Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Extension, Without Change, of a Currently Approved Collection.

(2) *Title of the Form/Collection:* I-864, Affidavit of Support Under Section 213A of the Act; I-864A, Contract Between Sponsor and Household Member; I-864EZ, EZ Affidavit of Support under Section 213 of the Act; I-864W, Request for Exemption for Intending Immigrant’s Affidavit of Support.

(3) *Agency form number, if any, and the applicable component of the DHS sponsoring the collection:* I-864; I-864A; I-864EZ; I-864W; USCIS.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: Business or other for-profit. Form I-864. USCIS uses the data collected on Form I-864 to determine whether the sponsor has the ability to support the sponsored alien under section 213A of the Immigration and Nationality Act. This form standardizes

evaluation of a sponsor's ability to support the sponsored alien and ensures that basic information required to assess eligibility is provided by petitioners.

Form I-864A. Form I-864A is a contract between the sponsor and the sponsor's household members. It is only required if the sponsor used income of his or her household members to reach the required 125 percent of the Federal poverty guidelines. The contract holds these household members jointly and severally liable for the support of the sponsored immigrant. The information collection required on Form I-864A is necessary for public benefit agencies to enforce the Affidavit of Support in the event the sponsor used income of his or her household members to reach the required income level and the public benefit agencies are requesting reimbursement from the sponsor.

Form I-864EZ. USCIS uses Form I-864EZ in exactly the same way as Form I-864; however, USCIS collects less information from the sponsors as less information is needed from those who qualify in order to make a thorough adjudication.

Form I-864W. USCIS uses Form I-864W to determine whether the intending immigrant meets the criteria for exemption from section 213A requirements. This form collects the immigrant's basic information, such as name and address, the reason for the exemption, and accompanying documentation in support of the immigrant's claim that they are not subject to section 213A.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The estimated total number of respondents for the information collection Form I-864 is 453,345 and the estimated hour burden per response is 6 hours; the estimated total number of respondents for the information collection Form I-864A is 215,800 and the estimated hour burden per response is 1.75 hours; the estimated total number of respondents for the information collection Form I-864EZ is 100,000 and the estimated hour burden per response is 2.5 hours; the estimated total number of respondents for the information collection Form I-864W is 98,119 and the estimated hour burden per response is 1 hour.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total estimated annual hour burden associated with this collection is 3,445,839 hours.

(7) *An estimate of the total public burden (in cost) associated with the collection:* The estimated total annual cost burden associated with this

SUPPLEMENTARY INFORMATION: For projects that require an Environmental Impact Statement (EIS), the Responsible Entity, as defined in 24 CFR 58.2(a)(7), must provide a notice of intent (NOI) to begin the public scoping process in accordance with National Environmental Policy Act of 1969, as amended, 42 U.S.C. 4321 *et seq.* (NEPA); the Council of Environmental Quality (CEQ) NEPA Regulations at 40 CFR parts 1500-1508; and HUD implementing regulations at 24 CFR part 58. The Housing Authority of the City of Los Angeles (HACLA), as the recipient of HUD's grant funding, proposes to carry out a Section 18/ Rental Assistance Demonstration (RAD) demolition/disposition through a ground lease and to use a combination of RAD Project-Based Vouchers (PBV), Tenant Protection Vouchers (TPV), and PBV authorized by the U.S. Housing Act of 1937, as amended (USHA), to redevelop the Rancho San Pedro public housing project site.

On behalf of HACLA, the City of Los Angeles, through the City of Los Angeles's Housing and Community Investment Department (HCID), is acting as the Responsible Entity for the Rancho San Pedro public housing project. Because the project is located in Los Angeles, California, the California Environmental Quality Act (CEQA), Public Resources Code 21000 *et seq.* and 14 California Code of Regulations 15000 *et seq.*, also requires the completion of an Environmental Impact Report (EIR). For compliance with CEQA, HACLA
