Welcome to today's Amerispeak survey! You are invited to participate in a survey about your mental health, sexual and reproductive health, social support systems, and school environment!

A few things...

This survey is voluntary. We're excited to hear what you think and hope you will answer as many questions as you can, but it is OK to leave a question blank if you choose not to answer it.

Your answers will be kept private. Your answers will be combined with answers from teens across the country. *NO ONE* will be told how you answered any of your questions.

There are NO wrong answers. We want you to answer truthfully and as best you can, but this is a chance for you to have a voice: tell us what YOU think!

[SP; double prompt]

CONSENT.

We are asking you to take part in this survey on how teens like you feel about your mental health, sexual and reproductive health, social support systems, and school environment. This will take about 20 minutes to finish, depending on your answers.

Important things you should know are:

- The Teen and Parent Surveys of Health are being conducted by NORC on behalf of the U.S. Centers for Disease Control and Prevention's (CDC) Division of Adolescent and School Health.
- The survey is voluntary; you can choose whether or not to take it, and you can stop taking the survey at any time.
- We would encourage you to take the survey at any time when you will have privacy.
- You will be compensated for your time with a reward of [INCENTWCOMMA] AmeriPoints for completing the survey.

If you have any questions or concerns about your participation in this study, you can contact AmeriSpeak Support at support@AmeriSpeak.org or call (888) 326-9424.

Are you willing to complete this survey?

Thank you for your help with this important survey. We will ask questions on a series of topics, including: your communication with your parent(s)/caregiver(s); social support systems; school environment; mental health; and sexual and reproductive health. We will start by asking you a few questions about yourself.

[CAWI: Please use the "Continue" and "Previous" buttons to navigate between the questions within the questionnaire. Do not use your browser buttons.]
