U.S. Department of Housing and Urban Development Office of Residential Care Facilities

**Public reporting** burden for this collection of information is estimated to average 87 hours. This includes the time for collecting, reviewing, and reporting the data. The information is being collected to obtain the supportive documentation that must be submitted to HUD for approval, and is necessary to ensure that viable projects are developed and maintained. The Department will use this information to determine if properties meet HUD requirements with respect to development, operation and/or asset management, as well as ensuring the continued marketability of the properties. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number.

**Warning:** Any person who knowingly presents a false, fictitious, or fraudulent statement or claim in a matter within the jurisdiction of the U.S. Department of Housing and Urban Development is subject to criminal penalties, civil liability, and administrative sanctions.

**Privacy Act Notice:** The Department of Housing and Urban Development, Federal Housing Administration, is authorized to collect the information requested in this form by virtue of: The National Housing Act, 12 USC 1701 et seq. and the regulations at 24 CFR 5.212 and 24 CFR 200.6; and the Housing and Community Development Act of 1987, 42 USC 3543(a). The information requested is mandatory to receive the mortgage insurance benefits to be derived from the National Housing Act Section 232 Healthcare Facility Insurance Program. No confidentiality is assured.

### **INSTRUCTIONS**:

The narrative is a document critical to the Lean Underwriting process. Each section of the narrative and all questions need to be completed and answered. If the lender's underwriter disagrees and modifies any third-party report conclusions, provide sufficient detail to justify. The narrative should identify the strengths and weaknesses of the transactions and demonstrate how the weaknesses are mitigated by the underwriting.

- <u>Charts</u>: The charts contained in this document have been created with versatility in mind; however they will not be able to accommodate all situations. For this reason, you are allowed to alter the charts as the situation demands. Be sure to state how you have altered the charts along with your justification. Include all the information the form calls for. Charts that include blue text indicate names that should be modified by the lender as the situation dictates.
- <u>Applicability</u>: If a section is not applicable, state so in that section and provide a reason. Do not delete a section heading that is not applicable. The narrative will be checked to make certain all sections are provided. If a major section is not applicable, add " Not Applicable" to the heading and provide the reason. For instance:

# Parent of the Operator – Not Applicable

This section is not applicable because there is no operator.

The rest of the subsections under the inapplicable section can then be deleted. This instruction page may also be deleted.

• **Format:** In addition to submitting the PDF version of the Lender Narrative to HUD, please also submit an electronic Word version.

Instead of pasting large portions of text from third-party reports into the narrative, it is preferred that the lender simply reference the page number and the report. The focus of this document is for lender conclusions, analyses, and summaries.

Italicized text found between these characters  $\langle EXAMPLE \rangle$  is instructional in nature, and may be deleted from the lender's final version. Please use the gray shaded areas (e.g., ) for your response. Double click on a check box and then change the default value to mark selection (e.g., ).

rogram Ganaaneer	manacoon incont,	00000001111	rounctiony	Chapter 17	•

It is the lender's responsibility to read the handbook chapter and provide HUD with full disclosure of all other HUD insured projects of the borrower and operator utilizing Forms HUD-90013-ORCF, Consolidated Certifications - Borrower and HUD-90014-ORCF Consolidated Certifications – Operator.

### **Key Questions**

_		Yes	NO
1.	Is the subject project part of a small, medium or large portfolio? (If yes,		
	specify type)		
	Small (two or more projects, up to \$90 Million)		
	Medium (\$90 Million to \$250 Million)		
	Large (> \$250 Million)		
2.	Have principals of the borrower disclosed participation in any other HUD-		
	insured projects in completing Form HUD-90013-ORCF, Consolidated		
	Certification – Borrower?		
3.	Have principals of the Operator disclosed participation in any other HUD-		
	insured projects in completing Form HUD-90015-ORCF, Consolidated		
	Certification – Operator?		
4.	Have principals of the borrower submitted any applications for HUD		
	mortgage insurance or TPA in the <i>past</i> 18 months OR do they plan to submit		
	any applications for HUD mortgage insurance or TPA in the <i>next</i> 18		
	months?		
5	Have principals of the operator submitted any applications for HUD		
5.	mortgage insurance or TPA in the <i>past</i> 18 months OR do they plan to submit		
	any applications for HUD mortgage insurance or TPA in the <i>next</i> 18		
	months?

ъ.т

Provide listing of projects, for the borrower and/or operator, that have been insured by HUD in the past 18 months, that are currently in application or TPA processing, or projects that the borrower and/or operator plans to submit for mortgage insurance or TPA in the next 18 months.>>

# Special or Atypical Underwriting Considerations

There are NO special or atypical underwriting considerations.

The following are unique characteristics, key deal points, special, or atypical underwriting considerations:

<< Examples:

- Facility will be master leased
- Identity-of-interest issues
- Timing issues for closing or permits, land, licensing, etc.
- Shared costs/expenses with other facilities
- The proposed project will be part of a building with shared walls/floors with non-HUD insured or other HUD-insured project and underwritten expenses/or capital costs were based on allocations..

