DEPARTMENT OF COMMERCE

U.S. Census Bureau

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Household Pulse Survey

On May 25, 2022, the Department of Commerce received clearance from the Office of Management and Budget (OMB) in accordance with the Paperwork Reduction Act of 1995 to conduct Phase 3.5 of the Household Pulse Survey (OMB No. 0607-1013, Exp. 10/31/23). The Household Pulse Survey was designed to meet a need for timely information associated with household experiences during the Covid-19 pandemic. The Department is committed to ensuring that the data collected by the Household Pulse Survey continue to meet information

needs as they may evolve over the course of the pandemic. This notice serves to inform of the Department's intent to request clearance from OMB to make some revisions to the Household Pulse Survey questionnaire. To ensure that the data collected by the Household Pulse Survey continue to meet information needs as they evolve over the course of the pandemic, the Census Bureau submits this Request for Revision to an Existing Collection for a revised Phase 3.6 questionnaire.

Phase 3.6 includes new questions on the ability to carry out day-to-day activities due to experiencing long COVID, non-parental childcare arrangements and costs of childcare, changes in transportation behaviors due to cost of gas, a series of questions regarding access to infant formula, and inflation and changes in behavior due to increasing prices. Questions on K-12 enrollment and educational catch-up activities will be reinstated for Phase 3.6. There are also modifications to existing questions, including changing the reference period for the unemployment insurance items, adding Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) as a response option to the question that asks about how households meet spending needs, and replacing employment categories with the standard North American Industry Classification System (NAICS) codes. Several questions will be removed for Phase 3.6, including questions on lack of access to childcare, use of public transportation and ridesharing, working or volunteering outside the home, receipt and use of the Child Tax Credit, post-secondary educational disruptions, and telehealth for adults and children.

It is the Department's intention to commence data collection using the revised instrument on or about August 24, 2022. The Department invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden.
