# UCR SUMMARY EXCEL WORKBOOK

The FBI UCR Program is providing this UCR Summary Excel Workbook to law enforcement agencies who are otherwise unable to data via electronic means.

This workbook is not intended to serve as a replacement for any agency's record management system. It should be used in place OMB-approved UCR crime-reporting forms and submitted to the UCR Program on a monthly basis.

Once the workbook is filled out for a given month, please email it to your UCR Program liaison. Should you need to submit a later make the appropriate change in your existing file and **re-submit the entire workbook**.

## **Usage Information**

The UCR Summary Excel Workbook is a standard Microsoft Excel spreadsheet, consisting of several individual worksheets (tabs).

The first tab in the spreadsheet, titled Agency Information, should be filled out prior to the UCR form tabs but can be returned to fields are broken down into two categories: Required and Optional. The three required fields (ORI, Month of Report, and Year of mandatory – the FBI cannot compile your data without these fields. The required fields will automatically be populated throughout tabs. The optional fields do not affect data processing, but like the required fields, they will automatically be populated throughout tabs.

Also on the Agency Information tab is the UCR Workbook Options Box. This box is meant to be a replacement for the "nothing to present on the Return A form. For each form in the UCR Summary Excel Workbook, the UCR Workbook Options Box contains three

- 1. Original Report / Zero Report
- a. Select this option if this is the first time you are submitting data for the month or if you wish to report 0 incidents for the mo
- b. Example: For January 2014, you are submitting Return A, Return A Supplement, LEOKA, ASR, Arson, and SHR. You had no LEO data. You would select "Original Values/Zero Report" for every form, and simply leave the LEOKA, Arson, and SHR forms blank. A reporting Police Employees, Hate Crime, Human Trafficking, or Cargo Theft so you would select "No Change/No Report".

- 2. Adjustment
- a. Select this option if you are resubmitting data for any form in a given month.
- b. Example: You notice that some of the January 2014 numbers were off, requiring updates of Return A and ASR for that month "Adjustment" for Return A and ASR and set everything else to "No Change/No Report" since the other reports have been previous

### 3. No Change / No Report

- a. This option is used to let the FBI know that, even though you are resubmitting the workbook for the month, certain forms di the original submission. Alternately, you can use this option to let us know that you do not wish to submit a particular form.
- b. Example: With the adjustment example from above, you would select "No Change/No Report" for every form except for the adjusted.
- c. Example: Your agency does not submit Hate Crime or Cargo Theft data to the FBI, so every month you check "Original Values every form except Hate Crime or Cargo Theft, and select "No Change/No Report" for the Hate Crime or Cargo Theft forms.

Note that the option buttons for ASR apply to BOTH forms (both Adult and Juvenile) as neither form may be submitted without the goes for SHR – though there are two tabs in the UCR Summary Excel Workbook (representing the two sides of the OMB-approved two worksheets represent a single form.

The remaining tabs in the UCR Summary Excel Workbook represent the standard OMB-approved UCR paper forms and have been as familiar as possible. These forms should be filled out exactly as you would fill out the paper forms, and they may be filled out it

On every tab in the workbook, certain fields are highlighted light yellow. These fields are the only fields where data can be entere cases, should all contain data. The exception is the Optional fields on the Agency Information Tab.

All fields that are not highlighted light yellow are locked; that is, unable to be clicked in or to have data entered into them. To red and increase accuracy, all totals on every form are computed via formulas and may not be manually entered.

All yellow cells on every form must be whole numbers with no decimals or special characters (\$, !, @, etc.) In most cases these numbers 0 and 99999, though in some cases (arson values, stolen property, population) larger numbers are allowed as well as ne

Any cells which are highlighted in a light red/pink color indicates an invalid value and therefore should be corrected before saving in some instances, you will be required to make the change before saving is allowed to occur while in other instances the highligh a warning that data values do not match.

Please note that the majority of the fields on the SHR forms will open up an option box when clicked. We ask that you please cho available options and do not enter any other data in those fields.

In order to preserve the visual integrity of the OMB-approved forms, some cells are merged together. Note that if you are using to between cells on a form, these merged cells may require you to hit Tab several times before the cursor will move past the merge

### **Additional Considerations**

If you need to update numbers on any given form, you must re-send the entire workbook as it was originally presented, with the changed numbers. Do not empty out the other forms. Use the Options Box on the Agency Information tab to indicate which form (click the Adjustment button for that form or forms) and which have not (click the "No Change/No Report" button for those form we suggest that you save a copy of each month's completed workbook for your records, in the event that you need to re-submit

The UCR form worksheets were modeled after the paper UCR forms such that when the worksheets are printed, they are nearly official paper versions. No information has been added to or removed from the forms with the exception of the yellow highlighting visibility of editable fields.

The UCR Summary Excel Workbook makes heavy use of Excel Macros. You may be required to allow these macros to run each tin Summary Excel Workbook. It is also possible to set Excel to always accept macros, but doing so could lead to accidental infection in the future and should be discussed with your technical staff.

## PLEASE ENABLE MACROS

You must enable macros to use this workbook.

For Excel versions 2003 and older, just click the Enable Macros button on the Security Warning powindow.

For Excel 2007, Click the Options button on the Security Warning bar above. Next select the "Enable content" button on the Security Alert pop-up window. Then click "OK".

For Excel 2010, Click the Enable Content button on the Security Warning bar above.

# **Enabling Macros in Excel Spreadsheets**

\*\*\* If there is no macro enable option provided you will need to change your macro setting in the Excel Trust Center. \*\*\* Note: This macro setting change will only be required once.

**Enabling Macros in Excel 2003 and Older** 

1. In your Excel menubar, click TOOLS -> MACRO -> SECURITY, as shown below.

This will open up a message box like the one shown below.

2. Select your macro Security Level: either "Medium" (recommended) or "Low" (not recommended).

Check the radio button beside "Medium", and Excel will prompt you for permission each time a macro tries to run.

3. Close Excel completely with or without saving. Note: If this does not work the first time, try repeating the steps with a save of the workbook.

4. Now reopen the UCR Summary Excel Workbook which will now have an enable macros option. Until you change the macro settings you will always be provided an option to enable macros when you open an Excel file that contains macros.

### **Enabling Macros in Excel 2007**

1. In Excel, click the Office button in the upper left corner of the screen.

The "Office Button" is the colorful Office logo button in the top left corner. Click it to open the menu shown in the next step.

2. Click the "Excel Options" button in the lower right.

3. Click the "Trust Center" button on the left. Then, at the bottom right, select "Trust Center Settings" as shown below.

