Instructions
APPLICATION FOR AN CRAB HARVESTING COOPERATIVE IFQ PERMIT

A Crab Harvesting Cooperative individual fishing quota (IFQ) Permit is an annual permit that authorizes the cooperative to harvest a defined annual amount of crab during a crab fishing year (July 1 through June 30). The amount of crab authorized by the permit is derived from the aggregate IFQ amounts that would otherwise have been issued to the members of the cooperative. Each cooperative will be issued a separate IFQ permit for each type of quota share (QS) held by its members.

A completed application for an annual crab harvesting cooperative IFQ permit must be submitted annually by each crab harvesting cooperative and received by NMFS **no later than June 15**. **Each member of the crab harvesting cooperative must be listed in Block B**. Each member of the crab harvesting cooperative is responsible for submitting an Annual Crab Individual Fishing Quota (IFQ) Permit application to NMFS no later than June 15.

If a complete application is not received by NMFS by this date, or postmarked by this date, the crab harvesting cooperative will not receive IFQ for the upcoming crab fishing year. In the event that NMFS has not received a complete and timely application by June 15, NMFS will presume that the application was timely filed if the applicant can provide NMFS with proof of timely filing.