*This section should not be a lengthy restatement of the rest of the narrative. It is merely to highlight key points.*>>

<< Provide narrative of rationale for selection of Wage Decision specified. Be specific about configurations of kitchens and bathrooms (e.g., kitchenette includes a sink, microwave, and refrigerator and bathroom includes a commode, sink, and shower, etc.).>>

# **Program Eligibility**

### **Key Questions**

		Yes	No
1.	Will the facility charge "founder's fees," "life care fees," or other similar charges associated with "buy-in" facilities?		
2.	Has the facility, borrower, operator, or any of their affiliates' renamed or reformulated companies, or filed for or emerged from bankruptcy within the last 5 years?		
3.	Will less than continuous protective oversight be provided at the facility?		
4.	Are there any "minimum assistance" requirements necessary to qualify under the Section 232 mortgage insurance program that the facility does not plan to offer?		
5.	If an ALF, are there residents who will not meet the statutory definition of frail elderly (at least age 62 and in need of assistance with at least three (3) Activities of Daily Living)?		
6.	Will the facility require more than four residents share a full bathroom (see 24 CFR 232.3)? ( <i>Not applicable for SNFs.</i> )		
7.	Are any residents required to access a qualifying bathroom by moving through a public corridor or area (see 24 CFR 232.3)? ( <i>Not applicable for SNFs.</i> )		
8.	Are there floodways or coastal high hazard areas located onsite*?		
9.	Is the project a hospital, clinic, diagnostic center, group practice facility, halfway house, or other type of facility that does not meet 232 program intent?		
10.	Has construction or site work commenced without prior HUD approval?		
11.	Is the project designated by the Centers for Medicare and Medicaid Services (CMS) as a Special Focus Facility or similar future designation?		
12.	Is the project a long-term acute care facility?		

	Yes	No
13. Does the owner or operator/management agent lack the relevant		
experience (with similar type of facility, regulatory environment, payor		
mix, etc.) to lease-up and operate the subject project?		

<< If you answered "yes" to any of the questions above, this facility is <u>not eligible</u> under this program. >>

\*Exception: The floodway and coastal high hazard area prohibitions do not apply if only an incidental portion of the project is in the 100-year floodplain, or for critical actions, the 500-year floodplain, and certain conditions are met in accordance with 24 CFR 55.12(c)(7).

# **Commercial Space/Income**

Program Guidance: Handbook 4232.1, Section II Production, 2.6.E.

Select one of the following:

There will be <u>no</u> commercial space at the subject.

There will be commercial space at the subject; however, it will not exceed the program limitations of 10% of the gross floor area of the project and 15% of the effective project income.

a. Total gross floor area:		d. Effective Project Income:	
b. Gross floor commercial area:		e. Commercial income:	
c. % of commercial area:	< <b></b> < <b></b> b / a>>	f. % of commercial income:	< <e d="">&gt;</e>

<< Provide further explanation, if necessary. If the facility does not meet either of the criteria above, the loan is not eligible under this program.>>

# Licensing/Certificate of Need/Keys Amendment

Number of Beds to be Licensed:

Lender has verified that the beds or units in operation are in compliance with the State licensing agency.

<< Provide affirmative statement along the lines of: "The facility is to be licensed by the State of {State}'s Department of Health and Welfare as a {Type of Facility} for {X} beds. The license is to be issued to {Name of Entity on License}." Describe the licensing process. It is effective {date}, through {date}. The license covers {number of beds}.">>

<<Provide affirmative statement along the lines of: "There is no Certificate of Need (CON) requirement in {State} for {Type of Facility}." – OR – "A Certificate of Need (CON), dated {XXX} was issued by the State of {State} authorizing XX beds...">> For skilled nursing, where the state does not require a CON, discuss the required independent study conducted by the state or commissioned by the state of market need and feasibility. Include in the discussion the number of beds and the date through which it is current.

<<(Applicable on projects with new construction or added units/beds.) If a new/updated CON is required by the local regulatory authorities, it is to be issued to the current license holder. Provide affirmative statement along the lines of: "There is no Certificate of Need (CON) requirement in {State} for {Type of Facility}." – OR – "A Certificate of Need (CON), dated {XXX} was issued by the State of {State} authorizing the addition of XX beds...">>

<<(Applicable to B&C's.) Provide affirmative statement along the lines of: "The State of {State} has certified its compliance with Section 1616(e) of the Social Security Act (Keys Amendment). Discuss documentation provided in the application that shows that the state where the facility is located is in compliance with Section 1616(e) of the Social Security Act (Keys Amendment) AND that the facility itself is regulated by the state pursuant to Section 1616e. Note on this last point that the requirement is not only that the facility be regulated, but that it be regulated specifically pursuant to 1616e. >>

# **Identities-of-Interest**

Program Guidance: Handbook 4232.1, Section I, Chapter 1.6		
Key Questions	Yes	No
1. Have you, as the lender, identified any identities of interest on your certification?		

n	Doos the	hormorizon's	contification	indicate a	nu identities	of interact?	
۷.	Does the	Dollower S	Certification	infunctie d	iny identities	of interest?	

