

Non-Substantive Change Request to address the terms of Clearance issues on August 10, 2021.

CMS notes in the supporting statement part A, if a submitter were to fill out all sections of the instruments, the total hours would add up to eight (8) hours as indicated on the instrument. (See Table 12.2). Therefore, the existing burden hour total on the form is consistent with the burden calculation associated with this approval.
