## Instructions for Making Work Activities Ratings

These questions are about work activities. A work activity is a set of similar actions that are performed together in many different jobs. You will be asked about a series of different work activities and how they relate to *your current job* - that is, the job you hold now.

Each activity in this questionnaire is named and defined.

For example:

**Getting Information**

**Observing, receiving, and otherwise obtaining information from all relevant sources.**

You are then asked to answer two questions about that activity:

**A** How important is the activity to your current job?

For example:

How important is GETTING INFORMATION to the performance of *your current job*?

Mark your answer by putting an **X** through the number that represents your answer.  
Do not mark on the line between the numbers.

**\*If you rate the activity as Not Important to the performance of your job, mark the one [~~X~~] then skip over question B and proceed to the next activity.**

**B** What level of the activity is needed to perform your current job?

### **Specific Tasks Performed on Your Job (continued)**

**Instructions:** The next section presents a list of tasks. A task is an action or set of actions performed together to accomplish an objective. This list is specific to the job you are describing.

For each task, please make the following three ratings: **Relevance, Frequency, and Importance.** These ratings are described as follows:

**RELEVANCE.** If the task is NOT RELEVANT at all to performance on the job, mark through the "0" in the NOT RELEVANT column. Carefully read the task before deciding whether it is RELEVANT or NOT RELEVANT to this job. If you select the "0" in the NOT RELEVANT column, however, there is no need to complete the IMPORTANCE and FREQUENCY ratings described below. If the task is part of this job, rate IMPORTANCE and FREQUENCY.

**FREQUENCY.** (Do not complete if NOT RELEVANT was selected.) Ask yourself, "How often is this task performed on this job?" For example, "Interact with potential customers" is a task that an employee in one job might perform only "once per week or less," but an employee in another job might perform "hourly or more often."

Rate the FREQUENCY with which a task is performed by marking through the appropriate number, from 1 (indicating that the task is performed once per year or less often) to 7 (indicating that the task is performed hourly or more often) on the FREQUENCY scale.

**IMPORTANCE.** (Do not complete if NOT RELEVANT was selected.) Ask yourself, "How important is this task to performance on this job?" For example, "Develop objectives and strategies to guide the organization" might be very important for an employee in one job, but less important for another job. For the second job, however, "Provide performance feedback to subordinates" might be very important.

Rate importance of the task for performance on the job by marking through the appropriate number, from 1 (indicating that the task is of no importance) to 5 (indicating that the task is extremely important) on the IMPORTANCE scale.
