

**SUPPORTING STATEMENT JUSTIFICATION FOR  
OVERTIME AND HOLIDAY INSPECTION FEES FOR SMALL AND VERY SMALL ESTABLISHMENTS**

**1. Circumstances Making Collection Of Information Necessary:**

This is a request for a new information collection for overtime and holiday inspection fees for small and very small establishments.

FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53), as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*) and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). These statutes mandate that FSIS protect the public by verifying that meat, poultry, and egg products are safe, wholesome, unadulterated, and properly labeled and packaged.

**2. How, By Whom and Purpose Information Is To Be Used:**

The following is a discussion of the required information collection and recordkeeping activities.

Provisions of the American Rescue Plan Act are intended to reduce costs for small businesses. As such, the Food Safety and Inspection Service (FSIS) intends to reduce overtime and holiday inspection fees for small and very small meat, poultry, and egg products establishments. FSIS will collect information on FSIS Form 5200-16, *Overtime/Holiday Rate Reduction Form*, to determine whether an establishment inspected by FSIS qualifies for an overtime and holiday inspection fee reduction, and, if so, the amount of the reduction. If an establishment experiences any change in qualifying circumstances, it must immediately notify FSIS by resubmitting the attestation form.

**3. Use Of Improved Information Technology:**

Under the Government Paperwork Elimination Act, FSIS form 5200-16 may be completed electronically; but then it must be submitted in paper to FSIS.

**4. Efforts To Identify Duplication:**

FSIS has determined that these information collections will not duplicate any other information collections. The required records and reports are not available from other sources, either within government or from non-government sources. There is no similar information that can be used or modified.

**5. Methods To Minimize Burden On Small Business Entities:**

All establishments who want to participate in the reduction program will be small businesses.

**6. Consequences If Information Were Collected Less Frequently:**

To conduct the information collections less frequently would reduce the effectiveness of the meat and poultry inspection program that ensures that meat and poultry products are properly marked, labeled and packaged.

**7. Circumstances That Would Cause The Information Collection To Be Conducted In A Manner:**

- requiring respondents to report information to the agency more often than quarterly;
- requiring respondents to prepare a written response to a collection of information in fewer than 30 days after receipt of it;
- requiring respondents to submit more than an original and two copies of any document;
- requiring respondents to retain records, other than health, medical, government contract, grant-in-aid, or tax records for more than three years;
- in connection with a statistical survey, that is not designed to produce valid and reliable results that

- can be generalized to the universe of study;
- requiring the use of a statistical data classification that has not been reviewed and approved by OMB;
- that includes a pledge of confidentiality that is not supported by authority established in statute or regulation, that is not supported by disclosure and data security policies that are consistent with the pledge, or which unnecessarily impedes sharing of data with other agencies for compatible confidential use; or
- requiring respondents to submit proprietary trade secret, or other confidential information unless the agency can demonstrate that it has instituted procedures to protect the information's confidentiality to the extent permitted by law.

There are no special circumstances that require the collection of information to be inconsistent with 5 CFR 1320.6.

#### **8. Consultation With Persons Outside The Agency:**

In accordance with the Paperwork Reduction Act, FSIS published a 60-day notice, *Notice of Request for a New Information Collection (Overtime and Holiday Inspection Fees for Small and Very Small Establishments)* on July 15, 2021, (86 FR 37274). The Agency received one comment from the National Bison Association requesting their members receive overtime reductions. FSIS responded and explained that establishments that purchase voluntary inspection under the Agricultural Marketing Act were not included in the American Rescue Plan.

FSIS also contacted Erik Gross, 917-841-6859; Jennifer Grantham, 800-624-8777; Brad Corpe, 760-668-8480; and Ben Beckwith, 518-781-4050, to request input on the Agency's burden estimate. All individuals agreed with the Agency's burden estimate. Therefore, the Agency is making no change to the estimated time for completion.
