

Supporting Statement
Declaration for Free Entry of Returned American Products
1651-0011

A. Justification

- 1. Explain the circumstances that make the collection of information necessary. Identify any legal or administrative requirements that necessitate the collection. Attach a copy of the appropriate section of each statute and regulation mandating or authorizing the collection of information.**

CBP Form 3311, *Declaration for Free Entry of Returned American Products*, which is authorized by, among others, 19 CFR 10.1, 10.66, 10.67, 12.41, 123.4, and 143.23, is used to collect information from the importer or authorized agent in order to claim duty-free treatment for articles entered under certain provisions of Subchapter I of Chapter 98 of the Harmonized Tariff Schedule of the United States (HTSUS, <https://hts.usitc.gov/current>). The form serves as a declaration that the articles are: (1) the growth, production, and manufacture of the United States; (2) are returned to the United States without having been advanced in value or improved in condition while abroad; (3) the goods were not previously entered under a temporary importation under bond provision; and (4) drawback was never claimed and/or paid.

This collection of information applies to members of the importing public and trade community who seek to claim duty-free treatment based on compliance with the aforementioned requirements. These members of the public and trade community are familiar with import procedures and with CBP regulations. Obligation to respond to this information collection is required to obtain benefits.

- 2. Indicate how, by whom, and for what purpose the information is to be used. Except for a new collection, indicate the actual use the agency has made of the information received from the current collection .**

CBP Form 3311 is used by importers and their agents to obtain duty free treatment on returned American goods. CBP uses the information collected on this form to substantiate duty free claims.

- 3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses, and the basis for the decision for adopting this means of collection. Also describe any consideration of using information technology to reduce burden .**

CBP Form 3311 is automated via the Document Image System (DIS) into the ACE database. Detailed instructions on how to utilize the DIS is accessible at: <https://www.cbp.gov/ace-dis> in addition to being provided as a supporting document with this package.

- 4. Describe efforts to identify duplication. Show specifically why any similar information already available cannot be used or modified for use for the purposes described in Item 2 above.**

This information is not duplicated in any other place or any other form.

- 5. If the collection of information impacts small businesses or other small entities, describe any methods used to minimize burden.**

This information collection does not have an impact on small businesses or other small entities.

- 6. Describe consequences to Federal program or policy activities if the collection is not conducted or is conducted less frequently.**

If CBP Form 3311 was not filed, importers would not be able to substantiate a claim for duty-free treatment on returned American goods.

- 7. Explain any special circumstances.**

This information is collected in a manner consistent with the guidelines of 5 CFR 1320.5(d)(2).

- 8. If applicable, provide a copy and identify the date and page number of publication in the Federal Register of the agency's notice, required by 5 CFR 1320.8(d), soliciting comments on the information collection prior to submission to OMB. Summarize public comments received in response to that notice and describe actions taken by the agency in response to these comments. Specifically address comments received on cost and hour burden.**

Public comments were solicited through two Federal Register notices published on August 04, 2021 (Volume 86, Page 41985) and on October 27, 2021 (Volume 86, Page 59407) on which no comments have been received.

- 9. Explain any decision to provide any payment or gift to respondents, other than remuneration of contractors or grantees.**

There is no offer of a monetary or material value for this information collection.

- 10. Describe any assurance of confidentiality provided to respondents and the basis for the assurance in statute, regulation, or agency policy.**

A PIA for the Automated Commercial Environment (ACE) dated July 31, 2015, and a SORN for the Import Information System, dated July 26, 2016 (Volume 81, Page 48826) will be included in this ICR. No assurances of confidentiality are provided to respondents.

- 11. Provide additional justification for any questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private. This justification should include the reasons why the agency considers the questions necessary, the specific uses to be made of the information, the explanation to be given to persons from whom the information is requested, and any steps to be taken to obtain their consent.**

There are no questions of a sensitive nature.

