Welcome to today's Amerispeak survey! You are invited to participate in a survey about your mental health, sexual and reproductive health, social support systems, and school environment!

A few things...

This survey is voluntary. We're excited to hear what you think and hope you will answer as many questions as you can, but it is OK to leave a question blank if you choose not to answer it.

Your answers will be kept private. Your answers will be combined with answers from teens across the country. NO ONE will be told how you answered any of your questions.

There are **NO** wrong answers. We want you to answer truthfully and as best you can, but this is a chance for you to have a voice: tell us what **YOU** think!
