

system meets all the requirements of 75.1911(b).

(i) At no time, the motor will be operated unattended, in accordance with 75.1916(e).

(j) Within 60 days after the Proposed Decision and Order (PDO) becomes final, the petitioner will submit proposed revisions for its approved part 48 training plan to the DM. The proposed revisions will include initial and refresher training regarding compliance with the terms and conditions of the PDO.

The petitioner asserts that the alternate method proposed will at all times guarantee no less than the same measure of protection afforded the miners under the mandatory standard.

Jessica D. Senk,

Director, Office of Standards, Regulations, and Variances.

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. OSHA-2012-0017]

Reports of Injuries to Employees Operating Mechanical Power Presses; Extension of the Office of Management and Budget's (OMB) Approval of an Information Collection (Paperwork) Requirements

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Request for public comments.

SUMMARY: OSHA solicits public comments concerning the proposal to extend the Office of Management and Budget's (OMB) approval of the information collection requirements specified in the Standard on Reports of Injuries to Employees Operating Mechanical Power Presses.

DATES: Comments must be submitted (postmarked, sent, or received) by September 24, 2021.

ADDRESSES:

Electronically: You may submit comments, including attachments, electronically at <http://www.regulations.gov>, the Federal eRulemaking Portal. Follow the instructions online for submitting comments.

Docket: To read or download comments or other material in the docket, go to <http://www.regulations.gov>. Documents in the docket are listed in the <http://www.regulations.gov> index; however,

some information (e.g., copyrighted material) is not publicly available to read or download through the website. All submissions, including copyrighted material, are available for inspection through the OSHA Docket Office. Contact the OSHA Docket Office for assistance in locating docket submissions.

Instructions: All submissions must include the agency name and the OSHA docket number for this **Federal Register** notice (OSHA-2012-0017). OSHA will place comments and requests to speak, including personal information, in the public docket, which may be available online. Therefore, OSHA cautions interested parties about submitting personal information such as Social Security numbers and birthdates. For further information on submitting comments, see the "Public Participation" heading in the section of this notice titled **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT:

Theda Kenney or Seleda Perryman, Directorate of Standards and Guidance, OSHA, U.S. Department of Labor, telephone (202) 693-2222.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of the continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA-95) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (OSH Act) (29 U.S.C. 651 *et seq.*) authorizes information collection by employers as necessary or appropriate for enforcement of the Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires that OSHA obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657).

In the event that a worker is injured while operating a mechanical power

press, 29 CFR 1910.217(g) requires the employer to report, within 30 days of the occurrence, all point-of-operation injuries to the operators or other employees to either the Director of the Directorate of Standards and Guidance at OSHA, U.S. Department of Labor, Washington, DC 20210 or electronically at <http://www.osha.gov/pls/oshaweb/mechanical.html>; or to the State agency administering a plan approved by the Assistant Secretary of Labor for Occupational Safety and Health. This information includes the employer's and worker's name(s), workplace address and location; injury sustained; task being performed when the injury occurred; number of operators required for the operation and the number of operators provided with controls and safeguards; cause of the incident; type of clutch, safeguard(s), and feeding method(s) used; and means used to actuate the press stroke. These reports are a source of up-to-date information on power press machines. Specifically, this information identifies the equipment used and conditions associated with these injuries.

OSHA's Mechanical Power Press injury reporting requirement at 1910.217(g) is a separate injury reporting requirement from OSHA's severe injury reporting requirements which are part of 1904.39. Under 1904.39, employers must, within 24 hours, report to OSHA any work-related injury requiring hospitalization as well as work-related incidents resulting in an amputation or loss of an eye. The Mechanical Power Press Standard requires employers to report all injuries involving operation of a power press to OSHA or an appropriate state agency within 30 days. Injuries that must be reported under 1910.217(g) include those that are also reportable under 1904.39 as well as those that are recordable under the recordkeeping standard (29 CFR 1904).

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply. For example, by using automated or other

technological information collection and transmission techniques.

III. Proposed Actions

OSHA is requesting that OMB extend the approval of the information collection requirement contained in the Standard on Reports of Injuries to Employees Operating Mechanical Power Presses (29 CFR 1910.217(g)). The agency is requesting an adjustment decrease in the number of burden hours from 400 to 390, a total reduction of 10 burden hours. The decrease is due to a decrease in the estimated number of injury reports caused by mechanical power presses (from 1,190 to 1,170).

Type of Review: Extension of a currently approved collection.

Title: Reports of Injuries to Employees Operating Mechanical Power Presses (29 CFR 1910.217(g)).

OMB Control Number: 1218-0070.

Affected Public: Business or other for-profits.

Number of Respondents: 1,170.

Frequency of Responses: On occasion.

Average Time per Response: Various.

Estimated Total Burden Hours: 390.

Estimated Cost (Operation and Maintenance): \$0.

IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions

You may submit comments in response to this document as follows:

(1) Electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal; (2) by facsimile (fax); or (3) by hard copy.

Please note: While OSHA's Docket Office is continuing to accept and process submissions by regular mail, due to the COVID-19 pandemic, the Docket Office is closed to the public and not able to receive submissions to the docket by hand, express mail, messenger, and courier service. All comments, attachments, and other material must identify the agency name and the OSHA docket number for the ICR (Docket No. OSHA-2012-0017). You may supplement electronic submissions by uploading document files electronically. If you wish to mail additional materials in reference to an electronic or facsimile submission, you must submit them to the OSHA Docket Office (see the section of this notice titled **ADDRESSES**). The additional materials must clearly identify your electronic comments by your name, date, and the docket number so the agency can attach them to your comments.

Due to security procedures, the use of regular mail may cause a significant delay in the receipt of comments.

Comments and submissions are posted without change at <http://www.regulations.gov>. Therefore, OSHA cautions commenters about submitting personal information such as their social security number and date of birth. Although all submissions are listed in the <http://www.regulations.gov> index, some information (e.g., copyrighted material) is not publicly available to read or download from this website.

All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <http://www.regulations.gov> website to submit comments and access the docket is available at the website's "User Tips" link. Contact the OSHA Docket Office at (202) 693-2350, (TTY) (877) 889 5627) for information about materials not available from the website, and for assistance in using the internet to locate docket submissions.

V. Authority and Signature

James S. Frederick, Acting Assistant Secretary of Labor for Occupational Safety and Health, directed the preparation of this notice. The authority for this notice is the Paperwork Reduction Act of 1995 (44 U.S.C. 3506 *et seq.*) and Secretary of Labor's Order No. 1-2012 (77 FR 3912).

Signed at Washington, DC, on July 19, 2021.

James S. Frederick,

Acting Assistant Secretary of Labor for Occupational Safety and Health.
