For an adjustable rate loan, the expected rate is the sum of the lender's margin and either (1) the U.S. Treasury Securities rate adjusted to a constant maturity of ten years if the loan interest rate adjusts based on the Constant Maturity Treasury (CMT) index or (2) the ten year London Interbank Offered Rate (LIBOR) swap rate if the loan interest rate adjusts based on the LIBOR index.

3. Servicing Fee Set-Aside Amount - An amount initially set aside from the Principal Limit as indicated on the Payment Plan Exhibit to the HECM Loan Agreement, to be applied to payment due for a fixed monthly charge for servicing activities of Issuer or its Subcontract Servicer. 8. Property Repair Set-Aside Amount - At closing, the amount that a borrower sets aside to cover property repairs, plus the repair administration fee.
