

change provides further transparency to investors with respect to the process the Exchange will use in the event the circumstances discussed above transpire.

The proposed rule change would promote the public interest and the protection of investors by eliminating the need for manual determinations and replacing it with a more consistent and transparent procedure that would be applied by the Exchange's trading systems on an automated basis. Indeed, instead of relying on Trade Desk staff to manually halt or re-open trading, the trading halt or resumption of trading would automatically take place in the manner detailed above. Additionally, notwithstanding the proposed automated processes, the Exchange would continue to have the authority to manually halt and resume trading outside of these processes if it's determined to be in the interests of a fair and orderly market or under other enumerated circumstances set forth under Rules 5.20(a) and (b).

The Exchange believes the proposed rule change is designed to help ensure that halting and resumption of trading happens in an automated and efficient fashion, while also maintaining the important link between the trading of index options on the Exchange and the trading of related futures on CME during GTH.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is designed to facilitate a more efficient and automated halting of trading and resumption of trading in limited circumstances during the Exchange's GTH session and is not designed to address any competitive issues. The Exchange therefore does not believe that the proposed rule change would have any significant impact on competition. Rather than impact the competitive environment, the proposed rule change would benefit members and investors by eliminating the need for manual processes under certain circumstances and provide further transparency in the rules.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

A. Significantly affect the protection of investors or the public interest;

B. impose any significant burden on competition; and

C. become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act²⁵ and Rule 19b-4(f)(6)²⁶ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

Proposed Collection; Comment Request; Extension: Rule 22c-2

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission (the “Commission”) is soliciting comments

on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 22c-2 (17 CFR 270.22c-2) under the Investment Company Act of 1940 (15 U.S.C. 80a) (the “Investment Company Act” or “Act”) requires the board of directors (including a majority of independent directors) of most registered open-end investment companies (“funds”) to either approve a redemption fee of up to two percent or determine that imposition of a redemption fee is not necessary or appropriate for the fund. Rule 22c-2 also requires a fund to enter into written agreements with their financial intermediaries (such as broker-dealers and retirement plan administrators) under which the fund, upon request, can obtain certain shareholder identity and trading information from the intermediaries. The written agreement must also allow the fund to direct the intermediary to prohibit further purchases or exchanges by specific shareholders that the fund has identified as being engaged in transactions that violate the fund’s market timing policies. These requirements enable funds to obtain the information that they need to monitor the frequency of short-term trading in omnibus accounts and enforce their market timing policies.

The rule includes three “collections of information” within the meaning of the Paperwork Reduction Act of 1995 (“PRA”).¹ First, the rule requires boards to either approve a redemption fee of up to two percent or determine that imposition of a redemption fee is not necessary or appropriate for the fund. Second, funds must enter into information sharing agreements with all of their “financial intermediaries”² and maintain a copy of the written information sharing agreement with each intermediary in an easily

¹ 44 U.S.C. 3501-3520.

² The rule defines a Financial Intermediary as: (i) Any broker, dealer, bank, or other person that holds securities issued by the fund in nominee name; (ii) a unit investment trust or fund that invests in the fund in reliance on section 12(d)(1)(E) of the Act; and (iii) in the case of a participant directed employee benefit plan that owns the securities issued by the fund, a retirement plan’s administrator under section 316(A) of the Employee Retirement Security Act of 1974 (29 U.S.C. 1002(16)(A)) or any person that maintains the plans’ participant records. Financial Intermediary does not include any person that the fund treats as an individual investor with respect to the fund’s policies established for the purpose of eliminating or reducing any dilution of the value of the outstanding securities issued by the fund. Rule 22c-2(c)(1).
