the historical data as an underwriting tool.

Instead of pasting large portions of text from third-party reports into the narrative, it is preferred that the lender simply reference the page number and the report. The focus of this document is for lender conclusions, analyses, and summaries.

Italicized text found between these characters << EXAMPLE>> is instructional in nature, and may be deleted from the lender's final version. Please use the gray shaded areas (e.g., ) for your response. Double click on a check box and then change the default value to mark selection (e.g.,  $\boxtimes$ ).

# **Program Eligibility**

# Substantial Rehabilitation

Th	is project qualifies for substantial rehabilitation because:		
	The hard costs of rehabilitation/construction \$< <amount>&gt;, represents value as rehabilitated, which exceeds 15% of the project's value after com the hard costs of an addition to the building are included in this calculation.</amount>	pletion.	of the (Note:
	The scope of rehabilitation includes substantial replacement of two or more components, including: << list all applicable components here>>.	e major	building
Ke	y Questions	Yes	No
1.	Will the facility charge "founder's fees," "life care fees," or other similar charges associated with "buy-in" facilities?		
2.	Has the facility, borrower, operator, or any of their affiliates renamed or reformulated companies, or filed for or emerged from bankruptcy within the last 5 years?		
3.	Will less than continuous protective oversight be provided at the facility?		
4.	Are there any "minimum assistance" requirements necessary to qualify under the Section 232 mortgage insurance program that the facility does not plan to offer?		
5.	If an ALF, are there residents who will not meet the statutory definition of frail elderly (at least age 62 and in need of assistance with at least three (3) Activities of Daily Living)?		
6.	Will the facility require more than four residents share a full bathroom (see 24 CFR 232.3)? (Not applicable for SNFs.)		
7.	Are any residents required to access a qualifying bathroom by moving through a public corridor or area (see 24 CFR 232.3)? (Not applicable for SNFs.)		
8.	Are there floodways or coastal high hazard areas located onsite*?		
	Is the project a hospital, clinic, diagnostic center, group practice facility, halfway house, or other type of facility that does not meet 232 program intent?		
10.	Has construction or site work commenced without prior HUD approval?		
11.	Is the project designated by the Centers for Medicare and Medicaid Services (CMS) as a Special Focus Facility or similar future designation?		
12.	Is the project a long-term acute care facility?		
13.	Does the owner or operator/management agent lack the relevant experience (with similar type of facility, regulatory environment, payor		

Yes No

mix, etc.) to lease-up and operate the subject project?

<< If you answered "yes" to any of the questions above, this facility is <u>not eligible</u> under this program. >>

\*Exception: The floodway and coastal high hazard area prohibitions do not apply if only an incidental portion of the project is in the 100-year floodplain, or for critical actions, the 500-year floodplain, and certain conditions are met in accordance with 24 CFR 55.12(c)(7).

	entities-of-Interest		
Pro	ogram Guidance: Handbook 4232.1, Section I, Chapter 1.6		
Ke	y Questions	***	<b>N</b> T
1.	Have you, as the lender, identified any identities of interest on your certification?	Yes	No
2.	Does the borrower's certification indicate any identities of interest?		
3.	Do any of the certifications provided by principals of the borrower identify any identities of interest?		
4.	Does the operator's certification (if applicable) indicate any identities of		

		Yes	No
	interest?		
5.	Does the management agent's certification (if applicable) indicate any identities of interest? $\hfill N/A$		
6.	Does the general contractor's certification indicate any identities of interest?		
7.	Does the HUD Addendum to the AIA Agreement of the Design Architect identify any identities of interest?		
8.	Does the lender know, or have any reason to believe, that any of the assertions in the other Consolidated Certifications submitted herewith, are inaccurate or incomplete?		
арі оре	For each "yes" answer above, provide a narrative discussion regarding the toolicable, describe the risk and how it will be mitigated. For example: The borrerator are related parties – John Doe has ownership in both entities. No othererest are disclosed.>>	ower and	
Ri	<u>isk Factors</u>		
Ke	y Questions	Yes	No
1.	If the project is proposing new construction of assisted living units, is the proposed mortgage higher than the maximum loan-to-value (LTV)?		
2.	Is the debt service coverage of the loan less than 1.45?		
3.	Is this a "special use facility"—one that serves a "niche" type of market (e.g., psychiatric facilities; drug, alcohol, or eating disorder recovery facilities; hospice facilities; or short-term rehabilitation facilities?		
4.	Is this an Intermediate Care Facility (ICF), Institution for Mental Diseases (IMD), or any other type of facility that caters to a significant population with mental illness (MI), developmental disabilities (DD) or individuals		
	with intellectual disabilities (IID)?		
5.	Is the project in a state with an Olmstead Plan, pending Olmstead cases, Olmstead settlement agreements, or is the project's state active in initiatives to "right-size" nursing facilities or otherwise working to "rebalance" long-term supports and services toward home and community-based settings?		
6.	Does the project rely on Medicaid Waivers or State Plan Options for a significant portion of its resident population, MI/DD residents, or for residents in the assisted living portion of a combined SNF/ALF Facility, subjecting it to HCBS Settings requirements?		
7.	Is the operator, parent company, affiliates or subsidiaries the subject of an ongoing investigation or judicial or administrative action involving any Federal, State, municipal and/or other regulatory authority, which could have a detrimental impact on the operator's financial condition or may		

jeopardize the operator's license and or its provider agreements?

<< For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated.