3.	Do any of the certifications provided by principals of the borrower identify
	any identities of interest?

4.	Does the operator's certification (if applicable) indicate any identities	
	interest?	N/A

- 5. Does the management agent's certification (if applicable) indicate any identities of interest?
- 6. Does the general contractor's certification indicate any identities of interest?
- 7. Does the HUD Addendum to the AIA Agreement of the Design Architect identify any identities of interest?
- 8. Does the lender know, or have any reason to believe, that any of the assertions in the other Consolidated Certifications submitted herewith, are inaccurate or incomplete?

<<For each "yes" answer above, provide a narrative discussion regarding the topic. As applicable, describe the risk and how it will be mitigated. For example: The borrower and operator are related parties – John Doe has ownership in both entities. No other identities of interest are disclosed.>>

# **Risk Factors**

### **Key Questions**

		Yes	No
1.	If the project is proposing new construction of assisted living units, is the proposed mortgage higher than the maximum loan-to-value (LTV)?		
2.	Is the debt service coverage of the loan less than 1.45?		
3.	Is this a "special use facility"—one that serves a "niche" type of market (e.g., psychiatric facilities; drug, alcohol, or eating disorder recovery facilities; hospice facilities; or short-term rehabilitation facilities?		
4.	Is this an Intermediate Care Facility (ICF), Institution for Mental Diseases (IMD), or any other type of facility that caters to a significant population with mental illness (MI), developmental disabilities (DD) or individuals with intellectual disabilities (IID)?		
5.	Is the project in a state with an Olmstead Plan, pending Olmstead cases, Olmstead settlement agreements, or is the project's state active in initiatives to "right-size" nursing facilities or otherwise working to "rebalance" long-term supports and services toward home and community- based settings?		
6.	Does the project rely on Medicaid Waivers or State Plan Options for a significant portion of its resident population, MI/DD residents, or for residents in the assisted living portion of a combined SNF/ALF Facility, subjecting it to HCBS Settings requirements?		
7.	Is the operator, parent company, affiliates or subsidiaries the subject of an ongoing investigation or judicial or administrative action involving any Federal, State, municipal and/or other regulatory authority, which could have a detrimental impact on the operator's financial condition or may jeopardize the operator's license and or its provider agreements?		

<< For each "yes" answer above, provide a narrative discussion on the topic describing the risk <u>and</u> how it will be mitigated.

If you answer "yes" to question 3, the narrative discussion should include an analysis of the following: 1. The long-term viability of funding sources for this client group; 2. The facility's ability to maintain stabilized occupancy over the long term, and/or the ability to fill the beds occupied by residents with the special use diagnosis, should the funding source cease; this analysis should include a demonstration that a market exists for increasing reliance on a more "traditional" SNF resident; 3. The extent of the successful experience of the operator in dealing with the contemplated population; 4. How the principals of this facility address the higher risk

associated with the targeted population (e.g. higher Professional Liability Insurance, etc.); 5. The facility's capacity to continue servicing the debt in the event that market/provider payment changes dictate that alternative/modified uses of the subject portion of the facility be pursued; and 6. Risk Mitigation.

If you answer "yes" to question 5, the narrative discussion should include a discussion of any of the state's efforts above that might have an impact on the subject facility and what efforts the owner and/or operator will take to respond to these impacts. Be sure to reference the state's strategy for moving the following populations: the elderly from skilled nursing facilities, individuals with intellectual or developmental disabilities (ID/DD) from ICFs, the physically disabled, non-elderly from skilled nursing facilities or the mentally ill from psychiatric facilities or other facilities, as appropriate.

If you answer "yes to question 6, the narrative discussion should include a discussion of the facility's compliance with the HCBS Settings requirements. The discussion might include the State's progress in implementing the HCBS Settings Rule, references to the Statewide Transition Plan, CMS responses to or approval of the Plan, State Regulatory language, or State Medicaid Agency input. If it appears that the facility will not, or will not be able, to comply with the Rule, the Lender should provide a Sensitivity Analysis showing the project's ability to operate without these residents.

# **Architectural Review**

Date of report:	
Review firm:	
Reviewer:	

### Key Questions

1.	Are any drawings or specifications to be "deferred submissions?" If yes,
	explain below and include special condition requiring that they be submitted
	prior to initial closing.

- 2. Does the architectural reviewer recommend any commitment conditions?
- 3. Are the plans and specification incomplete?
- 4. Is there an identity of interest between the design architect and any other project participant (i.e., borrower, principal of borrower, operator, and/or general contractor)?
- 5. Are there any architectural review comments that have not been incorporated into the plans and specifications?
- 6. Are there any architectural drawings and specifications that do <u>not</u> comply with local building code standards, minimum property standards, or any other HUD requirements?
- 7. After reviewing the plans, did the architectural reviewer confirm that the plans are <u>not</u> in conformance with FHAG and UFAS requirements?
- 8. Is the design architect different from the supervisory architect?
- 9. After reviewing the AIA agreement, did the architectural reviewer find the agreement was <u>not</u> complete?
- 10. After reviewing the Geotechnical Engineering Evaluation Report, did the architectural reviewer find the report <u>unacceptable</u> showing an <u>insufficient</u> number of borings provided?
- 11. After reviewing the soils report, did the architectural reviewer find the structural design <u>not</u> in compliance with the findings of the report?
- 12. After reviewing the survey, did the architectural reviewer find the survey <u>not</u> in compliance with HUD requirements?
- 13. Did the architectural reviewer <u>not</u> find the construction progress schedule and construction period to be acceptable?

