

LOGIN SCREEN

Welcome to IMS

Update:

Beginning on October 1, 2015, NCNR staff and facility users will be required to complete the NCNR Safety Awareness training presentation. Once you have logged into your IMS account, go to the "User Activities" menu and click "Online Training for NCNR Facility Users" to begin this training.

IMPORTANT NEWS

All visitors who plan to travel to the NCNR by personal car or rental car must provide evidence that the car is properly registered with the appropriate US state upon request. Vehicles without proof of US state registration will not be allowed into NIST. Visitors driving rental cars can show their rental agreement in lieu of vehicle registration.

OMB Control #: 0693-0081
 Expiration Date: 09/30/2021

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0693-0081. Without this approval, we could not conduct this survey/information collection. Public reporting for this information collection is estimated to be approximately 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. All responses to this information collection are voluntary/mandatory/required to obtain benefits. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to the NIST Center for Neutron Research at: 100 Bureau Drive, Mail Stop: 6102, Gaithersburg, MD 20899-1070, Attn: Przemek Klosowski at przemek.klosowski@nist.gov.

WARNINGWARNING**WARNING**WARNING**WARNING**

You are accessing a U.S. Government information system, which includes: 1) this computer, 2) this computer network, 3) all computers connected to this network, and 4) all devices and storage media attached to this network or to a computer on this network. Privacy Act Statement

Authority: The collection of this information is authorized under Public Law 107-347 E-Government Act of 2002 (FISMA Included), Public Law 200-253 Computer Security Action of 1987, OMB Circular No. A-130, Appendix III, Security of Automated Information Resources Department of Commerce IT Security Program Policy, Department of Commerce Administrative Orders, NIST Administrative Manual Chapter 11.02, NIST IT Security Management Handbook, and Privacy Act 1974

Purpose: The National Institute for Standards and Technology (NIST) Center for Neutron Research (NCNR) is a National User Facility for neutron scattering research. Its primary function is scientific research and development of methods for measuring physical and chemical properties of matter, in collaboration with external users of the facility. Information is collected in support of soliciting and reviewing proposals for scientific experiments at NCNR, allocating instrument time, managing the resulting site visits and resulting scientific data and publications.

Routine Uses: NIST will use this information to conduct necessary government business for the processing of applicants to gain entry into the NIST/NCNR Facility. Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 522a) to be shared among NIST staff for work-related purposes. Disclosure of this information is also subject to all the published routine uses as identified in the Privacy Act System of Records Notices: NIST 5: Nuclear Reactor Operator Licensees File; NIST 1: NIST Associates (this has a special section for Facility User Records for NCNR); DEPT. 25: Access Control and Identity Management System.

Disclosure: Furnishing this information is voluntary, however this information is required in order to obtain authorization to the NIST/NCNR Facility. The failure to provide accurate information may delay or prevent you from receiving this access. Submitting voluntary information constitutes your consent to the use of the information for the stated purpose. When you submit the form, you are indicating your voluntary consent for NIST to use of the information you submit for the purpose stated. This information may also be retained indefinitely as deemed necessary for the purpose of distributing updates and information.

Privacy Act Statement

Authority: The collection of this information is authorized under Public Law 107-347 E-Government Act of 2002 (FISMA included), Public Law 200-253 Computer Security Act of 1987, OMB Circular No. A-130, Appendix III, Security of Automated Information Resources Department of Commerce IT Security Program Policy, Department of Commerce Administrative Orders, NIST Administrative Manual Chapter 11.02, NIST IT Security Management Handbook, and Privacy Act 1974

Purpose: The National Institute of Standards and Technology (NIST) Center for Neutron Research (NCNR) is a National User Facility for neutron scattering research. Its primary function is scientific research and development of methods for measuring physical and chemical properties of matter, in collaboration with external users of the facility. Information is collected in support of soliciting and reviewing proposals for scientific experiments at NCNR, allocating instrument time, managing the resulting site visits and resulting scientific data and publications.

Routine Uses: NIST will use this information to conduct necessary government business for the processing of applicants to gain entry into the NIST/NCNR Facility. Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 522a) to be shared among NIST staff for work-related purposes. Disclosure of this information is also subject to all the published routine uses as identified in the Privacy Act System of Records Notices: NIST 5, Nuclear Reactor Operator Licensees File; NIST 1, NIST Associates (this has a special section for Facility User Records for NCNR); DEPT. 25, Access Control and Identity Management System.

Disclosure: Furnishing this information is voluntary, however this information is required in order to obtain authorization to the NIST/NCNR Facility. The failure to provide accurate information may delay or prevent you from receiving this access. Submitting voluntary information constitutes your consent to the use of the information for the stated purpose. When you submit the form, you are indicating your voluntary consent for NIST to use of the information you submit for the purpose stated. This information may also be retained indefinitely as deemed necessary for the purpose of distributing updates and information.

For additional information, see the [NIST Privacy Statement/Security Notice](#).

