PESP Strategy/Progress Reporting Form
for Residential/Commercial Pest Control Members

Note: The form below is a reproduction of a form that was developed for online use.

Paperwork Reduction Act Notice: This form is multi-purposed. It is used to report a five-year PESP Strategy and to submit annual reports.

The paperwork burden to prepare and submit the PESP strategy is 10 hours every five years for both new and current members of the program. The paperwork burden for the annual progress reports vary by type of member, and are estimated to be 25 hours for IPM Promoters, 100 hours for IPM Users (those that maintain data locally), and 300 hours for National IPM Users (those that maintain data in multiple locations nationally). The burden estimates include time for reading the instructions, gathering and maintaining information, and completing the form.

Responses to this collection of information are necessary in order to participate in the voluntary program. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Director, Collection Strategies Division (2822T), U.S. Environmental Protection Agency, Washington, DC 20460; and to OMB, addressed to Desk Officer for EPA, via email to oir_submission@omb.eop.gov. Do not send completed forms to these addresses.

This form is for use by PESP members that provide commercial/residential pest control services.
