Parent Interview Guide: Implementation Study (Second and Third Site Visits)

Second Site Visit (6-9 months after implementation) and Third Site Visit (18-21 months after implementation)

NOTE: At both site visits, interviewers will ask all questions, but the second site visit will probe for more details of the housing search and leasing process whereas the third site visit will probe for more details of the services the family received after they signed a lease.

We are interviewing you today as a part of an evaluation of the Family Unification Program or as it's called in your community [SITE NAME FOR THE PROGRAM]. The [SITE NAME FOR THE PROGRAM] provides housing vouchers and other services to families involved in the child welfare system. We would like to hear about your thoughts and experiences with the program.

Do you have any questions or comments before we continue?

I am going to turn on the tape recorder now, and we can get started.

NOTE: From PHA, collect name, contact information, and type of voucher (tenant v. project based).