If you answer "yes" to question 3, the narrative discussion should include an analysis of the following: 1. The long-term viability of funding sources for this client group; 2. The facility's ability to maintain stabilized occupancy over the long term, and/or the ability to fill the beds occupied by residents with the special use diagnosis, should the funding source cease; this analysis should include a demonstration that a market exists for increasing reliance on a more "traditional" SNF resident; 3. The extent of the successful experience of the operator in dealing with the contemplated population; 4. How the principals of this facility address the higher risk associated with the targeted population (e.g. higher Professional Liability Insurance, etc.); 5. The facility's capacity to continue servicing the debt in the event that market/provider payment changes dictate that alternative/modified uses of the subject portion of the facility be pursued; and 6. Risk Mitigation.

If you answer "yes" to question 5, the narrative discussion should include a discussion of any of the state's efforts above that might have an impact on the subject facility and what efforts the owner and/or operator will take to respond to these impacts. Be sure to reference the state's strategy for moving the following populations: the elderly from skilled nursing facilities, individuals with intellectual or developmental disabilities (ID/DD) from ICFs, the physically disabled, non-elderly from skilled nursing facilities or the mentally ill from psychiatric facilities or other facilities, as appropriate.

If you answer "yes to question 6, the narrative discussion should include a discussion of the facility's compliance with the HCBS Settings requirements. The discussion might include the State's progress in implementing the HCBS Settings Rule references to the Statewide Transition Plan, CMS responses to or approval of the Plan, State Regulatory language, or State Medicaid Agency input. If it appears that the facility will not, or will not be able, to comply with the Rule, the Lender should provide a Sensitivity Analysis showing the project's ability to operate without these residents.

#### **Other Risk Factors Identified by Lender**

Additionally, the lender has identified the following risk factors:

<< Provide discussion on other risk factors identified by the lender and how they are mitigated.>>

# **Strengths**

<< Provide discussion of the strengths of the transaction.>>

# **Third Party Reviewers**

# **Key Questions – Environmental Consultant(s)**

		Yes	No
1.	Does the environmental consultant(s) meet all the qualification requirements of Appendix X2 of ASTM E 1527-05?		
2.	Does the environmental consultant(s) meet the license/certification, educational, and experiential requirements of Section X.2.1.1(2)(i), (ii), or (iii) of Appendix X2 of ASTM E 1527-05?		
3.	Were any Phase II investigations performed by environmental investigator(s) specifically qualified to meet the responsibilities for the issue(s) of concern?		
Ke	ey Questions – Market Analyst		
		Yes	No
1.	Does the market analyst have the knowledge and experience to complete the assignment competently?		
2.	Is the market analyst currently active in the market analysis of other healthcare properties?		
3.	Is the market analyst experienced in the market area that the subject property is located in or established expertise by a thorough investigation of the market?		
4.	Did the market analyst personally inspect the property, perform the market analysis, and prepare and sign the market study?		
Ke	ey Questions - Appraiser		
		Yes	No
1.	Is the appraiser a Certified General Appraiser under the appraiser certification requirements of the state where the subject property is located as of the effective date of the appraisal? (See note below this section.)		
2.	Does the appraiser meet the requirements of the Competency Rule described in USPAP?		
3.	Did the appraiser sign the appraisal and the required certifications?		
	Does the appraiser have experience appraising a minimum of five similarly licensed healthcare facilities?		
5.	Is the appraiser currently active in the appraisal of other healthcare properties?		
6.	Is the appraiser experienced in the market area in which the subject property is located, or establish competency as per USPAP?		
7.	Did the appraiser meeting the above qualifications, personally inspect the property being appraised?		
8.	If more than one appraiser worked on the appraisal, did they all sign the report and certifications?		

NOTE: Any "no" answers should be thoroughly explained and justified. The appraiser <u>must</u> be a Certified General Appraiser under the appraiser certification requirements of the state that the subject property is located, as of the effective date of the appraisal (temporary certifications are permissible) and must meet all requirements of the Competency Rule of the USPAP. Lender verification of an appraiser's current standing can be done at <a href="http://www.asc.gov">http://www.asc.gov</a>.

# **Project Description**

## Location/Proximity to Hospitals and Services

<< Brief narrative description about nearby hospitals and services. >>

#### Site

<< Brief narrative description about site to include location, topography, size, frontage, access, etc. >>

## Neighborhood

<< Brief narrative description about neighborhood area to include major cross streets and access routes; distance to services, hospitals, etc.; adjacent property uses; predominant character or neighborhood; etc.>>

# Zoning

= -0		Legal Conforming		Legal Non-Conforming	Ot	her
------	--	------------------	--	----------------------	----	-----

<<Provide narrative description: identify local jurisdiction; zoning designation; results of Zoning Letter provided in application submission; and discuss any variances, conditional uses, non-conformance or other pertinent issues affecting zoning.>>

#### **Utilities**

<< Provide narrative description: identify utilities in use at the site. Discuss any limitations in service and any other issues that would affect the operation of the facility. Also, clearly identify the utilities to be paid by the residents.>>

# Improvement Description

# **Building Description**

<<Provide narrative description to include "as-is" and "as-rehabilitated": number of
proposed buildings; construction types; floor area; describe common areas; etc. >>

### Landscaping

<< Provide narrative description about the "as-is" and "as-rehabilitated" landscaping.>>

### **Parking**

<< Provide narrative description about the "as-is" and "as-rehabilitated" parking including the number of spaces, compliance with accessibility, adequacy of the parking, and any parking easements. Also, discuss any zoning or marketability issues.>>

