[SP, DOUBLE PROMPT]  
CONSENT.

We are asking you to take part in this survey on a series of topics about your teen Alexis, including their mental health, sexual and reproductive health, social support systems, and school environment. This will take you about 15 minutes to finish, depending on your answers.  
Important things you should know are:

- The Teen and Parent Surveys of Health are being conducted by NORC on behalf of the U.S. Centers for Disease Control and Prevention's (CDC) Division of Adolescent and School Health.
- The survey is voluntary; you can choose whether or not to take it, and you can stop taking the survey at any time.
- We would encourage you to take the survey at any time when you have privacy.
- You will be compensated for your time with AmeriPoints for completing the survey.

If you have any questions or concerns about your participation in this study, you can contact AmeriSpeak Support at [support@AmeriSpeak.org](mailto:support@AmeriSpeak.org) or call (888) 326-9424.

Are you willing to complete this survey?

- Yes  
 No

## Section D. Health Education

---

[DISPLAY – SECTD\_INTRO]

People get information from many different sources. The next questions are about where you get information about parenting and teen health and well-being, including sexual and reproductive health and mental health. Sexual and reproductive health refers to topics like sex, sexuality, relationships, or other issues like how to prevent sexually transmitted infections (STIs) or unintended pregnancies. Mental health includes things like stress, anxiety, and depression.