4. In the next window, select "Macro Settings," then select the radio button for "Disable all macros with notification."

- 5. To close the Trust Center window, click the lower right "OK" button. Next close the Excel Options window by clicking the OK button.
- 6. Finally close Excel without saving. If you do save the document make sure you save as an Excel 97-2003 workbook with an "xls" file extension.
- 7. Now reopen the UCR Summary Excel Workbook which will now have an enable macros option. Until you change the Trust Center settings you will always be provided an option to enable macros in Excel.

Now there should be a SECURITY WARNING notification beneath the Office ribbon, as shown in the next step.

8. In the SECURITY WARNING banner, click the "Options" button.

9. Select the radio box beside "Enable this content," then click "OK."

After you click "OK" and the window closes, your macros should function normally. Because you selected "Disable all macros with notification" in Step 4 above, you will need to follow Steps 8 and 9 each time you open a spreadsheet that contains macros.

### **Enabling Macros in Excel 2010**

With Excel 2010, Microsoft has added an additional layer of protection — over and above that found in Excel 2007, which centered on simply finding the "hidden" menus where macros can be enabled.

When opening a macro-enabled spreadsheet, by default, Excel 2010 will disable macros and show its new "Protected View" ribbon at the top of your screen:

This "Protected View" feature means that enabling macros has now become a two-part process. We need to "turn on," or enable, macros in Excel 2010. So, follow these steps:

### 1. Open Excel. Click the FILE tab above the Office ribbon. (It's the first tab on the left.)

### 2. In the left-side menu, click OPTIONS.

3. In the "Excel Options" window that appears, scan the left menu and click TRUST CENTER.

- 4. On the right side of the screen, click the TRUST CENTER SETTINGS button.
- 5. Now you'll see the TRUST CENTER window. In the left menu, select MACRO SETTINGS.
- 6. You will now see four "Macro Settings" options. Choose "Enable all macros...."

- 7. Click the OK button at the bottom right of the "Trust Center" window.
- 8. Click the OK button at the bottom right of the "Excel Options" window.
- 9. Close Excel, and then reopen it. Macros should now be enabled.

You've now enabled macros in Excel 2010. However, if "Protected View" is enabled, which it WILL be by default, then macros will still NOT run.

Rather than disabling "Protected View," a feature that Microsoft added, I would suggest that you create a "Trusted Locations" folder and save your **trusted**, macro-enabled spreadsheets in it, and run them from there. Doing so will allow Excel macros to run, but only in spreadsheets that you've stored in the folder (or folders) you designate as "Trusted Locations."

To create and designate a "Trusted Locations" folder:

1. On your hard drive or thumb drive, create a folder into which you'll save all your trusted, macro-enabled spreadsheets.

My "safe" folder, as an example, is called "Excel Documents" and is located at "C:\DATA\Excel Documents\" butyou can name yours whatever suits you.

- 2. Open Excel 2010. Click the FILE tab. Click OPTIONS in the left-side menu.
- 3. In the "Excel Options" window that appears, click the TRUST CENTER button on the left.
- 4. Click the TRUST CENTER SETTINGS button on the right.
- 5. On the left, select TRUSTED LOCATIONS.
- 6. Near the bottom, click the ADD NEW LOCATION button.
- 7. A small window appears. Click the BROWSE button.
- 8. Navigate to the folder you created above. Select the folder, and click OK.
- 9. You should be back to the "Microsoft Office Trusted Location" window. Checkmark the "Subfolders of this location are also trusted" option. Then click the OK button.
- 10. You should be back to the "Trust Center" window. Click OK.
- 11. You should be back to the "Excel Options" window. Click OK.
- 12. Close Excel. Place a trusted, macro-enabled spreadsheet in your "Trusted Locations" folder. When you open it, all macros should be functional.

At this point, as an example, if you were to download a macro-enabled spreadsheet from the internet, and save it to your desktop, its macros would not run when you opened the file.

However, if you saved that same spreadsheet into a folder you designated as a "Trusted Location," the macros would then execute.

#### INSTRUCTIONS FOR PREPARING RETURN A

(Detailed instructions are given in the *Uniform Crime Reporting Handbook*)

- 1. All Offenses listed on the Return A which occur during the month should be scored whether they become known to the police as the result of:
  - a. Citizens' complaints.
  - b. Reports of police officers.
  - c. "On view" (pick-up) arrests.
  - d. Citizens' complaints to sheriff, prosecutor, county police, private detectives, constables, etc.
  - e. Any other means
- 2. The offenses listed in Column 1 are the Part I offenses of the Uniform Crime Reporting Program plus the offenses of simple assault and manslaughter by negligence. Follow the instructions for classifying and scoring as presented in the *Uniform Crime Reporting Handbook*. Offenses committed by juveniles should be classified in the same manner as those committed by adults even though the juveniles may be handled by juvenile authorities.
- 3. Adjustments should be made on this month's return for offenses omitted or scored inaccurately on returns of preceding months or those now determined to be unfounded. Offenses that occurred in a previous month but only became known to you this month should be scored this month.
- 4. Consider all spaces for each classification of offenses in Columns 2, 3, 4, 5, and 6. The breakdowns for forcible rape, robbery, assault, burglary, and motor vehicle theft, when added should equal the total for each of these offenses. Do not enter zeroes where no count exists.
- 5. Attempts of rape, robbery, assault, burglary, larceny-theft, and motor vehicle theft are to be scored on this form.
- 6. **Column 2:** Enter opposite the proper offense classification the total number of such offenses reported or known through any means. "Unfounded" complaints are included. Attempts are included except in homicide classifications.
- 7. **Column 3:** Enter the number of complaints which were proven to be "unfounded" by police investigation. An "unfounded" offense is one in which a complaint was received, but upon investigation, proves either to be baseless or not to have actually occurred. Remember that recovery of property or clearance of an offense does not unfound a complaint.
- 8. Column 4: Number of actual offenses. This number is obtained by subtracting the number in Column 3 from that in Column 2.
- 9. **Column 5:** Enter the total number of offenses **cleared** during the month. This total includes the clearances which you record in Column 6. An offense is cleared when one or more persons are charged and turned over for prosecution for that offense. Clearance totals also include exceptional clearances which are explained in the *Uniform Crime Reporting Handbook*.
- 10. **Column 6:** Enter here the number of offenses which are cleared through the arrest, releasing to parents, or other handling of persons under the age of 18. In those situations where an offense is cleared through the involvement of both an adult and a person under 18 years of age, count the clearance only in Column 5.
- 11. The grand totals for Columns 2, 3, 4, 5, and 6 are the totals of each of the seven classifications.
- 12. Tally books can be used to maintain a running count of offenses through the month. Totals for the *Return A* can then be taken directly from the Tally book. These Tally books can be obtained by corresponding with the FBI, Criminal Justice Information Services Division, Attention: Uniform Crime Reports/Module E-3, 1000 Custer Hollow Road, Clarksburg, West Virginia 26306; telephone 304-625-4830, facsimile 304-625-3566.
- 13. This Return A report should be forwarded to the FBI Uniform Crime Reports even though no offenses of this type listed were committed during the month. However, it is not necessary to submit supplemental reports in such cases. Simply check the appropriate box within the block near the bottom of the Return A report.
- 14. Any inquiry regarding the completion of this form, the classification and scoring of offenses, or prior to submitting crime data by computer printout, contact the Uniform Crime Reporting Program at the above-mentioned address.
- 15. Reporting according to the historical definition of rape is optional. This count should be included in the total reported in line 2a or line 2b.