#### **Unit Mix & Features**

<<Complete "as-is" and "as-rehabilitated" tables or provide equivalent detail.>>

**As-is Unit Mix** (Double click inside the Excel Table to add information)

#### **Living Unit Description**

<< Provide <u>brief</u> narrative description of the "as-is" and "as-rehabilitate" units including: bathrooms, appliances, flooring, included furnishings, hook-ups, patios, etc. >>

#### Services

<< Provide narrative description of "as-is" and "as-rehabilitated" services to be provided. Identify which services will be included in rent and which services will be available for extra charges, as applicable.>>

# Obsolescence/Depreciation and Remaining Economic Life

<< There are three categories that need to be addressed. Each should be discussed before and after the rehabilitation. >>

#### **Functional Obsolescence**

<>How the physical plant compares to an optimally configured project and how does that impact income potential? (Discuss for example, 3 and/or 4 bed wards, unusual design issues, etc.)>>

#### **External Obsolescence**

<< How do the market, economic environment, and location impact the income potential of the project? >>

#### **Remaining Economic Life**

<< The appraiser has estimated the economic life of the property at XX years. The appraiser has estimated the effective age of the property at XX years. Therefore, the remaining economic life is XX years. Explain the basis for this estimate. Discuss any physical depreciation associated with any improvements that are not new construction. >>

# **Scope of Rehabilitation**

<< Provide narrative description of the planned rehabilitation. The description should be sufficiently detailed to provide the HUD underwriter and review appraiser a reasonable understanding of the work involved to assess the impact on underwriting and value concerns.>>

# **Development Budget**

#### **Construction Costs**

<< Discuss the estimated construction budget assumed by the developer for the initial submission.>>

#### Offsite and Demolition

<<Describe any offsite work to be accomplished and who will be performing the work. If the general contractor is responsible, describe the cost attributed to it and the cost reviewer's conclusions about the work and the cost. If the city will be performing the work, describe any related costs or hookup fees. Describe any demolition that may apply; discuss costs and any other requirements or issues.>>

Does the submission date of the application (date the application enters the queue) exceed the 120-day timeframe from the effective date of the

<<For each "yes" answer above, provide a narrative discussion regarding the topic. For example, Item 3, Real Estate Tax Abatement – The borrower will be receiving an abatement of real estate taxes for at least two years after opening the facility. The abatement is to be 70% of the taxes due. We have not assumed the abatement for valuation purposes. The underwriter has, however, excluded 70% of the underwritten taxes from the debt service calculation and from the initial operating deficit calculation.>>

# Hypothetical Conditions and Extraordinary Assumptions

#### **Hypothetical Conditions**

<<Identify any conditions that are contrary to what exists but are supposed for the purpose of analysis. For example, "The appraisal assumes that the proposed construction is complete, and the property has attained the operating levels concluded by the appraiser. There are no other hypothetical conditions.">>>

#### **Extraordinary Assumptions**

<<Identify any assumptions specific to this assignment that if found to be false, could alter the appraiser's opinions or conclusions. For example, "The appraisal assumes the subject project meets the state licensing requirements and that the facility is constructed as planned. There are no other extraordinary assumptions.>>

#### **Jurisdictional Exceptions**

<< These are rare and should be discussed with HUD before invoking. >>

# **Market Analysis**

< <the an="" and="" appear<br="" appraisal="" be="" integral="" market="" may="" need="" not="" of="" part="" study="" the="">separate cover. If under separate cover, the Market Study should have the same at appraisal, so the valuation is consistent with the market conclusions.&gt;&gt;</the>		he

Demand		
<pre>&lt;<describe (i.e.,="" acuity="" age,="" and="" assisted="" care="" de="" demand="" demograph="" describe="" factors.="" income,="" independent,="" living,="" of="" population="" population.="" resident="" target="" the="" type="">&gt;</describe></pre>		tc.)

### **Competitive Environment (Supply)**

<<Describe and identify competing facilities, planned facilities, facilities under construction, and other supply factors that compete with the subject facility. Description of supply should include types of facilities, acuity, and occupancy. Discuss recent and/or historic absorption of competitive units. Discuss any perceived changes to competitive environment.>>

#### Conclusion

<< Provide conclusion of market analysis: summarize demand, market saturation, continued health of market, negative and positive factors impacting the continued demand for the subject's units/beds.>>

### Income Capitalization Approach - As-Is

#### **Financial Statements**

The appraiser and underwriter have analyzed the following historical financial statements pertaining to the operation of this facility:

<>If less than three years financial information is available for the project's operations, provide a narrative justifying why the data is not available. Even in the cases where there was an acquisition within the past 3 years, the owners will usually have been supplied with the income and expense information from the previous owner.>>

# **Market Occupancy and Census Mix History – As Is**

Effective Gross Income	\$0	0	#DIV/0!	\$0	0	#DIV/0!	\$0	0	#DIV/0!

<< In the chart above, the most recent reporting period must be presented as the 12 trailing months (T-12) of income that overlaps into the prior reporting period.

Above you are asked to report the number of resident days, not occupied units. Although Assisted Living is typically reported on an occupied unit basis, we ask that you convert to resident days. Do not enter potential gross incomes here, but rather effective gross income, wherein vacancy has already been accounted for.>>

<<Discuss any departures from historical reimbursements, mix, and trends here.>>

<< Provide narrative discussion and support for each other income category as appropriate. An equivalent analysis of the information provided above is required. Additional analysis can be provided at the lender's option to support their conclusion, as appropriate.</p>

Example: Additional Personal Care Fees: The project bases additional care fees on levels of care needed as determined by the initial assessment and subsequent assessments as needed. The appraiser concludes to a net amount of X annually. The underwriter has analyzed the history to determine the average monthly charge of X, net of vacancies. Insert historical or comparable data as appropriate.

