

\$20,000 for the services of outside attorneys to retrieve, review, and submit the information associated with the submission of the one request for which a request for a joint interpretation pursuant to Rule 3a68–2 was not previously made (1 request × 50 hours/request × \$400). For the nine requests for which a request for a joint interpretation pursuant to Rule 3a68–2 was previously made, the SEC estimates the total costs associated with preparing and submitting a party’s request pursuant to Rule 3a68–4(c) would be \$6,000 less per request because, as discussed above, some of the information required to be submitted pursuant to Rule 3a68–4(c) already would have been submitted pursuant to Rule 3a68–2. The SEC estimates this would result in an aggregate cost each year of \$126,000 for the services of outside attorneys (9 requests × 35 hours/request × \$400).

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the SEC, including whether the information shall have practical utility; (b) the accuracy of the SEC’s estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information

under the PRA unless it displays a currently valid OMB control number.

**Submission for OMB Review; Comment Request; Extension: Rule 17f–6**

*Upon Written Request, Copies Available From:* Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736

Notice is hereby given that, under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520), the Securities and Exchange Commission (the “Commission”) has submitted to the Office of Management and Budget a request for extension of the previously approved collection of information discussed below.

Rule 17f–6 (17 CFR 270.17f–6) under the Investment Company Act of 1940 (15 U.S.C. 80a) permits registered investment companies (“funds”) to maintain assets (*i.e.*, margin) with futures commission merchants (“FCMs”) in connection with

commodity transactions effected on both domestic and foreign exchanges. Before the rule was adopted, funds generally were required to maintain such assets in special accounts with a custodian bank.

The rule requires a written contract that contains certain provisions designed to ensure important safeguards and other benefits relating to the custody of fund assets by FCMs. To protect fund assets, the contract must require that FCMs comply with the segregation or secured amount requirements of the Commodity Exchange Act (“CEA”) and the rules under that statute. The contract also must contain a requirement that FCMs obtain an acknowledgment from any clearing organization that the fund’s assets are held on behalf of the FCM’s customers according to CEA provisions.

Because rule 17f–6 does not impose any ongoing obligations on funds or FCMs, Commission staff estimates there are no costs related to *existing* contracts between funds and FCMs. This estimate does not include the time required by an FCM to comply with the rule’s contract requirements because, to the extent that complying with the contract provisions could be considered “collections of information,” the burden hours for compliance are already included in other PRA submissions.<sup>1</sup> Commission staff estimates that approximately 1,302 series of 155 funds which report that futures commission merchants and commodity clearing organizations provide custodial services to the fund.<sup>2</sup>

Commission staff, however, estimates that any burden of the rule would be borne by funds and FCMs entering into *new* contracts pursuant to the rule as set forth in Table 1 below:

**TABLE 1—BURDEN OF INFORMATION COLLECTION FOR COMPLYING WITH RULE 17f–6**

	Estimated responses	Estimated hours burden	Estimated cost burdens
New contracts with FCMs Annually.	130 series ..... 15 funds <sup>1</sup> .....	130 series × 0.1 hours = 13 hours ..... 15 funds × 1 hour = 15 hours ..... 13 hours + 15 hours = 28 hours <sup>3</sup> .....	13 hours × \$425 (attorney) <sup>4</sup> = \$5,525. 15 hours × \$425 (attorney) <sup>4</sup> = \$6,375. \$5,525 + \$6,375 = \$11,900.
Totals .....	130 series and 15 funds annually <sup>2</sup> .	28 hours annually .....	\$11,900 annually.

<sup>1</sup> These estimates are based on the assumption that 10% of series and funds that currently effect commodities transactions enter into new FCM contracts each year. This assumption encompasses series and fund that enter into FCM contracts for the first time, as well as fund complexes and fund that change the FCM with whom they maintain margin accounts for commodities transactions.

<sup>2</sup> Commission staff estimates that approximately 155 funds, representing 1,302 separate fund series, currently effect commodities transactions and could deposit margin with FCMs in connection with those transactions pursuant to rule 17f–6. Staff further estimates that of this number, 15 funds and 130 series enter into new contracts with FCMs each year.