<< If you answer "yes" to any of the above questions, please address below. For example, Item 1 – Fire sprinkler system engineering will be completed by XXX, Item 3 – The completed plans and specifications will be submitted prior to closing. The architectural reviewer's inspector has identified minor revisions to the plans and specifications that will be completed and submitted to HUD prior to closing. A list of the minor revisions includes XXX. The contractor has provided

confirmation acknowledging the required revisions and confirms that they do not result in changes to the costs reflected on the HUD 92328-ORCF submitted with this application package. We (the lender) recommend a Special Condition to the Firm Commitment requiring that completed acceptable plans and specifications will be submitted prior to closing.

Item 4 – There is an identity of interest between the design architect and the borrower. The design architect is a principal of the borrower entity. Therefore, to meet HUD requirements, a separate AIA B108 is submitted with this package for an unrelated architect to provide the supervision services. Provide narrative describing the supervising architect's name, experience, etc. >>

# Architectural Overview

<< Provide narrative describing the architectural reviewers report and conclusions and if the lender's underwriter concurs with the conclusions. Identify any modifications to the report conclusions and provide justification. Confirm if the review complies with the statement of work. Identify deliverables included in the application package. Include a narrative concerning key elements of the reviews, the appropriate HUD forms, and their correspondence with the design architect.>>

# **Construction Progress Schedule**

<< Provide narrative discussion of the construction period as projected by the general contractor and project architect. Indicate if architectural reviewer agrees. Typically, an updated Construction Progress Schedule that accurately reflects the month and date of construction start and completion will be needed prior to closing.>>

# Conclusion

<< Indicate if the review architect has appropriately addressed all architectural aspects of the development and the firm commitment application.>>

An explanation of the adjustments should be included here. Explain any other adjustments made to the comparables such as for normalization of reserves, management fee, taxes, etc., required to put the comparables on the same footing as the subject. For skilled nursing and other facilities, resident days are more appropriate than occupied units. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type.>>

## Net Operating Income

<<Provide narrative discussion as necessary. Summarize and compare the NOI of the appraiser and the lender's NOI that incorporates all potential changes to incomes and expenses. Typically, the lender would explain here that the appraiser's "market" NOI was used for valuation and loan sizing based on value. The lender's NOI, which may vary from the appraiser's due to the Office of Residential Care Facilities (ORCF) requirements (e.g., specific reserve requirements, tax abatements that the appraiser was not allowed to recognize, or unusual management fees) will be used for loan sizing based on Debt Service Coverage.>>

### **Capitalization Rate**

<< The selection of the capitalization rate should be based primarily on recent sales rather than from investment models. Ideally, these rates would come from the Building Sales Comparables. However, these are often chosen by location before sale date. Recent cap rate data should be included every time, even if an additional set of cap rate comps or a survey needs to be introduced. In the table below, please add columns or duplicate the table as needed to accommodate additional comps.>>

## **Environmental-New Construction Project Requirements**

Program Guidance: Handbook 4232.1, Section II Production, 7.5.

If the project includes any ground disturbance, contact <u>LeanThinking@hud.gov</u> in advance of application submission so that ORCF may initiate agency to agency contact. Include a project description including type of project, purpose of the project, the proposed activities/site work, and the current condition of the site (what is on the site now) as well as a location map, aerial view map, site layout map and a topographic map in your request to Lean Thinking.

Examples of ground disturbance include, but are not limited to, tree removal, burying a tank, new parking, increases in building footprint, adding a new fence, etc. If there is uncertainty regarding what may constitute ground disturbance, contact <u>LeanThinking@hud.gov</u> in advance of application submission.

### Key Questions

### State Historic Preservation Office (SHPO) Clearance

#### Program Guidance:

The lender may submit a Section 106 request to SHPO in order to expedite the process.

<< Provide narrative description indicating that the SHPO has been contacted, information sent to SHPO, and any response received.>>

#### **Key Questions**

- 1. Was the SHPO contacted?
- 2. Was the SHPO website for the project's state reviewed for any specific information required by that SHPO and was this information provided?
- 3. Was all correspondence with the SHPO provided in the application?
- 4. Are there any known historic preservation issues related to the subject?
- 5. Have any other archeological or cultural resource centers been consulted?

<<As applicable, for each "yes" answer above, provide a narrative discussion on the topic. For example: "We have received a letter from the XXXX State Historic Preservation Office, dated XXXX. It was determined that the site is of no historical or suspected cultural significance. No additional investigation was recommended by the State." Please indicate if a response has not been received. If the SHPO concluded that the project will have an adverse effect, please explain how this will be mitigated.>>

### Area of Potential Effects

The underwriter has made the following modification for the working capital analysis:

Example:

- Only used accounts receivable less than 90 days old
- Did not use accounts receivable from related parties.
- Did not include prepaid expenses.

