Instructions for Form HUD-52651-A: Site, Design and Cost Report

1. Purpose: When the PHA is preparing to submit a PHA Proposal for a Public Housing Project (PHA Proposal), Form HUD-52483-A, the Site, Design and Cost Report, Form HUD-52651-A, is the principal attachment used to delineate components of the proposed project. This form is also used to summarize the submission of site documents when the project involves 1-4 family properties under the conventional or acquisition developmental methods.

2. Prepared by: Form HUD-52651-A Site, Design and Cost Report, is prepared by the PHA and its architect under the conventional and acquisition methods. Under the turnkey method, Form HUD-52651-A is initially prepared by prospective developers as part of their turnkey proposal. By signing the form, the PHA formally incorporates it into its PHA proposal which is submitted to HUD. Only one turnkey proposal is permitted for each PHA proposal.

3. Number: Original and one more copies. (Note: The Form HUD-52651-A, itself, calls for attachments).

4. Distribution: A turnkey developer shall submit the original and at least one copy of Form HUD-52651-A to the PHA with all attachments as part of a turnkey proposal. The Developer's Packet may specify a greater number of copies to be submitted to the PHA. A PHA shall attach the original to the original of its PHA Proposal which is submitted to the applicable HUD Field Office and shall retain the copy with a copy of its PHA Proposal in its files. A PEA may also be requested by the Field Office to submit additional copies of its proposal. If the Field Office plans to request any additional copies of the proposal from the PHA, the Field Office should advise the PHA to specify a sufficient number of turnkey proposals in the Developer's Packet.

5. Instructions for Preparation: The Site, Design and Cost Report (Form HUD-52651-A) is to be prepared in

accordance with the public housing development regulation (24 CFR 905) and Capital Fund Guidebook by either the PHA (Conventional and Acquisition methods) of the turnkey developer (Turnkey method). Except for conventional or acquisition projects involving 1-4 family properties, a separate Form HUD-52651-A is to be submitted for each individual site or a site comprising several contiguous parcels having common exhibits or other information. In addition, a Form HUD-52651-A (Parts I, IV and V) is to be submitted summarizing the project as a whole. For conventional or acquisition projects involving 1-4 family properties, a Form HUD-52651-A with Part I, Items 1-11, Part IV and Part V completed shall be submitted summarizing the site documents for each group of properties being proposed. Each part should indicate the total of all properties approved or submitted to date. The following attachments are required with each group of properties submitted to HUD for approval:

- a. Offers of Sale of Real Property and Purchase Agreements (executed Forms HUD-51971-I and II).
- b. Neighborhood Map designating properties previously approved by HUD and acquired by the PHA and the properties currently being submitted for HUD approval.
- c. Appraisal (Form HUD-92800-3)
- d. Work write-ups for properties to be rehabilitated and repair descriptions for those requiring only minor repairs.
- e. A statement of how each property was identified and whether it is currently occupied by an owner or tenant. Specific instructions for completing each item follow. If there is insufficient space on the form, a continuation sheet may be used which clearly identifies the material by Part, Section, and item number.
