State Agency Child Nutrition Director Survey: Fall 2021

State Agency Child Nutrition Director Survey: Fall 2021

Sponsored by:

U.S. Department of Agriculture
Food and Nutrition Service

The Food and Nutrition Service (FNS) is collecting this information to understand how the COVID-19 pandemic has affected school food authority (SFA) operations and finances and to satisfy State agencies' congressionally mandated reporting requirements for the COVID-19 nationwide waivers pursuant to section 2202 of the Families First Coronavirus Response Act (P.L. 116-127). This is a mandatory collection for State agencies and SFAs. FNS will use the information to assess how the waivers improved services to children and to inform FNS's planning, policy, and guidance related to state and local meal service operations. Because the personally identifiable information (PII) requested under this collection will not be used to retrieve survey records or data, requirements of the Privacy Act of 1974 do not apply. Responses will be kept private to the extent provided by law and FNS regulations. According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0584-0607. The time required to complete this information collection is estimated to average 6 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: U.S. Department of Agriculture, Food and Nutrition Service, Office of Policy Support, 1320 Braddock Place, 5th Floor, Alexandria, VA 22314, ATTN: PRA (0584-0607). Do not return the completed form to this address.

Introduction

The U.S. Department of Agriculture (USDA), Food and Nutrition Service (FNS), has contracted with Mathematica to conduct the School Meals Operations (SMO) Study. This survey is collecting information on the statutory reporting requirements for the nationwide Child Nutrition COVID-19 waivers that FNS first authorized during school year (SY) 2020-2021 and changes in use of nationwide Child Nutrition COVID-19 waivers that were extended through SY 2020-2021.

The nationwide COVID-19 waivers apply to the following Child Nutrition Programs:

- National School Lunch Program (NSLP)
- School Breakfast Program (SBP)
- Seamless Summer Option (SSO)
- Summer Food Service Program (SFSP)
- Child and Adult Care Food Program (CACFP)*

Federal statute requires each State Agency that oversees these programs to report on:

1. The use of each waiver by the State Agency and local program operators, and
2. A description of whether and how each waiver resulted in improved services to children.

** This study is focused on Child Nutrition Programs and is not collecting information on use of the waivers for CACFP operations in adult day care centers.*

Full participation in the SMO Study will satisfy your State Agency's reporting requirements for the nationwide Child Nutrition COVID-19 waivers used during SY 2020-2021.

The information you provide will be kept private to the full extent allowed by law. This means that your personal information will be kept private and not associated with any of your responses about your agencies' operations. The responses you provide about operations may be tabulated separately for each State so that the public will be able to determine how your agency operates the Child Nutrition Programs.

We thank you in advance for your time and cooperation in this important study. If you have any questions about the study or about completing this survey, please email SMOStudy@mathematica-mpr.com or call Mathematica toll-free at 833-440-9475.

Instructions.**Instructions for Completing the Survey**

- **You may view a PDF or Word version of the full data collection instrument here.** Note that this does not include the display logic so you may see questions that do not apply to your State Agency.
- Question numbers may not follow sequentially as you proceed through the data collection instrument. The numbers are only displayed to assist you in following along with the hard copy, if desired.
- You may view FNS guidance on each of the waivers here.
- If you need a colleague to complete a section of the survey, you should forward them the email with the link to the survey. They do not need a separate link.
- **Avoid having multiple people logged into the survey at once.** Responses may not be recorded correctly if multiple users are logged into the survey at the same time.
- If you or a colleague are returning to finish your saved survey, the program will return to the **“Survey Sections”** menu. Use the menu to return to previous questions or start a new section.
- Within each section you may review your unanswered questions using the **“Section Review”** link at the top of the page.
- This survey has been optimized to run on a desktop computer and is best viewed in the latest versions of Chrome, Firefox, or Internet Explorer.
- Click the **“Next”** button to progress in the survey. You must click this button to save your responses. **If you cannot complete the survey in one sitting, click the “Next” button before you close your browser.** Your answers will be saved.
- Click the **“Back”** button to go to the previous question.
- **Use the buttons and links within the survey.** Using your browser’s “Back” function may cause errors.
- Definitions for key terms are provided in the **glossary** located on the “Help” page. As you complete the survey, you may return to this page at any point via the “Help” link in the lower left corner of the window.
- If you have any questions about the study or about completing this survey, please email SMOStudy@mathematica-mpr.com or call Mathematica toll-free at 833-440-9475.
- If you would like a copy of your responses to the first SMO survey that you completed in the spring, please email SMOStudy@mathematica-mpr.com.

Waiver list

The fall 2021 School Meals Operations (SMO) Study survey will focus on the reporting requirements associated with the nationwide waivers that were first authorized during SY 2020-2021. In addition, to ensure that reporting requirements are satisfied for extensions of the nationwide waivers covered in the first SMO survey (conducted in spring 2021), this survey will collect information on changes in waiver use since September 2020 for the nationwide waiver extensions that were applicable to SY 2020-2021 or summer 2021.

Note that this survey does not focus on the reporting requirements associated with the nationwide waivers used during SY 2021-2022. The summer 2022 School Meals Operations (SMO) Study survey will collect that information.

Below is the waiver list that includes the full, formal name of each waiver with a link to the FNS guidance and, underneath, the shortened waiver name that will be used in the survey for simplicity. The shortened names include the waiver number, a short description, the extension number, and the waiver end date.

X. Waivers First Authorized in SY 2020-2021

ALL

- X1.** FNS first authorized certain nationwide Child Nutrition COVID-19 waivers during SY 2020-2021. The next few sections of this survey focus on the reporting requirements associated with these waivers. Which of these nationwide waivers did your State Agency use in SY 2020-2021?

We understand that you reported to FNS which waivers your State elected in SY 2020-2021. However, questions in this information collection will be based on your answers to this question. Your answers ensure this effort gathers the information needed for your State Agency to meet the statutory reporting requirements for each waiver.

FNS guidance on each of the waivers is available here [link to Waivers List page].

G. Emergency Funding

ALL

G1_intro. This section is about use of the Child Nutrition Emergency Operational Costs Reimbursement Program(s), which were intended to provide additional funding for local Child Nutrition Program operators whose revenues declined or were temporarily interrupted during the early months of the pandemic (March-June 2020) due to COVID-19 related restrictions and closures.

Together with the Nationwide Waivers offered by FNS under the Families First Coronavirus Response Act, the Child Nutrition Emergency Operational Costs Reimbursement Programs are specifically targeted toward addressing operational hurdles faced by program operators and aim to deliver relief from the impacts of COVID-19. Your responses to the questions below combined with your input on the use and impacts of the Nationwide Waivers will help FNS to gain a comprehensive understanding of how successfully these policies worked together to help State and local agencies to overcome their pandemic challenges.

State agencies that chose to participate in these reimbursement programs must submit a report to FNS no later than March 31, 2022 that includes a summary of the use of program funds by the State agency and program operators that received benefits. Completion of this survey section satisfies that statutory reporting requirement, though FNS will provide State agencies additional opportunities in the future to voluntarily share supplemental information they may have collected on the use of these funds by program operators.
