RE: 2020 Census CQR Case Number <CaseID#>

Dear <Position> <Last Name>:

Thank you for your submission to the 2020 Census Count Question Resolution operation (CQR). This letter serves as the official determination for your submission. We reviewed the documentation you provided in conjunction with the official 2020 Census records as part of our research to resolve your question(s). Our research found an error(s) within the legal boundary of your governmental unit.

Enclosed are your revised housing and population counts in the form of an official statement and a detailed table. If your CQR case resulted in a change for an adjacent governmental unit, they will receive a separate notification regarding their revised counts. You will receive a courtesy copy (CC) of their notification.

Thank you for sharing your concerns, and for your efforts to ensure that the 2020 Census counts are accurate. If you have questions, please contact the CQR Help Desk by phone at 1-(888) 369-3617 or by email at dcmd.2020.cqr.submissions@census.gov. Please cite the 2020 Census CQR case number shown above in your communication.

Sincerely,

A handwritten signature in blue ink, appearing to read "RJ".

FROM THE DIRECTOR
U.S. CENSUS BUREAU

This is an official statement of the revised 2020 Census counts of housing and population made through 2020 Census CQR case number <CaseID#>.

~~~~~  
According to the official records of the TWENTY-FOURTH DECENNIAL CENSUS OF THE UNITED STATES, on file at the U.S. Census Bureau, the following are the revised counts as of April 1, 2020, for <GU name>, <State Name>:

Total Housing.....<#>  
Total Population.....<#>

~~~~~  
Because of the actions taken in this CQR case, the Census Bureau will include the revisions in the errata information available online from www.census.gov/programs-surveys/decennial-census/decade/2020/planning-management/evaluate/cqr.html. The Census Bureau will use the revisions to modify the decennial census file for use in annual postcensal estimates released for the years after the decennial census; however, the census counts used for congressional apportionment, legislative redistricting, and the 2020 Census data products will remain unchanged. See the enclosed table for a summary of the revisions. The table includes the original and revised counts of housing and population and the change calculated between the two.

Acting Director
