ℹ️ Task instructions Hide

Upload a copy of your transcripts using the following file name format: Last name, First name_UndergraduateTranscripts

Please upload a COPY of your official transcripts. To do so, obtain an official copy of your transcripts. If you send the file to yourself, open the email, save the PDF and upload to your profile. In some cases, encryption may prevent saving the PDF. In those cases, you may need to print to PDF or upload a picture (JPEG) of the transcripts. We are not responsible for transcripts that will not open in our system if you have not properly opened and saved the PDF. If you receive by mail, scan, ensuring the seal and signature are visible, and upload the attachment to your application. We understand that opening the transcripts technically makes them "unofficial" but this is our process for the application.

We will not accept transcripts by mail or email – you are responsible for uploading them. You will be able to see your uploads and review the documents before submission.

We are accepting this version of transcripts for applications. For fellowship award acceptance, we will request official copies by mail or email. You will be responsible for sending, if requested. Should we find any alterations to your transcripts or any falsified information, you will be removed from consideration. In addition, you will be banned from all future application periods.

NOTE: If uploading a new file (replacing an old file) you must use a unique name each time. Ex: First file was "Smith, John_ResearchProposal" please change version 2 to "Smith, John_ResearchProposal2" or something similar.