Example: Second Occupant Income: The appraiser has included a net annual projection of X second occupants at X per month. Over the last 12 months, the facility has averaged X second occupants per month. Competitive facilities in the market place report second occupant charges ranging between X and X with a range of X to X second occupants. Based on the history and the market, the underwriter concurs with the appraiser's conclusion for a net annual income of X.

Example: <u>Other Income</u>: In addition to room rents, additional care, and second occupant income, the project receives miscellaneous income from X (list miscellaneous). The appraiser has included a net annual projection of \$X. Historically, typical miscellaneous income is between X and X percent of effective income. The appraiser's conclusion is X. The underwriter has concluded to a net X per annum (calculation shown). >>

<< <u>Instructions</u>: Each type of care should have its own subsection below discussing the payor source identified in the rent schedule, as demonstrated below. You may delete the sections (Skilled Nursing, Assisted Living, and Independent Living) that do not apply to your subject. >>

#### SKILLED NURSING - AS IS

#### **Private Pay**

In addition to an analysis of the subject's rent roll, the appraiser and underwriter analyzed the private pay rates at X comparable facilities. A summary of their analysis is provided below.

#### Expenses – As Is

The appraiser concludes to total expenses of \$ including reserve for replacement of \$ . The underwriter concludes to total expenses of \$ including reserve for replacement of \$ . An analysis of subject's history is provided below. The appraiser also compared the subject's expense conclusions to comparable projects located in .

<<Explain how the appraiser's expenses used for valuing the facility differ from the expenses used by the lender for the Debt Service Coverage analysis. Typically, these may differ in the categories of reserves, management fee, and taxes. The appraiser's numbers will represent market expenses and the lender's expenses for DSC analysis will represent what will actually be paid. >

#### **Historic Comparison**

<<The data in the following table must be in totals, not per resident day or per occupied unit.</p>
Cells with grey shading will calculate automatically. You are given some latitude in defining the expense categories. The expense categories in black text are required items. The lender must include the most current historical income and expense data available to them, and not the dated information from the appraisal.>>

#### **Expense Analysis –Subject – As Is**

A djustment amount applied for date	0.0%	0.0%	0.0%	0.0%	0.0%	

<<Provide narrative discussion of comparable information. The appraiser should trend the expense comparables to the effective date of the appraisal. An explanation of the adjustments should be included here. Explain any other adjustments made to the comparables such as for normalization of reserves, management fee, taxes, etc., required to put the comparables on the same footing as the subject. For skilled nursing and other facilities, resident days are more appropriate than occupied units. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type.>>

# Net Operating Income (NOI) – As Is

<< Provide narrative discussion as necessary. Summarize and compare the NOI of the appraiser and the lender's NOI that incorporates all potential changes to incomes and expenses. Typically, the lender would explain here that the appraiser's "market" NOI was used for valuation and loan sizing based on value. The lender's NOI, which may vary from the appraiser's due to the Office of Residential Care Facilities (ORCF) requirements (e.g., specific reserve requirements, tax abatements that the appraiser was not allowed to recognize, or</p>

unusual management fees) will be used for loan sizing based on Debt Service Coverage.>>

#### **Capitalization Rate – As Is**

<<The selection of the capitalization rate should be primarily based on recent sales rather than from investment models. Ideally, these rates would come from the Building Sales Comparables. However, these are often chosen by location before sale date. Recent cap rate data should be included every time, even if an additional set of cap rate comps or a survey needs to be introduced. In the table below, please add columns or duplicate the table as needed to accommodate additional comps.>>

(Double click inside the Excel Tables to add information)

Comparable Total/Average					#DIV/0!	#DIV/0!		

#### Price per Unit/Bed – As Is

<<Provide narrative discussion and summary of the appraisal conclusions. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate analysis for each care type. Include a general discussion of adjustments made to the sales and the comparables that best represent the subject facility. Additional analysis can be provided at the lender's option to support its conclusion, as appropriate.>>

### Effective Gross Income Multiplier (EGIM) - As Is

<< Provide narrative discussion. An equivalent analysis of the information provided above is required. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate analysis for each care type. Additional analysis can be provided at the lender's option to support its conclusion, as appropriate. >>

# **Subject Purchases**

<< Provide analysis of subject's purchase price for all sales that have occurred within the last 3 years. (The analysis should provide: date of purchase; purchase price; whether the purchase was an arms-length transaction; and the financing term. In addition, the analysis should also state whether the sale was a market price. If not, explain.)>>

# Cost Approach - As Is

# **Development Costs**

<< Provide narrative discussion. If this approach was not expanded by the appraiser, indicate so here. Instead of deleting the remainder of the subsection, provide any lender insights in each category.>>

### Depreciation

<< Provide narrative discussion of depreciation assumptions and conclusion.>>

### **Major Movable Equipment**

<< Provide narrative discussion of assumptions and conclusion. Address discrepancies between appraiser and cost analyst. Additionally, address ownership of the major movable equipment (e.g., borrower or operator). >>

