Definitions:

GOAL means the negotiated, sanctionable expected level of performance for that performance measure.

TARGET means the negotiated, non-sanctionable expected level of performance used in baseline years for that performance measure.

Q means the count or rate for the current reporting quarter.

YTD means the count or rate for the program year to date, from July 1st through the current reporting quarter.

L4Q means the count or rate for the most recent four quarters, including the current reporting quarter.

N means the numerator used in the calculation of the rate.

D means the denominator used in the calculation of the rate.
