Do you have additional comments or suggestions?

“Last meeting was the best. Meeting materials were sent out further in advance. I liked the chance for members to present a topic that was meaningful to each team.”

“This year was a wonderful experience. I am happy and proud to have had the opportunity to serve on the CBAC. It was clear throughout the year that the Bureau was committed to sponsoring relevant and thought provoking meetings that addressed not only topics on the Bureau's agenda, but also topics we raised as being important to us as community bankers. For example, to allow for sufficient time to cover additional topics and in the most productive manner, the Bureau changed the June meeting from a conference call to a two-day in person meeting. I also appreciated the opportunities allotted for us to have conversations with Bureau staff outside of the formal meetings (e.g., networking events, breakfasts, and dinner).”

“The closed sessions provided for the most robust and constructive dialogue. I enjoyed having all the committees meet together to get different perspectives on a single topic in the same room.”

“I appreciated the second half of the year was devoted to policy issues, at times it appears it is a platform for the CFPB to publicly display their activities and not focus on policy initiatives.”

“It was an excellent experience and brought faces to Washington regulators”