- 12. Tally books can be used to maintain a running count of offenses through the month. Totals for the *Return A* can then be taken directly from the Tally book. These Tally books can be obtained by corresponding with the FBI, Criminal Justice Information Services Division, Attention: Uniform Crime Reports/Module E-3, 1000 Custer Hollow Road, Clarksburg, West Virginia 26306; telephone 304-625-4830, facsimile 304-625-3566.
- 13. This Return A report should be forwarded to the FBI Uniform Crime Reports even though no offenses of this type listed were committed during the month. However, it is not necessary to submit supplemental reports in such cases. Simply check the appropriate box within the block near the bottom of the Return A report.
- 14. Any inquiry regarding the completion of this form, the classification and scoring of offenses, or prior to submitting crime data by computer printout, contact the Uniform Crime Reporting Program at the above-mentioned address.
- 15. Reporting according to the historical definition of rape is optional. This count should be included in the total reported in line 2a or line 2b.

# INSTRUCTIONS FOR PREPARING REPORT

When an officer is assaulted in the line of duty, the reporting agency should enter the type of weapon (columns B through E) and type of assignment (columns F through L) next to the appropriate type of assignment (lines 1 through 11). The reporting agency should also indicate injury (line 13) or no injury (line 14) and total number of assaults by the time of day on line 15. Reporting agencies are reminded that the Hierarchy Rule applies to those incidents involving aggravated assaults on law enforcement officers while responding to or taking necessary action at the scene of a crime. For example, if an officer is assaulted at the scene of a robbery, only the robbery is scored on the Return A, but the assault is recorded on this form. However, if the officer is assaulted during a burglary incident, only the assault is scored both on the Return A and on this form.

The reporting agency should use column M next to the appropriate activity to indicate that an assault on a law enforcement officer was cleared by arrest.

At the end of the month, the reporting agency should add across each line, B through E, and enter total in column A. (The total F through L should equal the total of B through E as entered in A.) Finally, the reporting agency should enter a total for each column (B through M) on line 12.

#### Columns B - E:

Columns B through E pertain to type of weapon. The reporting agency should enter one weapon for each assault. If more than one type of weapon is used to commit a single assault, the weapon which is first encountered in moving from column B to column E should be the weapon selected.

#### Columns F - L:

Column F (Two-officer vehicle) and columns G and H (One-officer vehicle) pertain to uniformed officers, columns I and J (Detective or special assignment) to non-uniformed officers. Columns K and L (Other) pertain to officers assaulted functioning in a capacity not represented by columns F through J such as foot patrol, off duty, etc.

## Column M:

Enter the number of officer assaults cleared. Column M should not be used to count the number of persons arrested for such offenses. Include exceptional clearances in this column.

### Lines 1 - 11:

Enter the type of law enforcement activity in which the officer was engaged at the time of assault.

#### **Line 12:**

Enter the total of lines 1 through 11.

### **Line 13:**

Enter the number of assaults from line 12 that resulted in personal injury to the officer.

# **Line 14:**

Enter the number of assaults from line 12 in which there was no injury to the officer.

#### **Line 15:**

Enter the total number of assaults on officers occurring within the appropriate two-hour intervals.

### YOUR AGENCY'S INCIDENT OR CASE NUMBER(S)

(Complete this block only if the assaulted officer was injured with a firearm or a knife or other cutting instrument.)

#### INSTRUCTIONS

- 1. Show in the report all persons under 18 years of age taken into custody during the month for committing an offense of the indicated types within the local jurisdiction. (Include those released without having been formally charged.) For purposes of Uniform Crime Reporting, a juvenile should be counted as "arrested" when the circumstances are such that if he or she were an adult, an arrest would be tallied. Police "contacts" with juveniles where no offense has been committed should not be scored as arrests. Instances where a juvenile is taken into custody for his/her own protection, such as "neglect," and no crime committed, should not be listed as arrests. Enter on the front of this form your disposition of all juveniles arrested.
- 2. Arrests of persons 18 years of age and over are tallied on the Age, Sex, Race, and Ethnicity of Persons Arrested, 18 Years of Age and Over reporting form.
- 3. The offenses are taken from the uniform classification of offenses and cover all the Part I and Part II offenses except traffic. In compiling the data, follow definitions of offenses in the *Uniform Crime Reporting Handbook*.
- 4. Enter opposite each offense the number of persons taken into custody listing them according to age and sex of the persons arrested and according to race and ethnicity without regard to sex. Juveniles should be listed opposite the classification of the offense for which they were taken into custody. For example, juveniles arrested for committing larceny should be listed opposite the larceny-theft classification on this report, even though they are charged with "juvenile delinquency."
- 5. The race totals should equal the age totals for each offense class.
- 6. Total all columns.

#### **INSTRUCTIONS**

- 1. Show in the report all persons under 18 years of age taken into custody during the month for committing an offense of the indicated types within the local jurisdiction. (Include those released without having been formally charged.) For purposes of Uniform Crime Reporting, a juvenile should be counted as "arrested" when the circumstances are such that if he or she were an adult, an arrest would be tallied. Police "contacts" with juveniles where no offense has been committed should not be scored as arrests. Instances where a juvenile is taken into custody for his own protection, such as "neglect," and no crime committed, should not be listed as arrests. Enter on the front of this form your disposition of all juveniles arrested.
- 2. Arrests of persons 18 years of age and over are tallied on the white Age, Sex, and Race reporting form.
- 3. The offenses are taken from the uniform classification of offenses and cover all the Part I and Part II offenses except traffic. In compiling the data, follow definitions of offenses in Uniform Crime Reporting Handbook.
- 4. Enter opposite each offense the number of persons taken into custody listing them according to age and sex of the persons arrested and according to race without regard to sex. Juveniles should be listed opposite the classification of the offense for which they were taken into custody. For example, juveniles arrested for committing larceny should be listed opposite the larceny-theft classification on this report, even though they are charged with "juvenile delinquency."
- 5. The race totals should equal the age totals for each offense class.
- 6. Total all columns.