*The underwriter's analysis of Work in Progress is as follows:* 

Job	Contract Amount	% Compl ete	Contract Balance	Used for Work In Progress_
Project A	\$ 309,875	87.0%	\$ 40,284	\$ 40,284
Project B	25,790,007	92.6%	1,908,461	-
Project C	11,050,619	99.6%	44,202	-
Project D	1,673,600	66.5%	560,656	560,656

	\$ 58,001,834 <b>5</b> 9	% of Worl	\$ 10,416,912 k in Progress	\$ 8,447,572 = <b>422,379</b>

The underwriter calculated the working capital necessary for the work in progress as 5% of the contract balances for all work that was less than 90% complete. The working capital for the planned sister facility in XXXXX is 5% of the contract amount of \$6,356,426. The working capital for the subject is 5% of the contract amount of \$6,502,743.

Based on the above adjustments and analysis, the underwriter concludes to the following working capital analysis:

Current Assets	10,150,000
Current Liabilities	(7,911,000)
Working Capital	\$ 2,239,000
Working Capital for Other Work in Progress	(422,379)
Working Capital for planned SISTER Facility	(317,821)
Working Capital for Subject	(325,137)
Excess Working Capital	\$ 1,173,663

The contractor clearly demonstrates sufficient working capital for the current work in progress and the planned sister facility and the subject facility. In addition to the above working capital, the contractor also has a \$XXXXM revolving line of credit that currently has no balance. The line of credit is available to supplement the above working capital, if necessary, during construction. >>

# Conclusion

<< Provide narrative discussion of underwriter's conclusion and recommendation. For example, "The general contractor has demonstrated an acceptable financial and credit history. The general contractor has the experience to continue to complete the construction. The underwriter recommends this general contractor for approval as an acceptable participant in this transaction." >>

# Risk Management Program

**Program Guidance:** See Risk Management Program grid on the Section 232 program website for additional guidance. Note that the below tier descriptions are general descriptions and HUD retains discretion to require additional risk management measures, as warranted, on a case by case basis.

#### Risk Management Tier General Descriptions:

*Tier 1 Baseline:* For most assisted living and low-risk skilled nursing projects with no more than one incident of actual harm/immediate jeopardy in the past three years. In these instances, the risk management program may be administered internally or by a third party provided the party administering the program is qualified.

*Tier 2 Elevated Risk: Higher risk projects with two more incidents of actual harm/immediate jeopardy within the past three years. In these instances the risk management program should be administered by a third party.* 

#### (Note both Tier and Internal/External)

Tier 1 Baseline	Internally Administered Risk Management
	Program
Tier 2 Elevated Risk	External 3 <sup>rd</sup> Party Administered Risk
	Management Program

Describe the Risk Management Program and how it meets the following requirements

- 1. Real-time incident reporting and tracking that informs senior management:
- 2. Experience of Staff:
- 3. Training:
- 4. Continuous Improvement:

<< If a third party is involved, describe the contractual arrangement, what company has been contracted, what the contract provides for, when the contract was entered into, when it expires, what results have been seen thus far if the contract has been in place, etc..>>

## Staffing

<< Provide narrative description of review. For example, "The appraiser and underwriter have reviewed the proposed staffing to be charged to the facility and found it to be acceptable and within reason.">>

## **Operating Lease**

**Program Guidance:** Handbook 4232.1, Section II Production, Chapter 8.6, Operating Lease Requirements

	rrent lease payment:			
Major movable equipment ownership: <pre></pre>				
Ke	y Questions		Yes	No
1.	Will the facility be subleased (master lease)?			
2.	At closing, will the lease have a term that will expire within 5 years with no lease renewal options?			
3.	Does the lease contain any non-disturbance provisions?

<< For each "yes" answer above, provide a narrative discussion on the topic describing the risk <u>and</u> how it will be mitigated.>>

#### Lease Payment Analysis

The lease payments must be sufficient to (1) enable the borrower to meet debt service and impound requirements and (2) enable the operator to properly maintain the project and cover operating expenses. The minimum annual lease payment must be at least 1.05 times the sum of the annual principal, interest, mortgage insurance premium, reserve for replacement deposit, property insurance and property taxes.

The underwriter has prepared an analysis demonstrating the minimum annual lease payment.

a.	Annual principal and interest	\$
b.	Annual mortgage insurance premium	
с.	Annual replacement reserves	
d.	Annual property insurance	
e.	Annual real estate taxes	
f.	Total debt service and impounds	\$
h	Minimum annual lease payment	\$
•		

<< Compare the minimum annual lease payment to the current lease payment. If the lease payment needs to increase, add the following language: "The lease payment must be increased to \$XX per year (\$XX per month). The underwriter has included a special condition to the firm commitment requiring the lease payment be revised to meet or exceed this minimum." If the lease payment does not need to increase, add the following language: "The current lease payment is sufficient. The recommended annual lease payment also provides the operator with an acceptable profit margin.">>>

#### Responsibilities

<< Provide a description of the responsibilities of the lessor and lessee under the terms of the lease with regard to the following: payment of real estate taxes, maintenance of building, capital improvements, replacement of equipment, property insurance, etc.>>

#### Master Lease

**Program Guidance:** Handbook 4232.1, Section II Production, Chapter 13. It is the lender's responsibility to read the handbook chapter and provide HUD with a full set of documents for review of the proposed master lease or alternative master lease structure.