<sup>3</sup> The rule requires a contract with the FCM to contain two provisions requiring the FCM to comply with existing requirements under the CEA and rules adopted thereunder. Thus, to the extent these provisions could be considered collections of

information, the hours required for compliance would be included in the collection of information burden hours submitted by the CFTC for its rules.

<sup>4</sup> This estimate is based on the number of funds that reported on Form N–CEN from July 31, 2020–July 31, 2021, in response to sub-items C.12.6. and D.14.6. Money market funds are excluded from this estimate because they are not eligible securities.

<sup>3</sup>Based on conversations with fund representatives, Commission staff understands that funds typically enter into contracts with FCMs on behalf of series that engage in commodities transactions. Series covered by the contract are typically listed in an attachment, which may be amended to encompass new series. Commission staff estimates that the burden for a fund to enter into a contract with an FCM that contains the contract requirements of rule 17f-6 is one hour, and further estimates that the burden to add a series to an existing contract between a fund and an FCM is 6 minutes.

<sup>4</sup>The \$425 per hour figure for an attorney is from SIFMA's *Management & Professional Earnings in the Securities Industry 2013*, updated for 2021 modified by Commission staff to account for an 1,800-hour work-year and multiplied by 5.35 to account for bonuses, firm size, employee benefits and overhead.

These estimates are made solely for the purposes of the Paperwork Reduction Act, and are not derived from a comprehensive or even a representative survey or study of the costs of Commission rules and forms.

The collections of information requirements of the rule are necessary to obtain the benefit of relying on the rule. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

## SECURITIES AND EXCHANGE COMMISSION

[OMB Control No. 3235-0169, SEC File No. 270-172]

**Submission for OMB Review;  
Comment Request; Extension: Form N-5**

*Upon Written Request, Copies Available From:* Securities and Exchange Commission, Office of FOIA Services,

100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the "Commission") has submitted to the Office of Management and Budget ("OMB") a request for extension of the previously approved collection of information discussed below.

Form N-5 (17 CFR 239.24 and 274.5) is the form used by small business investment companies ("SBICs") to register their securities under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*) ("Securities Act") and the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) ("Investment Company Act"). Form N-5 is the registration statement form adopted by the Commission for use by an SBIC that has been licensed as such under the Small Business Investment Act of 1958 or which has received the preliminary approval of the Small Business Administration ("SBA") and has been notified by the SBA that the company may submit a license application Form N-5 is an integrated registration form and may be used as the registration statement under both the Securities Act and the Investment Company Act. The purpose of Form N-5 is to meet the filing and disclosure requirements of both the Securities Act and Investment Company Act, and to provide investors with information sufficient to evaluate an investment in an SBIC. The information that is required to be filed with the Commission permits verification of compliance with securities law requirements and assures the public availability and dissemination of the information.

The Commission did not receive any filings on Form N-5 in the last three years (and in the three years before that, received only one Form N-5 filing). Nevertheless, for purposes of this PRA, we conservatively estimate that at least one Form N-5 will be filed in the next three years, which translates to about 0.333 filings on Form N-5 per year. The currently approved internal burden of Form N-5 is 352 hours per response. We continue to believe this estimate for Form N-5's internal hour burden is appropriate. Therefore, the number of currently approved aggregate burden

hours, when calculated using the current estimate for number of filings, is about 117 internal hours per year.

The currently approved external cost burden of Form N-5 is \$10,100 per filing. The requested external cost burden for filing one Form N-5 would be \$12,524 per year. This estimated burden is based on the estimated wage rate of \$496/hour, for 25.25 hours, for outside legal services to complete the form and provide the required hyperlinks.

Estimates of average burden hours and costs are made solely for the purposes of the Paperwork Reduction Act, and are not derived from a comprehensive or even representative survey or study of the costs of Commission rules and forms. Compliance with the collection of information requirements of Form N-5 is mandatory. Responses to the collection of information will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.
