General Comment

I would like to submit the following comments on the AID Form 1420-17:

1. The form could provide additional space for the following fields:

Block 14: employer's name and address, point of contact and telephone number. Block 3 requests less information & provides greater space

Block 15: employer's name and address, point of contact and telephone number. Block 3 requests less information & provides greater space

Block 16: rationale for proposed salary. Insufficient space to provide a complete response.

2. Language at instructions page (paperwork reduction act notice): States completion time is 30 minutes per response which is inconsistent with notice and response time stated, 1.3 hours per response.