#### Key Questions

		Yes	No
1.	Are three or more projects (or two projects with an aggregate total mortgage loan amount greater than \$15 million) being submitted to HUD that are under common control or have the same ownership?		
2.	Have projects under common control or with the same ownership applied for mortgage insurance or a TPA within the <i>past</i> 18-months OR will projects under common control or with the same ownership apply for mortgage		
	insurance or a TPA within the <i>next</i> 18 months?		
3.	Is the parent of the operator the same for all of these projects?		
If y	you answered "yes' to all three questions, a master lease or master lease alternati	ive is requ	uired.
		Yes	No
1.	Is a new master lease proposed for the subject project?		
2.	Will the subject project be joined to an existing HUD master lease?		
3.	Do the borrower principals currently participate in any other HUD master leases?		
Δ	Does the parent of the operator currently participate in any other HUD master		

4. Does the parent of the operator currently participate in any other HUD master leases?

<< Provide a narrative describing the terms and conditions of the master lease proposed payments to and from the master tenant, lease agreements between borrower, master tenant and subtenants, the flow of funds from the subtenants to the master tenant and the borrower (including the AR lender if applicable), and any waivers or requests for modification to standard requirements.

*If the subject is being joined to an existing master lease, list projects/project numbers already included in the master lease.* 

Describe any other HUD master leases the principals of the borrower or parent of the operator are party to, list projects/project numbers, and indicate the HUD lender who is party to the lease(s).>>

## Accounts Receivable (A/R) Financing

**Program Guidance:** For New Construction projects that will have a new AR Financing Line put into place prior to occupancy, and the specific AR Financing Terms have not yet been determined, documents may be submitted to HUD for review no later than 70% construction completion. The Firm Commitment should include a special condition requiring that AR financing documents be submitted to HUD prior to 70% construction completion.

Ke	y Questions	Yes	No
1.	Does the AR loan require any guarantees from the borrower, operator,		
	parent of the operator, or any of those entities' principals?		
2.	Are the guarantors guaranteeing performance on any other AR loans?		
3.	Does the AR loan involve multiple facilities or borrowers ?		
	a. Does the AR loan involve any non-HUD-insured properties?		
	b. DIs the subject being added to an existing HUD-Insured AR line that has already been reviewed/approved by HUD?		
4.	Is there an identity of interest between the AR lender and the AR borrower?		
5.	Is there a conflict of interest between the AR lender and the borrower or its principals (as defined in Handbook 4232.1, 15.4.E or its successors)?		
6.	Does the maximum AR loan amount exceed 85% of the Medicaid, Medicare, and other governmental accounts receivable less than 121 days old?		
7.	Of the total Medicaid, Medicare and other governmental accounts receivable less than 121 days old, are more than 30% over 90 days old?		
8.	Does the AR lender have less than 3 years of experience providing AR financing?		
9.	Does the AR lender monitor the borrowing base on a daily/weekly/monthly basis?		
10.	Are the borrower or operator out of compliance with any business agreements or loan covenants (i.e., in default on those agreements, not current on financial submissions, etc.)?		

11. Is the AR loan being syndicated or participated?	Yes	No
12. Does the Intercreditor Agreement (ICA) propose additional obligations		
beyond those allowed as the types of AR Loan Obligations that may be		
secured by project collateral?		
13. Does the ICA propose loan extensions or interest rate changes?		
14. Does the ICA include any cross-default or cross-collateralization		
provisions?		
15. Does the ICA identify a flow of funds inconsistent with the cash flow chart?		

<<For each "yes" answer above, provide a narrative discussion regarding the topic. For projects being added to an existing HUD-Insured AR line, provide specific information on when the AR line was originated (date), when documents were reviewed/approved by HUD, which HUD OGC field office performed he review, and provide a listing of projects participating in the line (project name, FHA#) >>

#### **Terms and Conditions**

- 1. Describe the borrowing base formula (e.g., XX% of the AR borrowers accounts receivable up to 120 days):
- 2. Describe term and renewal options:
- 3. Describe the rate applied to the used and unused portion of the AR loan:
- 4. Other fees (i.e., financing fees, late payment fees, etc.):

#### Mechanisms for operator receipts, disbursements and control of operator funds:

<< Describe the flow of all funds, into and out of accounts. Describe how deposit accounts are controlled (e.g., number of controlled accounts, hard or springing lockbox, daily sweeps, etc.). Attach cash flow chart.>>

#### Collateral/Security

<Provide narrative description of the AR lender's collateral/security. Explain any unsecured AR financing.>>

#### **Permitted Uses and Payment Priorities**

<< Provide descriptions of the permitted uses of the AR loan funds in order of priority. For example: (1) debt service incurred in connection with the AR loan; (2) operating costs; and (3) distributions to the operator's shareholders.>>

