<p>Terms of Clearance: Within two months of the approval of this ICR, CDC will submit a non-substantive change request confirming updates to the public-facing website reflecting the new language as indicated in the supplementary document associated with this package.</p> <p>Approved consistent with CDC's commitment to always communicate that these data do not provide for nationally representative prevalence estimates, due to the fact that not all states participate in CBLS and ABLS, as well as differences in jurisdictional screening practices and laboratory reporting requirements among state and local jurisdictions. However, use of the consistent case definition allows for estimating needs at the Federal, state, and local level which is important for establishing national program goals and objectives. In addition, CDC commits to working with CMS to better capture Medicaid-required test results and decrease duplicative requirements on States.</p> <table border="1"> <thead> <tr> <th></th> <th>Inventory as of this Action</th> <th>Requested</th> <th>Previously Approved</th> </tr> </thead> <tbody> <tr> <td>Expiration Date</td> <td>05/31/2021 36 Months From Approved</td> <td></td> <td>05/31/2018</td> </tr> <tr> <td>Responses</td> <td>409</td> <td>0</td> <td>160</td> </tr> <tr> <td>Time Burden (Hours)</td> <td>1,226</td> <td>0</td> <td>640</td> </tr> <tr> <td>Cost Burden (Dollars)</td> <td>0</td> <td>0</td> <td>15,000</td> </tr> </tbody> </table>						Inventory as of this Action	Requested	Previously Approved	Expiration Date	05/31/2021 36 Months From Approved		05/31/2018	Responses	409	0	160	Time Burden (Hours)	1,226	0	640	Cost Burden (Dollars)	0	0	15,000

	<p>Terms of Clearance: Clearance is provided contingent on CDC advising its grantees/contractors of the change in wording of the race/ethnicity and asthma questions that were made during clearance. Dissemination of the aggregate data set and statistics generated from the aggregate data set will always be accompanied by the following caveats: These data were collected for program management purposes. The data are not generalizable at the national, state, or local level. Furthermore, because inclusion criteria vary across grantees, comparisons of aggregate statistics across programs can be misleading (i.e., state policies and practices for blood lead testing vary and local priorities drive decisions regarding which homes receive assessments for other housing hazards). However, descriptive statistics can be used to compare changes overtime in a given area when the method by which housing units are chosen for inclusion remains the same. With a thoughtful understanding of the approach used to include housing units in a given location, HHLPPS can be used to make associations between the number of individuals in a given area and a specific housing hazard or health condition and geographic descriptors such as poverty, age of housing, tenancy, and health conditions."</p> <table border="1"> <thead> <tr> <th></th> <th>Inventory as of this Action</th> <th>Requested</th> <th>Previously Approved</th> </tr> </thead> <tbody> <tr> <td>Expiration Date</td> <td>05/31/2018</td> <td>36 Months From Approved</td> <td>05/31/2015</td> </tr> <tr> <td>Responses</td> <td>160</td> <td>160</td> <td>160</td> </tr> <tr> <td>Time Burden (Hours)</td> <td>640</td> <td>640</td> <td>640</td> </tr> <tr> <td>Cost Burden (Dollars)</td> <td>15,000</td> <td>15,000</td> <td>0</td> </tr> </tbody> </table> <table border="1"> <thead> <tr> <th colspan="6">Estimated Annualized Burden Hours</th> </tr> <tr> <th>Type of Respondents</th> <th>Form Name</th> <th>No. of Respondents</th> <th>No. of Responses per Respondent</th> <th>Average Burden per Response (in hours)</th> <th>Total Burden (in hours)</th> </tr> </thead> <tbody> <tr> <td>State, local, and territorial Health Departments</td> <td>Healthy Homes and Lead Poisoning Surveillance Variables</td> <td>40</td> <td>4</td> <td>4</td> <td>640</td> </tr> <tr> <td colspan="5">Total</td> <td>640</td> </tr> </tbody> </table>					Inventory as of this Action	Requested	Previously Approved	Expiration Date	05/31/2018	36 Months From Approved	05/31/2015	Responses	160	160	160	Time Burden (Hours)	640	640	640	Cost Burden (Dollars)	15,000	15,000	0	Estimated Annualized Burden Hours						Type of Respondents	Form Name	No. of Respondents	No. of Responses per Respondent	Average Burden per Response (in hours)	Total Burden (in hours)	State, local, and territorial Health Departments	Healthy Homes and Lead Poisoning Surveillance Variables	40	4	4	640	Total					640
