

SUPPLEMENTARY INFORMATION: This proposed information collection previously published in the **Federal Register** on March 19, 2021 at 86 FR 14938 with a 60 day public comment period. No comments were received. The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.

Collection of Information

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

Type of Information Collection: Extension, without change, of a currently approved information collection.

OMB Number: 1660–0130.

Form Titles and Numbers: None.

Abstract: The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery. This feedback will provide insights into customer or stakeholder perceptions, experiences, and expectations; provide an early warning of issues with service; or focus attention on areas where communication, training, or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative, and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be

eligible for submission for other generic mechanisms that are designed to yield quantitative results.

Affected Public: Individuals or Households.

Estimated Number of Respondents: 1,075,000.

Estimated Number of Responses: 1,075,000.

Estimated Total Annual Burden Hours: 268,783.

Estimated Total Annual Respondent Cost: \$10,622,304.

Estimated Respondents' Operation and Maintenance Costs: None.

Estimated Respondents' Capital and Start-Up Costs: None.

Estimated Total Annual Cost to the Federal Government: \$2,180,168.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Choice Neighborhoods.

OMB Approval Number: 2577–0269.

Type of Request: Revision of currently approved collection.

Form Number: SF–424, SF–424B, SF–424D, SF–LLL, HUD 2880, HUD 53150, HUD 53152, HUD 53232, HUD 53151, HUD 53154, HUD–53156, HUD–53233, HUD–53234, HUD–53238, HUD–53231, HUD–53235, HUD–53237, HUD–53236, HUD–53239, HUD–2530, HUD–2991, HUD–2995, HUD–53421, HUD–53230, HUD–52515, HUD–50163, HUD–50153.

Description of the need for the information and proposed use: The information collection is required to administer the Choice Neighborhoods

program, including applying for funds and grantee reporting.

Respondents (i.e., affected public): Potential applicants and grantees (which would include local governments, tribal entities, public housing authorities, nonprofits, and for-profit developers that apply jointly with a public entity).

Estimated Number of Respondents: 264 annually.

Estimated Number of Responses: 440 annually.

Frequency of Response: Frequency of response varies depending on what information is being provided (e.g., once per year for applications and four times per year for grantee reporting).

Burden Hours per Response: Burden hours per response varies depending on what information is being provided (e.g., Choice Neighborhoods Implementation grant application: 68.17; Choice Neighborhoods Planning grant application: 35.42; Choice Neighborhoods information collections unrelated to the NOFA, including grantee reporting and program management: 14.58).

Total Estimated Burdens: Total burden hours is estimated to be 4,431. Total burden cost is estimated to be \$199,393.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. 3507.

Date: May 20, 2021.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[212LLAK941200.L1440000.ET0000;AKAA-95542]

Notice of Application for Withdrawal and Opportunity for Public Meeting for the Mendenhall Glacier Recreation Area, Alaska

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The U.S. Forest Service (USFS) filed an application with the Bureau of Land Management (BLM) requesting that the Secretary of the Interior withdraw 4,560 acres of National Forest System land for the Mendenhall Glacier Recreation Area. The USFS requests the withdrawal as the receding Mendenhall Glacier leaves additional lands unprotected by the existing withdrawal created by Public Land Order (PLO) No. 829. This Notice segregates these lands for up to two years from location and entry under United States mining laws and leasing under the mineral leasing laws, subject to valid existing rights. The land will remain open to other uses at the discretion of the Authorized Officer.

DATES: Comments and requests for a public meeting must be received by September 7, 2021.

ADDRESSES: All comments and meeting requests should be mailed to the BLM Alaska State Office, 222 West Seventh Avenue, No. 13, Anchorage, Alaska 99513-7504. The BLM will not consider comments received via telephone calls.

FOR FURTHER INFORMATION CONTACT: Chelsea Kreiner, BLM Alaska State Office, 907-271-4205, email ckreiner@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 to contact the above individual. The FRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: On April 8, 2019, the USFS filed an application for the Secretary of the Interior to withdraw the following National Forest System land from location and entry under the United States mining laws and leasing under the mineral leasing laws, subject to valid existing rights:

Copper River Meridian, Alaska

Tongass National Forest

T. 39 S., Rs. 65 and 66 E., more particularly described as follows:

BEGINNING at Corner No. 2, U.S. Survey No. 1536, Alaska.

THENCE, along the record courses of PLO 829, N 18° 30' W, a distance of 160 chains;

THENCE, N 55° 00' E, a distance of 100 chains, to the POINT OF BEGINNING of the Mendenhall Withdrawal;

THENCE, N 26° 00' E, a distance of 110 chains;

THENCE, N 78° 30' E, a distance of 260 chains;

THENCE, S 8° 30' E, a distance of 133 chains;

THENCE, S 33° 00' W, a distance of 90 chains;

THENCE, S 77° 00' W, a distance of 101 ± chains, to the boundary of PLO 829;

THENCE, along said boundary on the following courses, N 20° 00' W, a distance of 24 ± chains;

THENCE, N 45° 00' W, a distance of 80 chains;

THENCE, West, a distance of 110 chains, to the POINT OF BEGINNING of the Mendenhall Withdrawal, containing 4,560 ± acres.

The use of a rights-of-way, interagency agreement, or cooperative agreement would not provide adequate protection for the existing and planned development over a large area from impacts related to location and development of mining claims or mineral leasing activities.

The land for this withdrawal adjoins PLO 829, dated May 10, 1952, for the Tongass National Forest Mendenhall Lake Scenic and Winter Sports Area. Water is critical to this withdrawal for both recreation and visual purposes. The Mendenhall Glacier and Mendenhall Lake are the focal point and basis for the USFS recreation development and facilities at this site. The USFS is requesting the Secretary to include in the withdrawal area both the glacier and lake which is coming into exposure with the retreating glacier.

All persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the BLM. Records relating to the application may be examined by contacting the BLM Alaska State Office at the address above.

The Notice is hereby given that an opportunity for a public meeting is in connection with this withdrawal. All persons who desire a public meeting for the purpose of being heard on the withdrawal must submit a written request to the BLM Alaska State Director within 90 days from the date of publication of this Notice. Upon determination by the authorized officer that a public meeting will be held, a