#### Proposed AR Loan Costs

<<If the AR borrower is obtaining AR financing for the first time, provide a financial analysis that demonstrates that the AR borrower has sufficient financial capacity to pay all projected operating expenses, AR financing costs and loan payments, and all rent or debt service payments. The analysis must assume the maximum AR loan amount to stress test the AR financing based on the lesser of the operator's 12-month trailing operating statements or the underwritten NOI. Calculate the impact on the borrower's debt coverage after payment of the AR loan expenses and payments.>>

Assuming the \$ maximum AR loan limit, an annual interest rate of %, and that the entire amount is outstanding for the year, the maximum annual interest expense would be \$ . In addition to the interest, the other associated fees are the fees <<li>list types of fees>>, that total \$ per year for the same assumed balance. An analysis of the operator's 12 month trailing financial statement (Month 20XX – Month 20XX) is below:

12-Month Trailing Operating History				
Operating revenue	\$			
Less: Operating expenses				
Net operating income (NOI)	\$			
Annual P&I + MIP	\$			
AR fee: Interest				
AR fee: Other				
Total annual mortgage & AR debt service	\$			
DSCR including AR				

The underwriting assumed an NOI of \$ . The 12-month trailing NOI is \$ . The annual debt service including the MIP amount is \$ per year. Adding the AR fees equates to a total mortgage and AR debt service expense of \$ per year. This equates to prospective debt service coverage.

<< If multiple HUD-insured facilities have access to the AR loan, repeat the analysis above with the consolidated revenues and expenses for all those facilities.>>

#### Recommendation

<< The lender recommends approval of the AR loan.>>

## **Insurance**

#### Professional Liability Insurance Coverage (PLI)

**Program Guidance:** Handbook 4232.1, Section II Production, Appendix 14.1. For New Construction projects that will have a new PLI policy put into place prior to occupancy, and the specific PLI policy terms have not yet been determined, documents may be submitted to HUD for review no later than 70% construction completion. The Firm Commitment should include a special condition requiring that PLI documents be submitted to HUD prior to 70% construction completion. A HUD approved PLI policy must be put into place prior to Permission to Occupy.

	Yes	No
The subject will be the only project on the PLI policy, however, the specific		
policy information is not yet available and will be submitted prior to 70%		
construction completion.

## **Key Questions**

		Yes	No
1.	Does the insurance policy cover multiple properties?		
2.	Is less than 6 years of lost history available?		
3.	Does the loss history indicate any professional liability claims over \$35,000?		
4.	Does the loss history or potential claims certification indicate any uncovered claims?		
5.	Does the loss history or potential claims certification indicate any claims that would exceed the per occurrence or aggregate coverage limits at the facility?		
6.	Has the facility been covered by a "claims made" policy at any time during the statute of limitations for the State in which the facility is located?		
7.	Is the policy funded on a "cash front" basis?		
8.	Is an actuarial study applicable (self-insurance)? ( <i>If yes, discuss results below.</i> )		
9.	For all facilities Owned, Operated or Managed by the operator and/or parent of the operator, are there any surveys/reports that have open G-level or higher citations outstanding? (As appropriate, provide a complete analysis of the surveys.)		
10.	Are any entities that provide resident care (as discussed in the Provider Agreements and Resident Care Agreements/Rental Agreements) not covered by the PLI policy?		
11.	. Are there any PLI issues that require special consideration?		
<<	For each "yes" answer above, provide a narrative discussion on the topic desc	ribing the	e risk

and how it will be mitigated.

*Example:* **1.***Multiple properties*: The underwriter notes that the professional liability policy is a 'blanket' policy covering XXX facilities, including the subject...{address potential impact of other facilities on the subject's coverage}

*Example:* **2.***Less than* **6***year loss history*: The claims history reports were examined for the period XX through XX. The underwriter determined that there were no professional liability XX claims during that period... {Address claims and sufficiency of coverage, etc. based on history}.

Example: <u>Claims made coverage</u>: The project's previous professional liability insurance coverage was a "claims made" form policy with XXXX, which expired XXXX, when the current policy was put in place. In XXXX the borrower purchased a "nose coverage" policy which is the coverage needed when going from a "claims made" form of insurance to a "per occurrence" form of insurance. The premium for this "nose" coverage liability was a one-time charge and was paid in XXX. Because of that additional insurance coverage, the insurance expense for XXXX was substantially higher than the current expense. The current "per occurrence basis" insurance policy covers the entire statute of limitations. The project's professional liability insurance is in compliance with HUD's requirements. >>

#### Lawsuits

<<Identify all potential or expected professional liability insurance (PLI) claims in excess of \$35,000 that have been or may be filed for all periods within the statute of limitations for the state where the claim occurred. Identify any reserves held for potential claims. Discuss the risk associate with each potential PLI claim. Discuss how that risk is mitigated. Describe the circumstances, identify the potential award amount, provide evidence and analysis showing that the suits are covered by PLI insurance, and if the insurance is not sufficient, does the insured demonstrate adequate funds to cover the potential excess? Describe any other information that mitigates the risk.