- 12. Provide estimates of the hour burden of the collection of information.**

INFORMATION COLLECTION	TOTAL ANNUAL BURDEN HOURS	NO. OF RESPONDENTS	NO. OF RESPONSES PER RESPONDENT	TOTAL RESPONSES	TIME PER RESPONSE
Form 3311	42,000	12,000	35	420,000	6 minutes (.10 hours)

Public Cost

The estimated cost to the respondents is \$1,317,540. This is based on the estimated burden hours (42,000) multiplied by the average loaded hourly wage rate for importers (\$31.37). CBP calculated this loaded wage rate by first multiplying the Bureau of Labor Statistics’ (BLS) 2020 median hourly wage rate for Cargo and Freight Agents (\$21.04), which CBP assumes best represents the wage for importers, by the ratio of BLS’ average 2020 total compensation to wages and salaries for Office and Administrative Support occupations (1.4912), the assumed occupational group for importers, to account for non-salary employee benefits.¹ This figure is in 2020 U.S. dollars and CBP assumes an annual growth rate of 0 percent; the 2020 U.S. dollar value is equal to the 2021 U.S. dollar value.

¹ Source of median wage rate: U.S. Bureau of Labor Statistics. Occupational Employment Statistics, “May 2020 National Occupational Employment and Wage Estimates United States.” Updated March 31, 2021. Available at https://www.bls.gov/oes/2020/may/oes_nat.htm. Accessed June 1, 2021. The total compensation to wages and salaries ratio is equal to the calculated average of the 2020 quarterly estimates (shown under Mar., June, Sep., Dec.) of the total compensation cost per hour worked for Office and Administrative Support occupations (\$28.8875) divided by the calculated average of the 2020 quarterly estimates (shown under Mar., June, Sep., Dec.) of wages and salaries cost per hour worked for the same occupation category (\$19.3725). Source of total compensation to wages and salaries ratio data: U.S. Bureau of Labor Statistics. Employer Costs for Employee Compensation. Employer Costs for Employee Compensation Historical Listing March 2004 – December 2020, “Table 3. Civilian workers, by occupational group: employer costs per hours worked for employee compensation and costs as a percentage of total compensation, 2004-2020.” March 2021. Available at <https://www.bls.gov/web/ecec/ececqrtn.pdf>. Accessed June 1, 2021.

- 13. Provide an estimate of the total annual cost burden to respondents or record keepers resulting from the collection of information.**

There are no record keeping, capital, start-up or maintenance costs associated with this information collection.

- 14. Provide estimates of annualized cost to the Federal Government. Also provide a description of the method used to estimate cost, which should include quantification of hours, operational expenses (such as equipment overhead, printing, and support staff), and any other expense that would not have been incurred without this collection of information.**

The estimated annual cost to the Federal Government associated with the review of these records is \$2,658,424. This is based on the number of responses that must be reviewed (420,000) multiplied by the time burden to review and process each response (5 minutes or 0.083 hours) = 34,860 hours multiplied by the average hourly loaded rate for other CBP employees ($\$76.26$)² = \$2,658,424.

- 15. Explain the reasons for any program changes or adjustments reported in Items 12 or 13.**

There has been no increase or decrease in the estimated annual burden hours previously reported for this information collection. There is no change to the information collected or to CBP Form 3311.

- 16. For collection of information whose results will be published, outline plans for tabulation, and publication.**

This information collection will not be published for statistical purposes.

- 17. If seeking approval to not display the expiration date, explain the reasons that displaying the expiration date would be inappropriate.**

CBP will display the expiration date for OMB approval of this information collection.

- 18. "Certification for Paperwork Reduction Act Submissions."**

CBP does not request an exception to the certification of this information collection.

B. Collection of Information Employing Statistical Methods

No statistical methods were employed.

² CBP bases this wage on the FY 2021 salary and benefits of the national average of other CBP positions, which is equal to a GS-12, Step 3. Source: Email correspondence with CBP's Office of Finance on September 7, 2021.
