

A. Data Definitions

The template commences with the **Data Definitions and Required Documents** tab. This worksheet provides definition/description, and regulatory citation for each data field within the template. The Data Definitions and Required Documents tab provides the user with the information needed to complete the template.

B. Details

This worksheet is where users provide details to NHTSA about the Trade related to the Transaction ID (generated by the CAFE Credit Value Template). Below are the steps on how to fill the Details Tab in CAFE Credit Value Template.

Step 1: Select the Manufacturer who bought the Credits from the drop-down list

The screenshot shows a portion of the CAFE Credit Value Template form. The following fields are visible:

- CREDIT BUYER:** A dropdown menu with the text "(Select Manufacturer)" inside. A red arrow points to this field from the text "Step 1: Select the Manufacturer who bought the Credits from the drop-down list". A yellow callout bubble labeled "Base" is positioned to the right of this field.
- DATE (mm/dd/yyyy):** A text input field. A red arrow points to this field from the text "Step 2: Enter the date".
- Transaction ID (if applicable)*:** A text input field. A red arrow points to this field from the text "Step 3: Enter the Transaction ID".
- Is there any Monetary Value Associated with the Trade?:** A question with two radio buttons labeled "Yes" and "No". A yellow circle highlights these buttons, and a red arrow points to the "Yes" button from the text "Step 5 & 6: Select Yes if the Trade has any Monetary and/or Non - Monetary value(s) associated".
- Is there any Non - Monetary Value Associated with the Trade?:** A question with two radio buttons labeled "Yes" and "No". A yellow circle highlights these buttons, and a red arrow points to the "Yes" button from the text "Step 5 & 6: Select Yes if the Trade has any Monetary and/or Non - Monetary value(s) associated".

Step 5 & 6: Select Yes if the Trade has any Monetary and/or Non - Monetary value(s) associated

Once selected Yes for the associated Monetary and/or Non - Monetary trades, the Monetary and/or Non - Monetary value(s) associated with the Trade must be entered.

Selected Yes

The screenshot shows the same portion of the CAFE Credit Value Template form as above, but with the "Yes" radio button selected for both the Monetary and Non-Monetary value questions. A yellow callout bubble labeled "Selected Yes" points to the selected "Yes" button for the "Is there any Monetary Value Associated with the Trade?" question.
