Exercises / Industry Collaboration

Information System or EXIS is the Transportation Security Administration's (TSA) premier online tool that guides government and industry users through the exercise planning process and provides resources to design, document, and evaluate exercises for all transportation modes. EXIS empowers security professionals to collaborate and communicate through discussions, shared documents, and critical lessons learned. EXIS is managed by the Intermodal Security Training and Program (I-STEP) and is the only exercise tool specifically tailored to the transportation