#### MONTHLY RETURN OF ARSON OFFENSES KNOWN TO LAW ENFORCEMENT

#### **Arson Definition**

The offense of arson is defined by the national Uniform Crime Reporting (UCR) Program to include any willful or malicious burning or attempts to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

#### Instructions

In Column 2, report all arson incidents which occurred in your jurisdiction and became known to your department during the month. Use your law enforcement jurisdiction and not fire districts to determine if an arson incident should be scored on your report. Count all arsons even though the offenses may have occurred in conjunction with violent crimes reported on the Return A. Include attempts to commit arson. Also, include "unfounded" reports of arson.

In Column 3, include all reports of arson which prove to be unfounded; those reports which prove upon investigation to be baseless and no offense of arson was committed or attempted.

In Column 4, enter the number of actual offenses of arson. This number is obtained by subtracting the number in Column 3 from the number in Column 2. Include attempts to commit arson.

In Column 5, enter the total number of arson offenses which were cleared by arrest or exceptional means.

In Column 6, enter the number of arson offenses cleared by arrest or exceptional means involving **only** persons under 18 years of age. This number is included in Column 5 and excludes those situations in which one or more of the persons involved were 18 years of age or over.

In Column 7, enter the number of arson offenses listed in Column 4 which involve structures (A. - G. only) which were uninhabited, abandoned, deserted, or not normally in use.

In Column 8, enter the estimated value of property damage for all arson offenses listed in Column 4. Enter zero (\$0) if no property damage.

The UCR handbook may be used as a guide to preparing this reporting with two exceptions:

- 1. The Hierarchy Rule will not apply in this additional report. Any other Part I offenses occurring in conjunction with an arson will be reported on the Return A and the arson will be reported on this report.
- 2. If one of the property crimes occurs in conjunction with the arson, the value of the stolen property will be reported on the Supplement to Return A and the property loss due to fire, smoke, water, or other damage resulting from the arson will be reported in Column 8 of this report.

Each agency is requested to submit this arson form each month even if there are no arsons or attempted arsons to report. (In those instances, please submit the form indicating "None" or zero (0) arson offenses.)

**Bias Crime:** A committed criminal offense that is motivated, in whole or in part, by the offender's bias(es) against a race, religion, disability, sexual orientation, ethnicity, gender, or gender identity; also known as Hate Crime.

**Note:** Even if the offender was mistaken in his or her perception that the victim was a member of the group he or she was acting against, the offense is still a bias crime because the offender was motivated by bias against the group.

**Bias:** A preformed negative opinion or attitude toward a person or group of persons based on their race, religion, disability, sexual orientation, ethnicity, gender, or gender identity.

**Racial Bias:** A preformed negative opinion or attitude toward a person or group of persons who possess common physical characteristics, e.g., color of skin, eyes, and/or hair, facial features, etc., genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind, e.g., Asians, Blacks or African Americans, Whites.

For purposes of this definition, cargo shall be deemed as moving in commerce at all points between the point of origin and the final destination, regardless of any temporary stop while awaiting transshipment or otherwise.

This report is authorized by Public Law 109-177 (HR 3199), March 9, 2006, under the USA Patriot Improvement and Reauthorization Act of 2005. Even though you are not required to respond, your cooperation in using this form to report Cargo Thefts will assist the FBI in reporting the economic impact of Cargo Theft on the U.S. economy. Please submit completed reports to: UCRstat@leo.gov. Questions may be submitted to: Federal Bureau of Investigation, Criminal Justice Information Services Division, Attention: Uniform Crime Reports/Module E-3, 1000 Custer Hollow Road, Clarksburg, West Virginia 26306; telephone 304-625-4830, facsimile 304-625-3566. Under the Paperwork Reduction Act, you are not required to complete this form unless it contains a valid OMB control number. The form takes approximately 5 minutes to complete. Instructions for preparing the form appear on the following page(s).

#### Instructions for preparing the Cargo Theft Incident Report

Note: The Hierarchy Rule does not apply when reporting a cargo theft. If a cargo theft occurs in a multiple-offense incident, the reporting law enforcement agency must first report the cargo theft-related offense and then up to an additional four offense(s).

### **Cargo Theft Incident Report**

A separate Cargo Theft Incident Report is to be submitted for each cargo theft incident.

This form should be used to report an incident in which a cargo theft occurred, adjust information in a previously reported incident, delete any incident previously reported, or report zero cargo thefts for the month.

#### **Administrative Information**

ORI Number: (Required.) Enter the nine-character Originating Agency Identifier assigned to your agency.

Report Type: (Required.) Indicate the type of report as Initial, Adjustment, Delete, or Zero.

**Initial-**To report a cargo theft incident.

**Adjustment**-To update a cargo theft incident previously reported. (Note: This will delete the information already on file and insert the information provided in this report.)

**Delete**–To delete a cargo theft incident previously reported, which further investigation has determined was not a cargo theft.

**Zero**-To report there was no incident of cargo theft during the month. (Note: Must include Zero Report Date in the format of YYYYMM.)

Incident Number: (Required for Initial, Adjustment, and Delete Reports; for Zero Report, leave blank.) Provide an identifying incident number, preferably your case or file number. The number can be up to 12 characters in length. Valid characters include: A through Z, O through 9, hyphens, and/or blanks.

**Incident Date: (Required for Initial and Adjustment Reports.)** Provide the date of the cargo theft incident in the format of YYYYMMDD. If the Incident Date is unknown, enter the date of the report and check the "Report Date Indicator."

**Incident Hour:** (Required for Initial and Adjustment Reports.) Provide the hour when the cargo theft incident occurred or started or the beginning of the time period in which it occurred (as appropriate). Military 24-hour time should be used. If the Incident Hour is unknown, the hour should be left blank. If the incident occurred on or between midnight and 0059, 00 should be entered; if on or between 0100 and 0159, 01 should be entered; if on or between 2300 and 2359, 23 should be entered, etc. If the incident occurred at exactly midnight, it is to be considered to have occurred at the beginning of the next day, as if the crime occurred at 1 minute past midnight.

