Machine Readable Data Feedback Survey

Thank you for your interest in NARA's machine-readable records schedule data. Your answers to the following questions will help NARA determine how best to make this data available to Federal agencies, public interest groups, and the general public.

1. Is the explanatory information provided with the file adequate?
   a. Yes
   b. No

2. How do you plan to use this record schedule's datasets?
   a. Upload to a records management application (RMA)
   b. Re-purpose the data for non-records management use
   c. Upload to a website
   d. Import into a (non-RMA) records management tool
   e. Other, please explain _____

Currently, NARA can only export records schedules created in the Electronic Records Archive (RCS) as a .csv file.

3. Does having record schedule datasets only available online as a .csv file meet your needs?
   a. Yes
   b. No

4. If no, what other formats do you think NARA should explore using?
   a. HTML (HyperText Markup Language)
   b. XML (Extensible Markup Language)
   c. JSON (JavaScript Object Notation)
   d. RDF (Resource Description Framework)
   f. Other, please be specific

5. Additional comments and/or suggestions?
