

**Addendum to the Supporting Statement for Form SSA-680**  
**Social Security Administration Health IT Partner Program Assessment –**  
**Participating Facilities and Available Content Form**  
**20 CFR 404.1614, 416.1014**  
**OMB No. 0960-0798**

**Revisions to Form SSA-680**

**Introductory Questions:**

- **Change #1:** We are changing “Social Security Administration” to “SSA.”

**Justification #1:** We are making this change because we defined the SSA acronym earlier in the document.

- **Change #2:** We are capitalizing the “s” in “Section.”

**Justification #2:** We are making this change to be uniform with the rest of the document.

- **Change #3:** We are removing the CDA document request.

**Justification #3:** We are removing CDA documents as we are pushing for CCDA documents.

**1.1 Definitions:**

- **Change #4:** We are removing the definition 1.1.1.

**Justification #4:** We are removing this as we no longer need it there.

**1.1.6 Narrative Data in a CDA/CCDA Structured Document:**

- **Change #5:** We are removing the CDA document request.

**Justification #5:** We are removing CDA documents as we are pushing for CCDA documents.

**1.1.7 Coded Data in a CDA/CCDA Structured Document:**

- **Change #6:** We are removing the CDA document request.

**Justification #6:** We are removing CDA documents as we are pushing for CCDA documents.

### 1.1.8 Standard Based Structured Document:

- **Change #7:** We are removing “Remove Continuity of Care Record.”

**Justification #7:** We are removing this as the information is no longer valid.

### Participating Organizations, Providers and Facilities:

- **Change #8:** We are removing the following: VLER, C-HIEP, and Beacon; What's C-HIEP?
- **Justification #8:** We are removing VLER due to the JHIE onboarding effort, and Beacon due to its relevance. We are also making this change to update language to reflect our current situation.
- **Change #9:** We are removing HL7/CCD and HITSP/C32.
- **Justification #9:** We are removing these as they are no longer supported with our latest available standard to use is CCDA R2.1.

### 2.0 Identifying Available Clinical Documents

- **Change #10:** We are removing the CDA document request.

**Justification 10#:** We are removing CDA documents as we are pushing for CCDA documents.