A Federal agency may not conduct or sponsor an information collection subject to the requirements of the Paperwork Reduction Project (P-018-001). The approved OMB Control Number for this reporting burden is 0704-0188. Reporting burden for this information collection is estimated to average 15 minutes per response, including reviewing instructions, searching existing data sources, gathering and maintaining the data needed, reviewing and collecting the data, and reviewing and maintaining the data. Information collection is voluntary/mandatory/required to obtain benefit/required to obtain or retain a benefit if the information does not include the information necessary for reducing this burden to the NIST Center for Neutron Research.

You are accessing a U.S. Government information system, and any communication you make on this system for authorized use only; you have no expectation of privacy for any information you provide, and any communication you make on this system may be monitored, recorded, and disseminated.

Privacy Act Statement

Authority: The collection of this information is authorized under Public Law 107-347 E-Government Act of 2002 (FISMA included), Public Law 200-253 Computer Security Action of 1987, OMB Circular No. A-130, Appendix III, Security of Automated Information Resources Department of Commerce IT Security Program Policy, Department of Commerce Administrative Orders, NIST Administrative Manual Chapter 11.02, NIST IT Security Management Handbook, and Privacy Act 1974

Purpose: The National Institute of Standards and Technology (NIST) Center for Neutron Research (NCNR) is a National User Facility for neutron scattering research. Its primary function is scientific research and development of methods for measuring physical and chemical properties of matter, in collaboration with external users of the facility. Information is collected in support of soliciting and reviewing proposals for scientific experiments at NCNR, allocating instrument time, managing the resulting site visits and resulting scientific data and publications.

Routine Uses: NIST will use this information to conduct necessary government business for the processing of applicants to gain entry into the NISTNCNR Facility. Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 522a) to be shared among NIST staff for work-related purposes. Disclosure of this information is also subject to all the published routine uses as identified in the Privacy Act System of Records Notices: NIST 5. Nuclear Reactor Operator Licensees File; NIST 1. NIST Associates (this has a special section for Facility User Records for NCNR); DEPT. 25. Access Control and Identity Management System.

Disclosure: Furnishing this information is voluntary, however this information is required in order to obtain authorization to the NIST NCNR Facility. The failure to provide accurate information may delay or prevent you from receiving this access. Submitting voluntary information constitutes your consent to the use of the information for the stated purpose. When you submit the form, you are indicating your voluntary consent for NIST to use of the information you submit for the purpose stated. This information may also be retained indefinitely as deemed necessary for the purpose of distributing updates and information.

For additional information, see the [NIST Privacy Statement/Security Notice](#).

A Federal agency may not conduct or sponsor an information collection subject to the requirements of the Paperwork Reduction Project (P-07-054). The approved OMB Control Number for this information collection is 1545-0047. Reporting burden estimates for this information collection are available at [www.reginfo.gov](#). Sources, gathering and maintaining the information may be voluntary/mandatory/required to obtain benefit/required to obtain or retain a benefit if the burden for reducing this burden to the NIST Center for Neutron Research is estimated to average 1 hour per response.

SUMMER SCHOOL APPLICATION

26th NCRN/CHRNS School on Neutron Scattering Application

OMB Control #: 0693-0081
Expiration Date: 09/30/2021

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0693-0081. Without this approval, we could not conduct this survey/information collection. Public reporting for this information collection is estimated to average approximately 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. All responses to this information collection are voluntary/mandatory/required to obtain benefits. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to the NIST Center for Neutron Research at: 100 Bureau Drive, Mail Stop 6102, Gaithersburg, MD 20899-1070, Attn: Przemek Klosowski at przemek.klosowski@nist.gov

WARNINGWARNING***WARNING***WARNING***WARNING***

WARNINGWARNING***WARNING***WARNING***WARNING***

Privacy Act Statement

Authority: The collection of this information is authorized under Public Law 107-347 E-Government Act of 2002 (FISMA included), Public Law 200-253 Computer Security Adon of 1987, OMB Circular No. A-130, Appendix III, Security of Automated Information Resources Department of Commerce IT Security Program Policy, Department of Commerce Administrative Orders, NIST Administrative Manual Chapter 11.02, NIST IT Security Management Handbook, and Privacy Act 1974.

Purpose: The National Institute for Standards and Technology (NIST) Center for Neutron Research (NCRN) is a National User Facility for neutron scattering research. Its primary function is scientific research and development of methods for measuring physical and chemical properties of matter, in collaboration with external users of the facility. Information is collected in support of soliciting and reviewing proposals for scientific experiments at NCRN, allocating instrument time, managing the resulting site visits and resulting scientific data and publications.

Routine Uses: NIST will use this information to conduct necessary government business for the processing of applicants to gain entry into the NISTNCRN Facility. Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 522a) to be shared among NIST staff for work-related purposes. Disclosure of this information is also subject to all the published routine uses as identified in the Privacy Act System of Records Notices: NIST 5, Nuclear Reactor Operator Licensees File; NIST 1, NIST Associates (this has a special section for Facility User Records for NCRN); DEPT. 25 Access Control and Identity Management System.

Disclosure: Furnishing this information is voluntary, however this information is required in order to obtain authorization to the NIST NCRN Facility. The failure to provide accurate information may delay or prevent you from receiving this access. Submitting voluntary information constitutes your consent to the use of the information for the stated purpose. When you submit the form, you are indicating your voluntary consent for NIST to use of the information you submit for the purpose stated. This information may also be retained indefinitely as deemed necessary for the purpose of distributing updates and information.