### **Marketing Allowance**

<< Provide narrative discussion.>>

#### **Land Value**

<< Provide narrative discussion of assumptions and conclusion. A land valuation is no longer required if the cost approach is not utilized.>>

#### Overall Value Reconciliation - As Is

<<Provide narrative discussion of how the value approaches were reconciled to reach the final conclusions. The statement may be simple. For example: "As demonstrated in the Appraisal Overview section above, the underwritten value conclusion is based on the income approach to value." If the value conclusion is based on weighting multiple approaches provide an explanation of the rationale.>>

<sup>&</sup>lt;< Above you are asked to report the number of resident days, not occupied units. Although Assisted Living is typically reported on an occupied unit basis, we ask that you convert that number to resident days. Do not enter potential gross incomes here, but rather effective gross income, wherein vacancy has already been accounted for.>>

#### Additional Personal Care Fees

The project bases additional care fees on levels of care needed as determined by the initial assessment and subsequent assessments as needed. The appraiser concludes to a <u>net</u> amount of \$X annually based on his analysis of comparable data <<insert comparable data as appropriate. Identify any modification from the appraiser's concluded fees and provide justification.>>

<sup>&</sup>lt;< Provide narrative discussion and support for each other income category as appropriate A few examples follow:

#### **Second Occupant Income**

The appraiser has included a net annual projection of X second occupants at X per month. Competitive facilities in the market place report second occupant charges ranging between X and X with a range of X to X second occupants. Based on the market, the underwriter concurs with the appraiser's conclusion for a net annual income of X. Identify any modification from the appraiser's concluded fees and provide justification.

#### **Miscellaneous Income** <<delete paragraph if not applicable>>

In addition to room rents, additional care, and second occupant income, the project will receive miscellaneous income from <<li>list miscellaneous>>. The appraiser has included a net annual projection of \$X. Typically, miscellaneous income is between x and x percent of effective income. The appraiser's conclusion is x. The underwriter has concluded to a net \$X per annum (calculation shown). Identify any modification from the appraiser's concluded fees and provide justification.>>

#### Rents - As Rehabilitated

The rent schedule is currently as follows:

- <<Insert a summary chart of the rent schedule here that shows rents, number of units, and room/service types.>>
- <<Discuss the subject Rent Schedule. For skilled nursing and other facilities, a daily rate may be more appropriate than a monthly conclusion. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type.>>
- <>INSTRUCTIONS: Each type of care should have its own subsection below discussing the payor source identified in the rent schedule, as demonstrated below. You may delete the sections (skilled nursing, assisted living, and independent living) that do not apply to your subject. >>

#### SKILLED NURSING - AS REHABILITATED

#### **Private Pay**

In addition to an analysis of the subject's rent roll, the appraiser and underwriter analyzed the private pay rates at X comparable facilities. A summary of their analysis is provided below.

#### **Private Pay Rates Comparability Analysis**

(Double click inside the Excel Tables to add information)

<<Provide narrative discussion of comparable information. The appraiser should trend the expense comparables to the effective date of the appraisal. An explanation of the adjustments should be included here. Explain any other adjustments made to the comparables such as for normalization of reserves/management fee/taxes, etc. required to put the comparables on the same footing as the subject. For skilled nursing and other facilities, resident days are more appropriate than occupied units. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type. >>

# Net Operating Income – As Rehabilitated

<< Provide narrative discussion as necessary. Summarize and compare the NOI of the appraiser and the lender's NOI that incorporates all potential changes to incomes and expenses. Typically, the lender would explain here that the appraiser's "market" NOI was used for valuation and loan sizing based on value. The lender's NOI, which may vary from the appraiser's due to ORCF requirements (e.g., specific reserve requirements, tax abatements that</p>

the appraiser was not allowed to recognize, or unusual management fees) will be used for loan sizing based on debt service coverage. >>

### Capitalization Rate – As Rehabilitated

<<The selection of the capitalization rate should be based primarily on recent sales rather than from investment models. Ideally, these rates would come from the Building Sales Comparables. However, these are often chosen by location before sale date. Recent cap rate data should be included every time, even if an additional set of cap rate comps or a survey needs to be introduced. In the table below, please add columns or duplicate the table as needed to accommodate additional comps.>>

(Double click inside the Excel Table to add information)

Capitalization Rate Summary	City	State	Cap Rate	Type of NOI	Private Pay %	Medi- care %	Medi- caid %	Date of Sale	Year Built	Occ. %	Source of Income Data

### Price per Unit/Bed - As Rehabilitated

<<Provide narrative discussion. An equivalent analysis of the information provided above is required. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate analysis for each care type. Include a general discussion of adjustments made to the sales and which comparables best represent the subject facility. Additional analysis can be provided at the Lender's option to support its conclusion, as appropriate.>>

### Effective Gross Income Multiplier (EGIM) - As Rehabilitated

<<Provide narrative discussion. An equivalent analysis of the information provided above is required. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate analysis for each care type. Additional analysis can be provided at the lender's option to support its conclusion, as appropriate.>>

# Cost Approach - As Rehabilitated

### **Development Cost**

<< Provide narrative discussion. This section is a place for the lender to summarize the cost conclusions of the appraisal. The costs in this section will be different than those in the Cost Review Section. This section will focus on market costs, as opposed to the Cost Reviewer Section that will be geared toward HUD-specific costs, such as Davis-Bacon wages.>>

# **Depreciation**

<<With new construction this will normally be not applicable, but if the appraiser concludes there is external obsolescence, or depreciation associated with a preexisting structure, it should be discussed here.>>

