

**Justification for Nonmaterial/Nonsubstantive Change
Appointment of Representative Form
CMS-1696, OCN 0938-0950**

Due to our belief that the best use of the agency's limited translation resources is to wait until OMB approves a PRA package before expending monies to have it translated, the Spanish version of the subject denial notice was excluded from the package that was approved on September 2, 2021.

Subsequent to OMB's approval, this Nonmaterial/Nonsubstantive Change request includes the Spanish translation of the Appointment of Representative form. Otherwise, there are no program changes or burden adjustments.