**Cleared Exceptionally:** Indicate if the cargo theft incident was cleared exceptionally. (Note: If the incident was cleared by arrest, Cleared Exceptionally must be blank.) To clear an incident by exceptional means, the following four criteria must be met:

- 1. The investigation definitely established the identity of the offender.
- 2. There is enough information to support an arrest, charge, and turning over to the court for prosecution.
- 3. The exact location of the offender is known so that the subject could be taken into custody.
- 4. There is a reason outside of law enforcement control that precludes arresting, charging, and prosecuting the offender, i.e., the offender is in the custody of another jurisdiction.

In a multiple-offense incident, the exceptional clearance of one offense clears the entire incident. (Note: An incident cannot be cleared exceptionally if an arrest has been made in connection with the incident. The incident has already been "cleared by arrest.")

**UCR Offense:** (Required for Initial and Adjustment Reports.) Enter the offenses of the five most serious (as determined by the reporting agency) involved in the incident that was determined to be cargo theft. The menu contains the offenses (listed below) that are specific to cargo theft and must be one of the first offenses entered.

Bribery

**Burglary/Breaking and Entering** 

Embezzlement
Extortion/Blackmail

Fraud Offense: False Pretenses/Swindle/Confidence Game Fraud Offense: Credit Card/Automatic Teller Machine Fraud

Fraud Offense: Impersonation Fraud Offense: Wire Fraud

Larceny/Theft Offense: Theft From Building Larceny/Theft Offense: Theft From Motor Vehicle

Larceny/Theft Offense: All Other Larceny

Motor Vehicle Theft

Robbery

The remaining (four) menus contain additional Group A offenses that can be entered after the first cargo theft-specific offense has been entered.

**Location Type: (Required for Initial and Adjustment Reports.)** Based on the cargo theft offense reported, enter the most appropriate location from the menu.

**Type Weapon/Force Involved:** Check the appropriate box(es) to indicate the type of weapon or force involved in the cargo theft incident. Up to three types of weapons/force can be reported for each incident. In addition, if the weapon was an automatic firearm, check the applicable automatic weapon box.

**Victim Type:** (Required for Initial and Adjustment Reports.) Check the appropriate box(es) to indicate the type of victim(s) identified within the cargo theft incident. Check all that apply.

Property Information (An agency should report property stolen in its jurisdiction. Likewise, the agency that reported the property stolen should also report the property recovered.)

**Property Description:** (Required for Initial and Adjustment Reports.) Check the most appropriate property description from the menu. For each incident of cargo theft, up to five property descriptions can be reported. If more than five types of property are involved, the values of the four most valuable properties are to be reported; then, the total of the remaining types of property that were coded as "Other" should be entered.

**Stolen Value:** Enter the value of the stolen property in whole dollar amounts. Do not enter cents. Only enter numeric characters (0 through 9). Up to five values can be entered to match the up to five property descriptions. If more than five types of property are involved, the values of the four most valuable properties are to be reported; then, the total value of the remaining properties that were coded as "Other" should be entered. If the value of the stolen property is unknown, enter "1".

**Property Recovered:** Check box if all or some property has been recovered.

**Date Recovered:** Enter the date the property was recovered in the format of YYYYMMDD. Up to five dates of recovery can be reported to match the up to five property descriptions. If there is more than one date of recovery for the same type of property, report the earliest date.

**Recovered Value:** Enter the value of the recovered property in whole dollar amounts. Do not enter cents. Only enter numeric characters (0 through 9). (Note: The recovered property value must not exceed the stolen property value.)

**Offender Information (Required for Initial and Adjustment Reports.)** (Note: If nothing is known about the offender, "00" should be reported or provide applicable Offender Information.)

**Unknown Offender Indicator:** Enter "00" if nothing is known about the offender. If any information about the offender(s) is known (number of, age, sex, race, or ethnicity), leave blank and complete the age, sex, race, and ethnicity columns with applicable unknown codes. For example, two offenders were seen fleeing the scene, but because they were wearing ski masks, their age, sex, race, and ethnicity could not be determined. Enter 00 for age, U for sex, race, and ethnicity for each offender.

**Known Offender Information:** Provide the following information about the offender. (Note: If any offender information is entered, the Unknown Offender indicator must be blank.)

**Age:** up to five offenders can be entered. Enter the age of each offender either as an exact number of years, a range of years, or as unknown as follows:

**01 to 98** years old-Enter the exact age. If the exact age is unknown, an age range can be entered. For example, a teenager 13 to 14 years old, the age would be entered as 1314.

99 and over-Enter 99 if age is over 98.

00 unknown-Enter 00 if age is unknown.

**Sex:** Check the appropriate box-M for Male, F for Female, or U if the sex is unknown.

**Race:** Check the appropriate box- White, Black or African American, American Indian or Alaska Native, Asian, Native Hawaiian or Other Pacific Islander, or Unknown.

**Ethnicity:** Check the appropriate box-Hispanic or Latino or Not Hispanic or Latino. If ethnicity is unknown, leave blank.

### Arrestee Information (If the Offender Information is unknown, do not enter Arrestee Information.)

**Age:** up to five arrestees can be entered. Enter the age of each arrestee either as an exact number of years, a range of years, or as unknown as follows:

**01 to 98** years old-Enter the exact age. If the exact age is unknown, an age range can be entered. For example, a teenager 13 to 14 years old, the age would be entered as 1314.

99 and over-Enter 99 if age is over 98.

00 unknown-Enter 00 if age is unknown.

**Sex:** Check the appropriate box-M for Male, F for Female

Asian, Native Hawaiian or Other Pacific Islander, or Unknown.

**Ethnicity:** Check the appropriate box–Hispanic or Latino or Not Hispanic or Latino. If ethnicity is unknown, leave blank.

# How to Prepare the Monthly Return of Human Trafficking Offenses Known to Law Enforcement

The Human Trafficking Form is a Uniform Crime Reporting (UCR) form used to collect monthly data on the number of human trafficking offenses that become known to local, county, state, and tribal law enforcement agencies (LEA) in the United States.

The Hierarchy Rule does not apply when reporting human trafficking. If a human trafficking offense occurs in conjunction with a Part I offense (murder and nonnegligent manslaughter, rape, robbery, aggravated assault, burglary, larceny-theft, motor vehicle theft, and arson), the reporting LEA must report the Part I offense on the Return A or Arson Forms, and the human trafficking offense must be reported on this form.

