EXPLANATION OF FILING

Please indicate the reason for failing to timely respond by using the checkboxes below and provide a statement of the reason for your petition. You must identify the document you are submitting with the petition and include all legal requirements for filing the document. A petition to the Director must include a verified statement of the facts and the relief being requested.

If you received the Office action and did not timely respond, you must identify an **extraordinary situation** that prevented you from filing a timely response, both in your explanation of filing and in a PDF or JPG attachment, using the "Click here to here to Enter Explanation of Filing" button. Otherwise the petition will be denied.

If the failure to timely submit a filing was due to **technical problems encountered when making a payment through FNPG or Pay.gov**, your petition must include a statement to that effect and proof of the technical problems (e.g., a screenshot of the error message).

This petition is submitted in connection with: Expungement or Reexamination Proceeding No _____

Entering your statements of requested relief and facts in support of the petition:

1. In the free-text area below, enter your statements of requested relief and facts in support of the petition. You may either type directly into the box, or cut-and-paste from another document into this box.
2. If your browser version supports the enhanced functionality of this section, you can format your entry, using the various editing keys displayed above the text entry area (for font, size, color, bold, italics, etc.). Do NOT include any html or other programming code or language that may create links within the statement(s) section.
3. If no editing keys are displayed above the text entry box, then your current browser version does not support the enhanced text-editing functionality. You may wish to upgrade to a higher browser level. You may still use the box for entry of your statement(s), but no formatting beyond conventional spacing will be possible. Again, do NOT include any html or other programming code or language that may create links within the explanation section.
4. When you have completed entry of your entire statement(s), click on the **"Save and Return to Form"** button, above the text entry box. Do not use the "X" button within the browser to close the window, as this may delete all entered information. The form will retain any formatting you have used, viewable through the icons on the Validation page upon completion and validation of this form.
5. At the point of final validation, it is critical to confirm that all information is displayed properly immediately before filing, regardless of the appearance of the data at any point earlier in the process. If any previously-entered text or files (e.g., evidence) are now missing, you must re-enter or re-attach before final submission. Otherwise, the USPTO will not receive a complete petition, e.g., if you initially pasted text into the explanation of filing field, but it is now blank, you must paste it in again after final validation but before actual submission or the USPTO will not receive that text at all.

Save and Return to Form

When you have completed entry of your entire explanation below, click on this button. Do not use the "X" button within the browser to close the window, as this may delete all entered information.