NEUTRON SCATTERING COURSE APPLICATION

Registration for Neutron Scattering Course (2021) at NCNR

OMB Control #: 0693-0081
Expiration Date: 09/30/2021

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0693-0081. Without this approval, we could not conduct this survey/information collection. Public reporting for this information collection is estimated to average approximately 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. All responses to this information collection are voluntary/mandatory/required to obtain benefits. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to the NIST Center for Neutron Research at: 100 Bureau Drive, Mail Stop: 6102, Gaithersburg, MD 20899-1070, Attn: Przemek Klosowski at przemek.klosowski@nist.gov.

WARNINGWARNING**WARNING**WARNING**WARNING**

You are accessing a U.S. Government information system, which includes: 1) this computer, 2) this computer network, 3) all computers connected to this network, and 4) all devices and storage media attached to this network or to a computer on this network. You understand and consent to the following: you may access this information system for authorized use only; you have no reasonable expectation of privacy regarding any communication of data transiting or stored on this information system; at any time and for any lawful Government purpose, the Government may monitor, intercept, and search and seize any communication or data transiting or stored on this information system, and any communications or data transiting or stored on this information system may be disclosed or used for any lawful Government purpose.

Privacy Act Statement

Authority: The collection of this information is authorized under Public Law 107-347 E-Government Act of 2002 (FISMA included), Public Law 200-253 Computer Security Action of 1987, OMB Circular No. A-130, Appendix III, Security of Automated Information Resources Department of Commerce IT Security Program Policy, Department of Commerce Administrative Orders, NIST Administrative Manual Chapter 11.02, NIST IT Security Management Handbook, and Privacy Act 1974

Purpose: The National Institute for Standards and Technology (NIST) Center for Neutron Research (NCNR) is a National User Facility for neutron scattering research. Its primary function is scientific research and development of methods for measuring physical and chemical properties of matter, in collaboration with external users of the facility. Information is collected in support of soliciting and reviewing proposals for scientific experiments at NCNR, allocating instrument time, managing the resulting site visits and resulting scientific data and publications.

Routine Uses: NIST will use this information to conduct necessary government business for the processing of applicants to gain entry into the NIST/NCNR Facility. Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 522a) to be shared among NIST staff for work-related purposes. Disclosure of this information is also subject to all the published routine uses as identified in the Privacy Act System of Records Notices: NIST 5: Nuclear Reactor Operator Licensees File; NIST 1: NIST Associates (this has a special section for Facility User Records for NCNR); DEPT. 25: Access Control and Identity Management System.

Disclosure: Furnishing this information is voluntary, however this information is required in order to obtain authorization to the NIST/NCNR Facility. The failure to provide accurate information may delay or prevent you from receiving this access. Submitting voluntary information constitutes your consent to the use of the information for the stated purpose. When you submit the form, you are indicating your voluntary consent for NIST to use of the information you submit for the purpose stated. This information may also be retained indefinitely as deemed necessary for the purpose of distributing updates and information.

For additional information, see the [NIST Privacy Statement/Security Notice](#).

Experiments

You do not have any experiments scheduled.

Privacy Act Statement

Authority: The collection of this information is authorized under Public Law 107-347 E-Government Act of 2002 (FISMA included), Public Law 200-253 Computer Security Action of 1987, OMB Circular No. A-130, Appendix III, Security of Automated Information Resources Department of Commerce IT Security Program Policy, Department of Commerce Administrative Orders, NIST Administrative Manual Chapter 11.02, NIST IT Security Management Handbook, and Privacy Act 1974

Purpose: The National Institute for Standards and Technology (NIST) Center for Neutron Research (NCNR) is a National User Facility for neutron scattering research. Its primary function is scientific research and development of methods for measuring physical and chemical properties of matter, in collaboration with external users of the facility. Information is collected in support of soliciting and reviewing proposals for scientific experiments at NCNR, allocating instrument time, managing the resulting site visits and resulting scientific data and publications.

Routine Uses: NIST will use this information to conduct necessary government business for the processing of applicants to gain entry into the NIST/NCNR Facility. Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 522a) to be shared among NIST staff for work-related purposes. Disclosure of this information is also subject to all the published routine uses as identified in the Privacy Act System of Records Notices: NIST 5: Nuclear Reactor Operator Licenses File; NIST 1: NIST Associates (this has a special section for Facility User Records for NCNR); DEPT. 25: Access Control and Identity Management System.

Disclosure: Furnishing this information is voluntary, however this information is required in order to obtain authorization to the NIST/NCNR Facility. The failure to provide accurate information may delay or prevent you from receiving this access. Submitting voluntary information constitutes your consent to the use of the information for the stated purpose. When you submit the form, you are indicating your voluntary consent for NIST to use of the information you submit for the purpose stated. This information may also be retained indefinitely as deemed necessary for the purpose of distributing updates and information.

For additional information, see the [NIST Privacy Statement/Security Notice](#).
