

ASPA COVID-19 PUBLIC EDUCATION CAMPAIGN

A campaign to increase vaccine acceptance and reinforce basic prevention measures

CET – Annotated Questionnaire (Wave 17)

Note: The questions below are the proposed questions for the seventeenth wave of the Weekly Current Events Tracker (CET). Questions highlighted in yellow will be asked every week; questions highlighted in blue will be rotated into the survey on a monthly basis; and questions highlighted in green are meant to be asked in Wave 17 only or are being asked again to update data on a variable of interest. This wave's module is Vaccine Knowledge and Preferences. This week we have added questions on the recent CDC mask guidance, PTN message testing, and the influence of employer vaccine incentives.

ASPA will provide OMB with updates to the questionnaire for subsequent Waves.