# **Major Movable Equipment**

<< Provide narrative discussion of assumptions and conclusion. Address discrepancies between appraiser and cost analyst. Additionally, address ownership of the major movable equipment (e.g., borrower or operator).>>

#### **Land Value**

<< Provide narrative discussion of assumptions and conclusion. Include an analysis of the comparable data.>>

#### Reconciliation - As Is and As Rehabilitated

(Double click inside the Excel Table to add information)

Approach	Appraisal - As	Underwriter - As	Appraisal - As Is	Underwriter - As Is
	Proposed	Proposed		
In come Capitalization				
Sales Comparison				
Cost Approach (if utilized)				
Conclusion:				

<<Provide narrative discussion of how the value approaches were reconciled to reach the final conclusions. The statement may be simple. For example, "As demonstrated in the Appraisal Overview section above, the underwritten value conclusion is based on the income approach to value." If the value conclusion is based on weighting multiple approaches provide an explanation of the rationale.>>

# Lender Modifications - As Proposed

<<State if the lender concurs, or not, with the appraiser's value conclusion. When there is a disagreement, summarize the valuation modifications made by lender underwriter. Insert a pro forma to highlight the differences in conclusions as needed. View the appraisal as a tool to do your underwriting and loan sizing correctly. Lenders should not use a value they disagree with and are allowed to use a lower value/NOI for loan sizing purposes. If lenders feel they are prohibited from doing this, they should cite the FIRREA rule at issue in the narrative.>>

# **Initial Operating Deficit**

Note that existing operations may be considered in the prelease.

7.	Are there any other matters requiring special consideration, agreements, or conditions that require HUD's attention?		
8.	Are there any easements, rights-of-way, encroachments, etc., identified on Schedules B-1 and B-2 that, in the lenders opinion, affect value or the marketability of the project?		

<<For each "yes" answer above, provide a narrative discussion regarding the topic. For example, "Additional Endorsements: As described in the Risk Factors section of the narrative, the XXXX does not conform to the past or current zoning requirements. The lender recommends...>>

## **Environmental**

**Program Guidance:** Handbook 4232.1, Section II, Production, Chapter 7.

It is the lender's responsibility to review the Phase I and all other environmental review documentation to ensure that all environmental requirements are met.

Assistance Prior to Application Submission: Many Federal agencies require contact directly from HUD. This list includes, but is not limited to, State Coastal Zone Management councils, U.S. Fish and Wildlife service, and local/regional Native American tribes. In this instance, please contact <a href="mailto:LEANThinking@hud.gov">LEANThinking@hud.gov</a> in advance of the application submission.

#### Phase I Environmental Site Assessment

Da	te of inspection:		
Fir	m:		
Co	nsultant:		
1.	Was the Phase I Environmental Site Assessment (ESA) performed in conformance with the scope and limitations of ASTM Practice E 1527-13 (or the most current version)?	Yes	No
2.	Was the Phase I consultant provided with an accurate description of all repairs, site work, construction and/or demolition to be completed?		
3.	Does the Phase I investigation include all of the following?  A reconnaissance of the subject site and the immediate surrounding area, a review of regulatory agency information, a survey of local geological and topographical maps, a review of aerial photographic studies, a survey of water sources, and a review of historical information.		
<<	Explain any "no" answer above. >>		

Ke	y Questions	*7	3.7
1.	Does the Phase I ESA recommend a Phase II assessment, other reports, or additional testing?	Yes	No
2.	Does the Phase I or Phase II assessment indicate that remediation is required or ongoing?		
3.	Does the Phase I ESA indicate that a monitoring well or testing well (operating or non-operating) is located on the site?		
4.	Does the report indicate evidence of any soil staining or distressed vegetation, unusual odors, pools of liquid, leaking containers or equipment, hazardous materials, or other unidentified substances?		
5.	Does the report indicate evidence of any chemical misuse or unlawful dumping at the site?		
6.	Does the report indicate the presence or suspected presence of any underground storage tanks or aboveground storage tanks on the site?		
7.	Does the report's review of all major governmental databases for listings of potentially hazardous sites within the ASTM required search distances from the property identify any potential contamination concerns for the property?		
8.	Do the Phase I or II reports recommend any required repairs?		
9.	Does the Vapor Encroachment Screen identify a "vapor encroachment condition" (VEC)? (The vapor encroachment screen must be performed using Tier 1 "non-invasive" screening pursuant to ASTM E 2600-10 or most recent edition.)		
	Is the Phase I site inspection date more than 180 days before the date the firm commitment application was submitted? A Phase I that was conducted more than 180 days before the application's submission, but not more than one-year before the submission, must be updated pursuant to ASTM E 1527-13 or the most recent edition. (A Phase I ESA that was originally conducted more than one year prior to the application's submission date, even if updated within 180 days of submission, is not acceptable. ORCF is not able to waive this requirement.) Does the land area in the Phase I differ from the land area in the survey and Exhibit A to the Firm Commitment?		
	For each "yes" answer above, provide a narrative discussion on the topic describind how it will be mitigated.>>	ng the r	isk

	prevail in the event the management agreement conflicts with them?		
5.	Does the agreement fail to state that the management agent will turn over to		

		Yes	No
	the owner all of the project's cash trust accounts, investments, and records immediately, but in no event more than 30 days after the date the management agreement is terminated?		
6.	Does the agreement exempt the agent from gross negligence and or willful misconduct?		
7.	Is the Form HUD-9839-ORCF inconsistent with the Management Agreement?		
	For each "no" answer above, provide a narrative discussion on the topic desended how it will be mitigated. >>	cribing th	e risk