As applicable, discuss other types of lawsuits (non-PLI) and describe the potential risk related to the party's participation in the proposed project. Discuss how that risk is mitigated. If the suit is closed, does it contribute to a pattern? Does it materially affect the party's ability to participate in the project? If not closed, describe the circumstances, identify the potential award amount, provide evidence and analysis showing that the suits are covered by insurance (general liability), and if the insurance is not sufficient, do they demonstrate adequate funds to cover the potential excess? Describe any other information that mitigates the risk.>>

## Commercial General Liability Insurance

<<*Provide narrative discussion of policy coverage for bodily injury, property damage and personal injury. For example: General liability insurance will be provided by XX. The* 

underwriter has confirmed estimates of the cost and coverage for underwriting. The insurance coverage will comply with HUD requirements prior to permission to occupy.>>

### **Property Insurance**

<< Provide narrative discussion of review. For example, "Hazard and Liability insurance has been and/or will be provided by XX. The underwriter has confirmed estimates of the cost and coverage for underwriting and that it complies with HUD requirements.">>

### **Builder's Risk**

<< If contractor is paying, show in contractor's other fees. If borrower is paying, show in borrower's other fees.>>

## Fidelity Bond/Employee Dishonesty Coverage

Provide narrative discussion of fidelity bond / crime insurance coverage. For example: "A fidelity (crime) insurance with the limit of \$XX and \$XX deductible will be put into place prior to Permission to Occupy. The HUD requirement for at least two months **potential** gross income receipts would total \$XX.

#### Recommendation

<<Provide narrative recommendation regarding acceptability of professional and general liability insurance. For example: "The borrower's professional and general liability insurance was analyzed in accordance with Handbook 4232.1, Section II Production, Chapter 14 and Appendix 14.1.). The property has XX current potential (threatened) insurance claims at this time as reflected on the certification provided by the borrower. It is {lender's} opinion that the information provided above and in the application sufficiently demonstrates that the existing professional liability coverage meets HUD's requirements and that the risk from professional liability issues is sufficiently addressed. No modifications to the current coverage are recommended.">>>

# **Tax Credits**

**Program Guidance:** If the proposed documents do not currently comply with the requirements, outline the differences, what changes are required, and how they are justified. Note that proposed changes to OMB form documents must go through the ORCF document change protocol. Also, documents previously negotiated Multifamily documents are not automatically approved for use in Section 232 transactions, and must receive specific ORCF approval for use.

Will t	ne subject have tax credits? (If no, skip this section)	Yes	No
Key (	Questions		
		Yes	No
1.	Do the tax credits require the project to comply with an affordability restriction?		
2.	Does the lender have any concerns with the experience or financial strength of the proposed tax credit syndicator?		
3.	Will there be an equity bridge loan?		
	a. If there will be an equity bridge loan, will it be retired after final closing?		
4.	Do the tax credit documents conflict with ORCF requirements in any way?		
5.	Does the proposed funding schedule depart from the guidelines set out in the handbook?		
6.	Does the funding schedule propose that any borrower funds required for completion of the project be escrowed after initial closing?		
7.	Does the funding schedule propose that any borrower funds escrowed for completion of the project be disbursed after mortgage proceeds are disbursed?		
8.	Does the funding schedule propose that equity be contributed to construction draws according to any method other than a pro rata share?		
9.	Will there be a lack of funds needed to meet the borrower's cash contribution be in the transaction, and any equity bridge loan NOT be retired by final closing?		

<< For each "yes" answer above, provide a narrative discussion regarding the topic.>>

# Mortgage Loan Determinants

## Overview

The mortgage criteria shown on the form HUD-92264a-ORCF are summarized as follows:

Requested amount:	\$
Amount based on replacement cost:	\$
Amount based on loan to value:	\$
Amount based on debt service coverage:	\$
Amount based on total indebtedness:	\$
Amount based on deduction of loans, grant(s), loan(s), LIHTCs, and gift(s) for mortgageable items:	\$

## Criterion C: Amount Based on Replacement Cost

The amount based on replacement cost limit is \$ . This is based on 90% of the replacement cost of the improvements of \$ .

#### Criterion D: Amount Based on Loan-to-Value

The \$ value of improvement limit was calculated in accordance with HUD guidelines. This is based on a value of \$ .

### Criterion E: Amount Based on Debt Service Coverage

The \$ debt service limit was calculated using the underwritten NOI of \$

#### Criterion L: Deduction of Grants, Loans, and Gifts

The limit was calculated in accordance with HUD guidelines as follows:

a.	Amount based on estimated cost of construction	\$
b.	(1) Grants/loans/gifts	
	(2) Tax credits	
	(3) Value of leased fee	
	(4) Excess unusual land improvement cost	
	(5) Unpaid balance of special assessment	
	(6) Sum of lines (1) through (5)	\$
c.	Line a minus line b (6)	\$

The secondary sources are discussed in detail below in the Sources & Uses section of the narrative.

# Sources & Uses – Copied From HUD 92264a-ORCF

**Program Guidance:** In the case of tax credit transactions, the individual sources must be spelled out, as well as any non-mortgageable costs. Details regarding the requirements of those sources and uses should be discussed in the tax credit section, or under Secondary Sources, as applicable.

<< Provide a statement of Sources and Uses of actual estimated cost at closing. Include all eligible and ineligible costs.>>
