Section 1

REVISED - BACKGROUND

BACKGROUND

On April 13, 2018, the President signed [H.R. 4547, “The Strengthening Protections for Social Security Beneficiaries Act of 2018”](#) into law. Section 201 of the law allows claimants and beneficiaries to designate one or more individuals to serve as a representative payee should they need one in the future and requires the Social Security Administration (SSA) to select the designated individual (with certain exceptions). SSA will provide this option to beneficiaries receiving Title 2, Title 8, and Title 16 benefits and applicants during an initial claim for these programs. Only adults age 18 and over and emancipated minors can advance designate as long as they do not have a representative payee or have a pending representative payee application in process.

SSA will collect the minimum information needed to help the agency contact the designated individuals in the future. The beneficiary may waive, withdraw, update information, or change the order of priority of the advance designee(s) at any time.

As part of the business process, SSA will provide the applicants and beneficiaries with a receipt for each transaction. This may result in approximately 59 million receipts issued annually to applicants and beneficiaries.

We are submitting this revised notice clearance package for ADRP receipts to request approval for non-sensitive minor changes to the existing receipts. OCOMM suggested adding mySSA to enable eligible individuals to provide advance designation or make changes on their own through their personal mySSA account to lessen the customer service workload in the Field Office and the Teleservice Center. We also included a formatting change to move the field office address from top right side to the left side of the receipts, and changed the date criteria to calculate using normal date rules instead of current date because the receipts will be centrally printed. The updates do not involve any changes to policy.
