No material/Nonsubstantive Change Request

**Generic Information Collection Plan for the Collection of Qualitative Feedback on Bureau Service Delivery**

**No Material/Nonsubstantive Change Request**

The Consumer Financial Protection Bureau requests that OMB approves the “*Application Forms for Financial Empowerment Training Programs*” information collection (OMB Control No. 3170-0068) to incorporate nonsubstantive changes to the “Your Money, Your Goals Cohort” application.

The Bureau revised the application in the following ways:

- The explanatory language (contained on pages 1-2) was rewritten to provide better description and instruction for the form’s usage.
- Question #7 (“*How many individuals will participate in the CFPB-led train-the-trainer and the lead workshops for or equip other staff and volunteers to use the materials?*”) was removed
  - Question #7 required one numerical figure.
  - The application’s total number of questions decreased from 11 to 10.

All of these changes are incorporated into the “Your Money, Your Goals Cohort application” file uploaded into the Bureau’s submission under ICR Reference Number 202109-3170-003. If approved, this request will not materially change the population from whom the data is sought nor the level of burden imposed upon any respondents.