When reporting the number of human trafficking offenses, the number of offenses per victim are counted. One human trafficking victim can be counted under commercial sex acts, involuntary servitude, or both. For example, during the weekdays a victim is labored at a kiosk in the mall and on weekends the same victim is prostituted. One offense of commercial sex acts should be counted and one offense of involuntary servitude should be counted. *Count the number of human trafficking offenses per victim.* 

# Column 1 - Human Trafficking Classification

Two human trafficking offense classifications are listed. The human trafficking offenses are defined as:

- Offense A **Human Trafficking, Commercial Sex Acts**: Inducing a person by force, fraud, or coercion to participate in commercial sex acts, or in which the person induced to perform such act(s) has not attained 18 years of age. **(Commercial sex acts may be exchanged for anything of value.)**
- Offense B **Human Trafficking, Involuntary Servitude:** The obtaining of a person(s) through recruitment, harboring, transportation, or provision, and subjecting such persons by force, fraud, or coercion into involuntary servitude, peonage, debt bondage, or slavery. *(Not to include commercial sex acts.)*

## Column 2 - Offenses Reported

All actual and attempted human trafficking offenses occurring within an agency's jurisdiction for the month should be reported in this column. Also included in this column are any offenses committed in previous months but not reported until this month. *All known offenses*, *including those subsequently determined to be "unfounded,"* should be entered in column 2.

All commercial sex acts and involuntary servitude offenses and attempts which occur during the month should be reported whether they become known to the police as the result of: (a) Citizens' complaints, (b) Reports of police officers, (c) "On view" (pick-up) arrests, (d) Citizens' complaints to sheriff, prosecutor, county police, private detective, constable, etc., and (e) Any other means.

- Row 1 Enter all actual, attempted, and unfounded commercial sex acts offenses reported for the month. Also included in this column are any commercial sex acts offenses committed in previous months but not reported until this month. *All known commercial sex acts offenses, including those subsequently determined to be "unfounded,"* should be entered.
- Row 2 Enter all actual, attempted, and unfounded involuntary servitude offenses reported for the month. Also included in this column are any involuntary servitude offenses committed in previous months but not reported until this month. *All known involuntary servitude offenses, including those subsequently determined to be "unfounded,"* should be entered.
- Row 3 Enter the totals of row 1 and row 2.

## Column 3 - Unfounded, i.e., False or Baseless Complaints

An unfounded, false, or baseless complaint is when a department receives a report of an offense from a citizen which, after preliminary investigation by officers, is determined to be false or baseless. In other words, no crime occurred. In this case, each unfounded complaint should be reported in column 3.

- Row 1 Enter the number of commercial sex acts complaints which were proved to be "unfounded" by police investigation.
- Row 2 Enter the number of involuntary servitude complaints which were proved to be "unfounded" by police investigation.
- Row 3 Enter the totals of row 1 and row 2.

# Column 4 - Number of Actual Offenses (Column 2 minus Column 3) (Include Attempts)

To complete this column, the numbers in column 3 are subtracted from those in column 2 for each offense; that is, the Unfounded (column 3) count is subtracted from the Offenses Reported (column 2) count. The difference is the count to be reported as the Number of Actual Offenses (column 4) which occurred in the jurisdiction for the month.

- Row 1 Enter the number of actual and attempted commercial sex acts offenses reported for the month.
- Row 2 Enter the number of actual and attempted involuntary servitude offenses reported for the month.
- Row 3 Enter the totals of row 1 and row 2.

# Column 5 - Total Offenses Cleared by Arrest or Exceptional Means

Offenses are cleared either by arrest or exceptional means. In column 5, one entry should be made for each human trafficking offense that is cleared. DO NOT COUNT THE NUMBER OF PERSONS ARRESTED IN COLUMN 5. Column 5 is the total number of offenses cleared. An offense is "cleared by arrest" when at least one person is arrested, charged, and turned over to the court for prosecution. The arrest of many persons may clear only one offense or several offenses may be cleared by the arrest of one person.

Offenses can be cleared by exceptional means if the investigation (1) has definitely established the identity of the offender, (2) if there was enough information to support an arrest, charge, and turning over to the court for prosecution, (3) if the exact location of the offender was known so that the subject could be taken into custody, and (4) if there was some reason outside law enforcement control that preclude arresting, charging, and prosecuting the offender. Reasons outside of law enforcement control include circumstances such as: suicide of the offender, double murder, deathbed confession, offender killed by police or citizen, confession by an offender already in custody, or offender is prosecuted or in custody of another jurisdiction. The list is not all-inclusive; there may be other circumstances in which a LEA is entitled to an exceptional clearance.

The administrative closing of a case or the "clearing" of it by departmental policy does not permit exceptionally clearing the offense for UCR unless all four criteria mentioned earlier can be answered *yes*.

- Row 1 Enter the number of commercial sex acts offenses cleared by arrest or exceptional means.
- Row 2 Enter the number involuntary servitude offenses cleared by arrest or exceptional means.
- Row 3 Enter the totals of row 1 and row 2.

## Column 6 - Number of Clearances Involving Only Persons Under 18 Years of Age

In column 6, one entry should be made for each human trafficking offense cleared involving OFFENDERS under 18 years of age *only*. The number in this column can never be greater than the number in column 5.

If an offense is cleared by arrest or exceptional means and offenders include both adults and persons under 18 years of age, *the clearance should be scored only in column 5*. If a clearance involves only persons under age 18, the clearance is entered in both columns 5 and 6. REMEMBER THAT PERSONS ARRESTED ARE NOT BEING COUNTED IN COLUMNS 5 AND 6. COUNT ONLY THE NUMBER OF HUMAN TRAFFICKING OFFENSES CLEARED.

Offenses reported in previous months but not cleared can be cleared in columns 5 and 6 of this month's report.

- Row 1 Enter the number of commercial sex acts offenses cleared by arrest or exceptional means by offenders under 18 years of age.
- Row 2 Enter the number involuntary servitude offenses cleared by arrest or exceptional means by offenders under 18 years of age.
- Row 3 Enter the totals of row 1 and row 2.

This Human Trafficking Form should be forwarded to the FBI UCR Program. Each agency is requested to submit this form each month by the seventh day after the close of the month. If there were no human trafficking or attempted human trafficking offenses to report, check the box on the Human Trafficking Form.