# **Management Certification**

<<Provide narrative review. For example: "The form HUD-9839-ORCF, Management Agent Certification, provided in the application package indicates a management fee of XX percent of the residential, commercial and miscellaneous income collected, which is in line with industry standards for projects of this size. The term of the agreement is for XX-years. The stated fee and term match those stated in the management agreement. The fee calculations on page 4 are coordinated with the underwriting conclusions.">>

#### **Conclusion**

<< Provide narrative discussion of underwriter's conclusion and recommendation. For example, "The management agent has demonstrated an acceptable credit history and has the experience to continue to successfully manage this facility. The underwriter recommends this management agent for approval as an acceptable participant in this transaction.">>>

# **Operation of the Facility**

#### **Administrator**

Name:	
Employed by:	< <name administrator="" employs="" entity="" of="" pays="" who="">&gt;</name>
Facility Start Date:	< <date administrator="" as="" at="" facility="" started="" this="">&gt;</date>

<<Narrative description of experience and qualifications - For example, "{Administrator} has been a licensed administrator since XXXX. Her current Residential Care Administrator's license No. XXXXXXX expires XXXXX. It was issued by XXXXXX in the State of XXXX. Her experience includes... Since arriving at the facility, XXXX has helped to increase the revenues and profitability of the project, as evidenced by the increasing effective gross income and net operating income (NOI). XXXXX is well qualified and has demonstrated her ability to act as Administrator for the subject facility.">>

## Subject's State Surveys

The application includes the following state surveys issued on the following dates over the last three (3) years of operations: (State when the survey was conducted and when the project was found in compliance.)

**3 Years of Survey Inspections** 

Date of survey/inspection	Date state issued letter approving POC

Kev	Ou	estions	:
110,	ŲΨ	Cotions	,

		1 63	110
1.	Do the state surveys identify any instances of actual harm and/or immediate jeopardy (during last 3-year period)?		
2.	Do prior surveys (during last 3-year period) contribute to a pattern of findings?		
3.	Are there currently any open findings?		

<>For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated. Example: **General Review and Findings:** Provide narrative description of review. For example: "The {date} state survey inspection letter indicates that there were X deficiencies. The deficiencies constitute a pattern of findings, or repetitive findings from survey to survey, resulting in repeat deficiencies and civil money penalties of \$XXX...">>>

## Risk Management Program

**Program Guidance:** See Risk Management Program grid on the Section 232 program website for additional guidance. Note that the below tier descriptions are general descriptions and HUD retains discretion to require additional risk management measures, as warranted, on a case by case basis.

#### **Risk Management Tier General Descriptions:**

Tier 1 Baseline: For most assisted living and low-risk skilled nursing projects with no more than one incident of actual harm/immediate jeopardy in the past three years. In these instances, the risk management program may be administered internally or by a third party provided the party administering the program is qualified.

Vac

	debt coverage for the mortgage taxes, reserves, or impounds?	nt need to be increased to provide sufficient ge payment, MIP, other insurance premiums, e, provide a narrative discussion on the topic des	 scribing th	 he risk

## **Lease Payment - During Rehabilitation Period**

<< Provide narrative explaining the terms of the lease and the payments to be made during the construction and/or rehabilitation.>>

# **Lease Payment – During Lease Up**

<< Provide narrative explaining the terms of the lease and the payments to be made while the project is in lease-up.>>

# Lease Payment Analysis – Stabilized, As Rehabilitated

The lease payments must be sufficient to (1) enable the borrower to meet debt service and impound requirements and (2) enable the operator to properly maintain the project and cover operating expenses. The minimum annual lease payment must be at least 1.05 times the sum of the annual principal, interest, mortgage insurance premium, reserve for replacement deposit, property insurance and property taxes.

The underwriter has prepared an analysis demonstrating the minimum annual lease payment.

a.	Annual principal and interest	\$
b.	Annual mortgage insurance premium	
c.	Annual replacement reserves	
d.	Annual property insurance	
e.	Annual real estate taxes	
f.	Total debt service and impounds	\$
h	Minimum annual lease payment	\$
•		

<<Compare the minimum annual lease payment to the current lease payment. If the lease payment needs to increase, add the following language: "The lease payment must be increased to \$XX per year (\$XX per month). The underwriter has included a special condition to the firm commitment requiring the lease payment be revised to meet or exceed this minimum." If the lease payment does not need to increase, add the following language: "The current lease payment is sufficient. The recommended annual lease payment also provides the operator with an acceptable profit margin.">>

### Responsibilities

<< Provide a description of the responsibilities of the lessor and lessee under the terms of the lease with regard to the following: payment of real estate taxes, maintenance of building, capital improvements, replacement of equipment, property insurance, etc.>>

#### Master Lease

**Program Guidance:** Handbook 4232.1, Section II Production, Chapter 13. It is the lender's responsibility to read the handbook chapter and provide HUD with a full set of documents for review of the proposed master lease or alternative master lease structure.

