SUPPLEMENTARY INFORMATION: Pursuant to the PRA, 44 U.S.C. 3501, *et seq.*, and 5 CFR 1320.5, all information collections, as defined in 5 CFR 1320.3, require approval by OMB. ONRR may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number.

As part of ONRR’s continuing effort to reduce paperwork and respondent burdens, ONRR is inviting the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information in accordance with the PRA and 5 CFR 1320.8(d)(1). This helps ONRR to assess

the impact of its information collection requirements and minimize the public’s reporting burden. It also helps the public understand ONRR’s information collection requirements and provide the requested data in the desired format.

ONRR is especially interested in public comments addressing the following:

(1) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of ONRR’s estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. ONRR will include or summarize each comment in its request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask ONRR in your comment to withhold your personal identifying information from public review, ONRR cannot guarantee that it will be able to do so.

Abstract: (a) General Information: The Federal Oil and Gas Royalty Management Act of 1982 (“FOGRMA”) directs the Secretary of the Interior (“Secretary”) to “establish a comprehensive inspection, collection and fiscal and production accounting and auditing system to provide the capability to accurately determine oil and gas royalties, interest, fines, penalties, fees, deposits, and other payments owed, and to collect and account for such amounts in a timely manner.” See 30 U.S.C. 1711. ONRR performs these and other mineral revenue management responsibilities for the Secretary. See U.S. Department of the Interior Departmental Manual, 112 DM 34.1 (Sept. 9, 2020). ONRR uses the production, royalty, and other information collected in this ICR to ensure that a lessee properly pays

royalty and other mineral revenues due on oil, gas, and geothermal resources produced from Federal and Indian lands. ONRR also shares the data with the Bureau of Safety and Environmental Enforcement, Bureau of Ocean Energy Management, Bureau of Land Management, Bureau of Indian Affairs, and Tribal and State governments for their land and lease management responsibilities. The requirement to report accurately and timely is mandatory. Please refer to the chart for all reporting requirements and associated burden hours.

(b) *Information Collections*: This ICR covers the paperwork requirements under 30 CFR part 1210, subparts B, C, and D, and part 1212, subpart B as follows:

(1) *Royalty Reporting*: Regulations at 30 CFR part 1210, subparts B and D and part 1212, subpart B, require a lessee to report and remit royalty on oil, gas, and geothermal resources, and to make, retain, and, upon request, provide for inspection accurate and complete records demonstrating proper royalty and other payment. A lessee submits ONRR form 2014, *Report of Sales and Royalty Remittance*, monthly to report royalty on oil, gas, and geothermal leases. Each line contains the royalty owed and the basic elements necessary to calculate the royalty, such as lease number, agreement number, unit number, product code, sales type, sales volume, sales value, processing allowances, transportation allowances, royalty value prior to allowances, and royalty value less allowances. A lessee also uses the form to report certain rents.

(2) *Production Reporting*: Regulations at 30 CFR part 1210, subparts C and D and part 1212, subpart B, require an operator to submit production reports if it operates a Federal or Indian oil and gas lease or federally approved unit or communitization agreement, and to make, retain, and, upon request, provide for inspection accurate and complete records for demonstrating royalty payment. An operator uses the following forms for production accounting and reporting:

(i) *Form ONRR-4054, Oil and Gas Operations Report*: An operator submits this report monthly. Part A tracks the oil and gas volume produced from each Federal or Indian well. Part B tracks disposition of the oil and gas. Part C tracks the oil and gas inventory on the property. ONRR compares the production information with the sales and other royalty data that a lessee submits on form ONRR-2014 to ensure that the lessee paid and reported the proper royalty on the reported oil and

gas production. ONRR also uses the information from parts A, B, and C to track all oil and gas from the point of production to the point of first sale or other disposition.

(ii) *Form ONRR-4058, Production Allocation Schedule Report*: Unless certain conditions are met, an operator must submit this report if it operates an offshore facility measurement point (FMP) handling production from a Federal oil and gas lease or federally approved unit agreement that is commingled (with approval) with production from any other source prior to measurement for royalty determination. The report is filed monthly to allocate the production to each source. ONRR uses the data to verify accurate production and royalty reporting.

BILLING CODE 4335-30-P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 731-TA-1535-1536 (Final)]

Methionine From Japan and Spain

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that an industry in the United States is materially injured by reason of imports of methionine from Japan and Spain, provided for in subheadings 2930.40.00 and 2930.90.46 of the Harmonized Tariff Schedule of the United States, that have been found by the U.S. Department of Commerce ("Commerce") to be sold in the United States at less than fair value ("LTFV").^{2,3}

Background

The Commission, pursuant to section 735(b) of the Act (19 U.S.C. 1673d(b)), instituted antidumping duty investigations, effective July 29, 2020, following receipt of petitions filed with the Commission and Commerce by Novus International Inc., St. Charles, Missouri. Effective, February 24, 2021, the Commission established a general schedule for the conduct of the final phase of its investigations on methionine, following a preliminary determination by Commerce that imports of methionine from France were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of March 9, 2021 (86 FR 13585). In light of the restrictions on access to the Commission building due to the COVID-19 pandemic, the Commission conducted its hearing by video conference on May 11, 2021. All persons who requested the opportunity were permitted to participate.

The investigation schedules became staggered when Commerce: (i)

¹ The record is defined in § 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

² 86 FR 38983 and 86 FR 38985 (July 23, 2021).

³ The Commission also finds that imports subject to Commerce's affirmative critical circumstances determination are not likely to undermine seriously the remedial effect of the antidumping duty order on Spain.
