Expiration Date: 11/30/2021

Public Burden Statement: An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this project is 09300316. Public reporting burden for this collection of information is estimated to average 17.7 hours per respondent per year, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to SAMHSA Reports Clearance Officer, 5600 Fishers Lane, Room 15E57B, Rockville, Maryland, 20857.

General Instructions

This survey represents one of several data collection efforts initiated by the Secretary of HHS pursuant to a Congressional directive found in the Sober Truth on Preventing Underage Drinking (STOP) Act, (Pub. L. No. 109422, § 2, 120 Stat. 2890 [2006]). The Act requires the Secretary to file an annual report to Congress on the states' progress in preventing and reducing underage drinking. As stated in the STOP Act:

“The Secretary shall, with input and collaboration from other appropriate Federal agencies, States, Indian tribes, territories, and public health, consumer, and alcohol beverage industry groups, annually issue a report on each State's performance in enacting, enforcing, and creating laws, regulations, and programs to prevent or reduce underage drinking.”

The Act provides a list of specific underage drinking laws and policies, details regarding their enforcement, and other programs that the Secretary should include in the annual report. Federal data sources provide some of the data requested. The questionnaire, which asks for the data requested by Congress, provides states the opportunity to participate in the process and to insure accurate and complete reporting.

PLEASE NOTE:

- 1) SAMHSA will report only the data you provide. Any question your state does not answer will be reported as “Not specified”.
- 2) To be included in the STOP Act report, this survey must be received by SAMHSA no later than **XXXX XX, 2021**.
- 3) The survey is composed of 90 numbered questions. Each section ends with a space where additional remarks may be added for clarification, as needed.