### INSTRUCTIONS FOR PREPARING RETURN A

(Detailed instructions are given in the *Uniform Crime Reporting Handbook*)

- 1. All Offenses listed on the Return A which occur during the month should be scored whether they become known to the police as the result of:
  - a. Citizens' complaints.
  - b. Reports of police officers.
  - c. "On view" (pick-up) arrests.
  - d. Citizens' complaints to sheriff, prosecutor, county police, private detectives, constables, etc.
  - e. Any other means.
- 2. The offenses listed in Column 1 are the Part I offenses of the Uniform Crime Reporting Program plus the offenses of simple assault and manslaughter by negligence. Follow the instructions for classifying and scoring as presented in the *Uniform Crime Reporting Handbook*. Offenses committed by juveniles should be classified in the same manner as those committed by adults even though the juveniles may be handled by juvenile authorities.
- 3. Adjustments should be made on this month's return for offenses omitted or scored inaccurately on returns of preceding months or those now determined to be unfounded. Offenses that occurred in a previous month but only became known to you this month should be scored this month.
- 4. Consider all spaces for each classification of offenses in Columns 2, 3, 4, 5, and 6. The breakdowns for forcible rape, robbery, assault, burglary, and motor vehicle theft, when added should equal the total for each of these offenses. Do not enter zeroes where no count exists.
- 5. Attempts of rape, robbery, assault, burglary, larceny-theft, and motor vehicle theft are to be scored on this form.
- 6. **Column 2:** Enter opposite the proper offense classification the total number of such offenses reported or known through any means. "Unfounded" complaints are included. Attempts are included except in homicide classifications.
- 7. **Column 3:** Enter the number of complaints which were proven to be "unfounded" by police investigation. An "unfounded" offense is one in which a complaint was received, but upon investigation, proves either to be baseless or not to have actually occurred. Remember that recovery of property or clearance of an offense does not unfound a complaint.
- 8. Column 4: Number of actual offenses. This number is obtained by subtracting the number in Column 3 from that in Column 2.
- 9. **Column 5:** Enter the total number of offenses **cleared** during the month. This total includes the clearances which you record in Column 6. An offense is cleared when one or more persons are charged and turned over for prosecution for that offense. Clearance totals also include exceptional clearances which are explained in the *Uniform Crime Reporting Handbook*.
- 10. **Column 6:** Enter here the number of offenses which are cleared through the arrest, releasing to parents, or other handling of persons under the age of 18. In those situations where an offense is cleared through the involvement of both an adult and a person under 18 years of age, count the clearance only in Column 5.
- 11. The grand totals for Columns 2, 3, 4, 5, and 6 are the totals of each of the seven classifications.
- 12. Tally books can be used to maintain a running count of offenses through the month. Totals for the *Return A* can then be taken directly from the Tally book. These Tally books can be obtained by corresponding with the FBI, Criminal Justice Information Services Division, Attention: Uniform Crime Reports/Module E-3, 1000 Custer Hollow Road, Clarksburg, West Virginia 26306; telephone 304-625-4830, facsimile 304-625-3566.

### INSTRUCTIONS

- 1. Show in the report all persons under 18 years of age taken into custody during the month for committing an offense of the indicated types within the local jurisdiction. (Include those released without having been formally charged.) For purposes of Uniform Crime Reporting, a juvenile should be counted as "arrested" when the circumstances are such that if he or she were an adult, an arrest would be tallied. Police "contacts" with juveniles where no offense has been committed should not be scored as arrests. Instances where a juvenile is taken into custody for his own protection, such as "neglect," and no crime committed, should not be listed as arrests. Enter on the front of this form your disposition of all juveniles arrested.
- 2. Arrests of persons 18 years of age and over are tallied on the white Age, Sex, and Race reporting form.
- 3. The offenses are taken from the uniform classification of offenses and cover all the Part I and Part II offenses except traffic. In compiling the data, follow definitions of offenses in Uniform Crime Reporting Handbook.
- 4. Enter opposite each offense the number of persons taken into custody listing them according to age and sex of the persons arrested and according to race without regard to sex. Juveniles should be listed opposite the classification of the offense for which they were taken into custody. For example, juveniles arrested for committing larceny should be listed opposite the larceny-theft classification on this report, even though they are charged with "juvenile delinquency."
- 5. The race totals should equal the age totals for each offense class.
- 6. Total all columns.

### MONTHLY RETURN OF ARSON OFFENSES KNOWN TO LAW ENFORCEMENT

#### **Arson Definition**

The offense of arson is defined by the national Uniform Crime Reporting (UCR) Program to include any willful or malicious burning or attempts to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

#### Instructions

In Column 2, report all arson incidents which occurred in your jurisdiction and became known to your department during the month. Use your law enforcement jurisdiction and not fire districts to determine if an arson incident should be scored on your report. Count all arsons even though the offenses may have occurred in conjunction with violent crimes reported on the Return A. Include attempts to commit arson. Also, include "unfounded" reports of arson.

In Column 3, include all reports of arson which prove to be unfounded; those reports which prove upon investigation to be baseless and no offense of arson was committed or attempted.

In Column 4, enter the number of actual offenses of arson. This number is obtained by subtracting the number in Column 3 from the number in Column 2. Include attempts to commit arson.

In Column 5, enter the total number of arson offenses which were cleared by arrest or exceptional means.

In Column 6, enter the number of arson offenses cleared by arrest or exceptional means involving **only** persons under 18 years of age. This number is included in Column 5 and excludes those situations in which one or more of the persons involved were 18 years of age or over.

In Column 7, enter the number of arson offenses listed in Column 4 which involve structures (A. - G. only) which were uninhabited, abandoned, deserted, or not normally in use.

In Column 8, enter the estimated value of property damage for all arson offenses listed in Column 4. Enter zero (\$0) if no property damage.

The UCR handbook may be used as a guide to preparing this reporting with two exceptions:

- 1. The Hierarchy Rule will not apply in this additional report. Any other Part I offenses occurring in conjunction with an arson will be reported on the Return A and the arson will be reported on this report.
- 2. If one of the property crimes occurs in conjunction with the arson, the value of the stolen property will be reported on the Supplement to Return A and the property loss due to fire, smoke, water, or other damage resulting from the arson will be reported in Column 8 of this report.

Each agency is requested to submit this arson form each month even if there are no arsons or attempted arsons to report. (In those instances, please submit the form indicating "None" or zero (0) arson offenses.)

# How to Prepare the Monthly Return of Human Trafficking Offenses Known to Law Enforcement

The Human Trafficking Form is a Uniform Crime Reporting (UCR) form used to collect monthly data on the number of human trafficking offenses that become known to local, county, state, and tribal law enforcement agencies (LEA) in the United States.