#### **Key Questions**

		Yes	No
1.	Are three or more projects (or two projects with an aggregate total mortgage loan amount greater than \$15 million) being submitted to HUD that are under common control or have the same ownership?		
2.	Have projects under common control or with the same ownership applied for mortgage insurance within the <i>past</i> 18-months OR will projects under common control or with the same ownership apply for mortgage insurance		
	or TPA within the <i>next</i> 18 months?  N/A

Medicaid	-		-	-	-
Other Govt	-		-	-	-
Subtotal	\$ -	\$	-	\$ -	\$ -
Commercial		Г			
Private*		L			
Total	\$ -	\$	-	\$ -	\$ -

<sup>\*</sup>Inclusion of Private Payreceivables requires waiver approval

#### **Historical AR Loan Costs**

<<If there is an existing AR loan that is not yet approved by HUD, provide a financial analysis that explains how the cost of the AR loan has been factored into the NOI calculation. Complete the Historical AR Loan Costs table.>>

#### **Historical AR Loan Costs**

(Double click inside the Excel Table to add information)

20XX	20XX	20XX	YTD specify months	20XX-20XX Average	UW

### **Proposed AR Loan Costs**

<<If the AR borrower is obtaining AR financing for the first time, provide a financial analysis that demonstrates that the AR borrower has sufficient financial capacity to pay all projected operating expenses, AR financing costs and loan payments, and all rent or debt service payments. The analysis must assume the maximum AR loan amount to stress test the AR financing based on the lesser of the operator's 12-month trailing operating statements or the underwritten NOI. Calculate the impact on the borrower's debt coverage after payment of the AR loan expenses and payments.>>

Assuming the \$ maximum AR loan limit, an annual interest rate of %, and that the entire amount is outstanding for the year, the maximum annual interest expense would be \$ . In addition to the interest, the other associated fees are the fees << list types of fees>>, that total \$ per year for the same assumed balance. An analysis of the operator's 12 month trailing financial statement (Month 20XX – Month 20XX) is below:

12-Month Trailing Operating History		
Operating revenue	\$	
Less: Operating expenses		
Net operating income (NOI)	\$	
Annual P&I + MIP	\$	
AR fee: Interest		
AR fee: Other		
Total annual mortgage & AR debt service	\$	
DSCR including AR		

The underwriting assumed an NOI of \$ . The 12-month trailing NOI is \$ . The annual debt service including the MIP amount is \$ per year. Adding the AR fees equates to a total mortgage and AR debt service expense of \$ per year. This equates to prospective debt service coverage.

<< If multiple FHA-insured facilities have access to the AR loan, repeat the analysis above with the consolidated revenues and expenses for all those facilities.>>

#### Recommendation

<< The lender recommends approval of the AR loan.>>

## **Tax Credits**

**Program Guidance:** If the proposed documents do not currently comply with the requirements, outline the differences, what changes are required, and how they are justified. Note that proposed changes to OMB form documents must go through the ORCF document change protocol. Also, documents previously negotiated Multifamily documents are not automatically approved for use in Section 232 transactions, and must receive specific ORCF approval for use.

Key Questions Yes	No
Yes	No
<ol> <li>Do the tax credits require the project to comply with an affordability restriction?</li> </ol>	
2. Does the lender have any concerns with the experience or financial strength of the proposed tax credit syndicator?	
3. Will there be an equity bridge loan?	
a. If there will be an equity bridge loan, will it be retired after final closing?	
4. Do the tax credit documents conflict with ORCF requirements in any way?	
5. Does the proposed funding schedule depart from the guidelines set out in the handbook?	
6. Does the funding schedule propose that any borrower funds required for completion of the project be escrowed after initial closing?	
7. Does the funding schedule propose that any borrower funds escrowed for completion of the project be disbursed after mortgage proceeds are disbursed?	
8. Does the funding schedule propose that equity be contributed to construction draws according to any method other than a pro rata share?	
9. Will there be a lack of funds needed to meet the borrower's cash contribution be in the transaction, and any equity bridge loan NOT be retired by final closing?	
<pre>&lt;<for "yes"="" a="" above,="" answer="" discussion="" each="" narrative="" provide="" regarding="" the="" topic.="">&gt;</for></pre>	

# **Mortgage Loan Determinants**

#### Overview

The mortgage criteria shown on the form HUD-92264a-ORCF are summarized as follows:

Requested amount:	\$
Amount based on replacement cost:	\$
Amount based on loan-to-value:	\$
Amount based on debt service coverage:	\$
Amount based on cost of rehabilitation plus:	\$
Amount based on deduction of loans, grant(s), loan(s), LIHTCs, and gift(s) for mortgageable items:	\$

## Criterion C: Amount Based on Replacement Cost

The amount based on replacement cost limit is \$ . This is based on a replacement cost of \$ .

### Criterion D: Amount Based on Loan-to-Value

The \$ value of improvement limit was calculated in accordance with HUD guidelines. This is based on a value of \$ .

# Criterion E: Amount Based on Debt Service Coverage

The \$ debt service limit was calculated using the underwritten NOI of \$ .

### Criterion F: Cost of Rehabilitation Plus

The estimated cost of rehabilitation limit is \$ . This amount is based on % of the total estimated rehabilitation cost of \$ plus the offsite costs of \$ plus the lesser of 90.0% of as-is value of \$ or the allowable existing debt \$ .

# Criterion L: Deduction of Grants, Loans, LIHTCs, and Gifts

The limit was calculated in accordance with HUD guidelines as follows:

a.	Amount based on estimated cost of rehabilitation	\$
b.	(1) Grants/loans/gifts	
	(2) Tax credits	
	(3) Value of leased fee	

	(4) Excess unusual land improvement cost (5) Unpaid balance of special assessment (6) Sum of lines (1) through (5) \$	- - -	
	c. Line a minus line b (6)	-
