

Technology Transfer Centers (MHTTC), and Prevention Technology Transfer Centers (PTTC) networks five-year funding cycle. The Technology Transfer Centers (TTCs) program is comprised of three networks (ATTC, MHTTC, and PTTC), which all use the same website and training and technical assistance platform. If the three networks are competed in different years and new organizations become award recipients of TTC programs, the structure of the common platform may be compromised. By competing the TTCs at the same time, if changes occur in award recipients, the new award recipients will be able to restructure the website and training platform within the first three months of the new funding cycle without disruptions.

Funding Opportunity Title: American Indian and Alaska Native Addiction Technology Transfer Centers (AI/AN ATTC) Cooperative Agreement NOFO TI-18-001.

Assistance Listing Number: 93.243.

Authority: ATTC cooperative agreements are authorized under Section 509 of the Public Health Service Act, as amended.

Justification: Eligibility for this supplemental funding is limited to the AI/AN ATTC funded in FY 2018 under the AI/AN ATTC Cooperative Agreement NOFO TI-18-001, as it is currently providing nationally focused treatment and recovery training activities that will continue to be funded through this supplement.

Federal Emergency Management Agency

[Docket ID FEMA-2022-0022; OMB No. 1660-0054]

Agency Information Collection Activities: Submission for OMB Review; Comment Request; Assistance to Firefighters Grant Program and Fire Prevention and Safety Grants-Grant Application Supplemental Information

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 30-Day notice of revision and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. This notice invites the general public to comment on the extension of a currently approved collection, with changes, concerning the applications for the Assistance to Firefighters Grant (AFG) program, the Fire Prevention and Safety (FP&S) Grants program, the Staffing for Adequate Fire and Emergency Response (SAFER) Grants program, and the Assistance to Firefighters Grant Program—COVID-19 Supplemental (AFG-S). These programs focus on enhancing the safety of the public and firefighters with respect to fire and fire-related hazards. The changes proposed will acknowledge the FEMA Grants Outcomes (FEMA GO) system as the new collection instrument for the AFG, AFG-S, SAFER, and FP&S programs. The individual forms will be combined into a question bank to allow the FEMA GO system to fully utilize its technology to simplify the process by reducing unnecessary questions.

DATES: Comments must be submitted on or before December 28, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address FEMA-Information-Collections-Management@fema.dhs.gov or William Dunham, Fire Program Specialist, FEMA, Grant Programs Directorate, at 202-786-9813 or Firegrants@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The authority for these grant programs is derived from the Coronavirus Aid, Relief, and Economic Security (CARES) Act, Div. B (Pub. collected is grant application information that is necessary to assess the needs of the applicants as well as the benefits to be obtained from the use of funds. The information collected through the program’s application is the minimum necessary to evaluate grant applications and is necessary for FEMA to comply with mandates delineated in the law.

FEMA is consolidating several forms associated with these programs into the FEMA GO electronic system, FF-207-FY-21-116. This proposed information collection previously published in the **Federal Register** on August 2, 2022, at 87 FR 47227 with a 60 day public comment period. No comments were received. Agency Information Collection Activities: Submission for OMB Review; Comment Request; Integrated Public Alert and Warning Systems (IPAWS) Memorandum of Agreement Applications

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 30-Day notice of revision and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. This notice seeks comments concerning the Integrated Public Alert and Warning Systems (IPAWS) Memorandum of Agreement Applications.

DATES: Comments must be submitted on or before December 28, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or

copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address FEMA-Information-Collections-Management@fema.dhs.gov or Wade Witmer, Deputy for the Integrated Public Alert and Warning System (IPAWS) Program, FEMA, National Continuity Programs, (202) 646-2523, wade.witmer@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: Public Law 114-143, the Integrated Public Alert and Warning System Modernization Act of 2015, and Presidential Executive Order 13407, Public Alert and Warning System, establishes the policy for an effective, reliable, integrated, flexible, and comprehensive system to alert and warn the American people in situations of war, terrorist attack, natural disaster, or other hazards to public safety and wellbeing. The Integrated Public Alert and Warning System (IPAWS) is the Department of Homeland Security’s response to the Executive Order. The Stafford Act (42 U.S.C. 5121, *et. seq.*, Public Law 93-288, as amended) requires that FEMA make IPAWS available to Federal, State, and local agencies for the purpose of providing warning to governmental authorities and the civilian population in areas endangered by disasters. The information collected is used by FEMA to create a Memorandum of Agreement that regulates the management, operations, and security of the information technology system connection between a Federal, State, Tribal, territorial, or local alerting authority and IPAWS-OPEN (Open Platform for Emergency Notifications).

The IPAWS Public Alerting Authorization application captures information detailing which types of events the local jurisdiction wants to be configured to use IPAWS for and which primary dissemination channels should be available. For example, if a community wants to send a Civil Emergency Message (CEM) to broadcast across radio, television, and cable, they will request “CEM” for “EAS”—the Emergency Alert System. These requested permissions are reviewed by either the State or by Tribal authorities for compliance with established overall alerting policies and plans. IPAWS uses the approved information to configure permissions in IPAWS-OPEN.

This proposed information collection previously published in the **Federal Register** on August 26, 2022, at 87 FR 52589 with a 60 day public comment period. No comments were received. The purpose of this notice is to notify

the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.