The Hierarchy Rule does not apply when reporting human trafficking. If a human trafficking offense occurs in conjunction with a Part I offense (murder and nonnegligent manslaughter, rape, robbery, aggravated assault, burglary, larceny-theft, motor vehicle theft, and arson), the reporting LEA must report the Part I offense on the Return A or Arson Forms, and the human trafficking offense must be reported on this form.

When reporting the number of human trafficking offenses, the number of offenses per victim are counted. One human trafficking victim can be counted under commercial sex acts, involuntary servitude, or both. For example, during the weekdays a victim is labored at a kiosk in the mall and on weekends the same victim is prostituted. One offense of commercial sex acts should be counted and one offense of involuntary servitude should be counted. *Count the number of human trafficking offenses per victim.* 

## Column 1 - Human Trafficking Classification

Two human trafficking offense classifications are listed. The human trafficking offenses are defined as:

- Offense A **Human Trafficking, Commercial Sex Acts**: Inducing a person by force, fraud, or coercion to participate in commercial sex acts, or in which the person induced to perform such act(s) has not attained 18 years of age. (Commercial sex acts may be exchanged for anything of value.)
- Offense B **Human Trafficking, Involuntary Servitude:** The obtaining of a person(s) through recruitment, harboring, transportation, or provision, and subjecting such persons by force, fraud, or coercion into involuntary servitude, peonage, debt bondage, or slavery. *(Not to include commercial sex acts.)*

## Column 2 - Offenses Reported

All actual and attempted human trafficking offenses occurring within an agency's jurisdiction for the month should be reported in this column. Also included in this column are any offenses committed in previous months but not reported until this month. *All known offenses*, *including those subsequently determined to be "unfounded*," should be entered in column 2.

All commercial sex acts and involuntary servitude offenses and attempts which occur during the month should be reported whether they become known to the police as the result of: (a) Citizens' complaints, (b) Reports of police officers, (c) "On view" (pick-up) arrests, (d) Citizens' complaints to sheriff, prosecutor, county police, private detective, constable, etc., and (e) Any other means.

- Row 1 Enter all actual, attempted, and unfounded commercial sex acts offenses reported for the month. Also included in this column are any commercial sex acts offenses committed in previous months but not reported until this month. *All known commercial sex acts offenses, including those subsequently determined to be "unfounded,"* should be entered.
- Row 2 Enter all actual, attempted, and unfounded involuntary servitude offenses reported for the month. Also included in this column are any involuntary servitude offenses committed in previous months but not reported until this month. *All known involuntary servitude offenses, including those subsequently determined to be "unfounded,"* should be entered.
- Row 3 Enter the totals of row 1 and row 2.

## Column 3 - Unfounded, i.e., False or Baseless Complaints

An unfounded, false, or baseless complaint is when a department receives a report of an offense from a citizen which, after preliminary investigation by officers, is determined to be false or baseless. In other words, no crime occurred. In this case, each unfounded complaint should be reported in column 3.

- Row 1 Enter the number of commercial sex acts complaints which were proved to be "unfounded" by police investigation.
- Row 2 Enter the number of involuntary servitude complaints which were proved to be "unfounded" by police investigation.

Row 3 Enter the totals of row 1 and row 2.

# Column 4 - Number of Actual Offenses (Column 2 minus Column 3) (Include Attempts)

To complete this column, the numbers in column 3 are subtracted from those in column 2 for each offense; that is, the Unfounded (column 3) count is subtracted from the Offenses Reported (column 2) count. The difference is the count to be reported as the Number of Actual Offenses (column 4) which occurred in the jurisdiction for the month.

- Row 1 Enter the number of actual and attempted commercial sex acts offenses reported for the month.
- Row 2 Enter the number of actual and attempted involuntary servitude offenses reported for the month.
- Row 3 Enter the totals of row 1 and row 2.

# Column 5 - Total Offenses Cleared by Arrest or Exceptional Means

Offenses are cleared either by arrest or exceptional means. In column 5, one entry should be made for each human trafficking offense that is cleared. DO NOT COUNT THE NUMBER OF PERSONS ARRESTED IN COLUMN 5. Column 5 is the total number of offenses cleared. An offense is "cleared by arrest" when at least one person is arrested, charged, and turned over to the court for prosecution. The arrest of many persons may clear only one offense or several offenses may be cleared by the arrest of one person.

Offenses can be cleared by exceptional means if the investigation (1) has definitely established the identity of the offender, (2) if there was enough information to support an arrest, charge, and turning over to the court for prosecution, (3) if the exact location of the offender was known so that the subject could be taken into custody, and (4) if there was some reason outside law enforcement control that preclude arresting, charging, and prosecuting the offender. Reasons outside of law enforcement control include circumstances such as: suicide of the offender, double murder, deathbed confession, offender killed by police or citizen, confession by an offender already in custody, or offender is prosecuted or in custody of another jurisdiction. The list is not all-inclusive; there may be other circumstances in which a LEA is entitled to an exceptional clearance.

The administrative closing of a case or the "clearing" of it by departmental policy does not permit exceptionally clearing the offense for UCR unless all four criteria mentioned earlier can be answered *yes*.

- Row 1 Enter the number of commercial sex acts offenses cleared by arrest or exceptional means.
- Row 2 Enter the number involuntary servitude offenses cleared by arrest or exceptional means.
- Row 3 Enter the totals of row 1 and row 2.

## Column 6 - Number of Clearances Involving Only Persons Under 18 Years of Age

In column 6, one entry should be made for each human trafficking offense cleared involving OFFENDERS under 18 years of age *only*. The number in this column can never be greater than the number in column 5.

If an offense is cleared by arrest or exceptional means and offenders include both adults and persons under 18 years of age, *the clearance should be scored only in column* 5. If a clearance involves only persons under age 18, the clearance is entered in both columns 5 and 6. REMEMBER THAT PERSONS ARRESTED ARE NOT BEING COUNTED IN COLUMNS 5 AND 6. COUNT ONLY THE NUMBER OF HUMAN TRAFFICKING OFFENSES CLEARED.

Offenses reported in previous months but not cleared can be cleared in columns 5 and 6 of this month's report.

Row 1	Enter the number of commercial sex acts offenses cleared by arrest or exceptional means by offenders under
	18 years of age

Row 2 Enter the number involuntary servitude offenses cleared by arrest or exceptional means by offenders under 18 years of age.

Row 3 Enter the totals of row 1 and row 2.

This Human Trafficking Form should be forwarded to the FBI UCR Program. Each agency is requested to submit this form each month by the seventh day after the close of the month. If there were no human trafficking or attempted human trafficking offenses to report, check the box on the Human Trafficking Form.
