Washington, D.C. 20530

Subject: Emergency PRA Clearance Request, Libor Self-Assessment

Dear Mr. Bestani:

The Office of the Comptroller of the Currency (OCC) hereby requests additional approval for an addition to the Libor Self-Assessment pursuant to the Office of Management and Budget's (OMB) Paperwork Reduction Act (PRA) emergency processing procedures at 5 C.F.R. § 1320.13.

The expected cessation of the London InterBank Offered Rate (Libor) by the end of 2021 prompted the OCC to create a self-assessment tool for use by banks in preparing for the expected Libor cessation. There is risk of market disruptions, litigation, and destabilized balance sheets if acceptable replacement rate(s) do not attract sufficient market-wide acceptance or if contracts cannot seamlessly transition to new rate(s).

On January 14, 2021, the OCC obtained prior approval for use of the above-mentioned self-assessment tool on. We are now requesting authorization to add additional questions to the tool. The purpose of the new questions is to further emphasize that the alternative rates selected by the supervised institutions should be robust and appropriate for their risk.

Given that we expect banks to discontinue making LIBOR loans by this year end, the prevalence of LIBOR, and the remaining work to be done within the timeframe described above, the OCC is requesting emergency clearance for the additional questions to be added to the self-assessment tool due to the immediate need and the brief duration of use to help banks prepare for Libor-related risk.

The OCC has determined that: (1) the collection of information within the scope of this request is needed prior to the expiration of time periods established under 5 C.F.R. § 1320.12; (2) this collection of information is essential to the mission of the OCC; and (3) the OCC cannot reasonably comply with the normal clearance procedures because an unanticipated event has occurred and the use of normal clearance procedures is reasonably likely to prevent or disrupt the collection of information.

This information collection may not be cleared through 5 C.F.R. § 1320.11, which covers only collections of information contained in proposed rules. As noted in 5 C.F.R. § 1320.5(c)(1), the OCC must clear the collection under 5 C.F.R. § 1320.10, which relates to information collections not contained in proposed rules or current rules. There is insufficient time to obtain clearance under 5 C.F.R. § 1320.10 as the collection is needed immediately and will not be used after December 31, 2021. Therefore, the OCC is requesting emergency clearance.

Sincerely,

Theodore J. Dowd  
Deputy Chief Counsel  
Office of the Comptroller of the Currency
