

Attachment A. Email Invitation for Heat and Health Tracker Evaluation Survey

OMB Control Number: 0923-0047

Dear [Name of Individual]:

The Climate and Health Program (CHP) is seeking feedback on the Centers for Disease Control and Prevention's [Heat and Health Tracker](#) (HHT). Launched in 2020, HHT seeks to provide timely, local-level, heat and health information to the public.

CHP would like you to participate in a short survey to help us better understand what heat and health related illness data needs exist, who is utilizing HHT, and whether HHT is a beneficial tool for planning and/or decision-making efforts and why. We estimate it will take between 15 minutes to complete the survey. If there are other colleagues you work with that have utilized HHT, or who might like the opportunity to provide feedback on the tool, please share this email with them.

Your responses to this survey are voluntary and we will not ask for any information that will identify you. We hope that you choose to provide feedback. The information gained will assist us in improving the Heat and Health Tracker to support decision-makers and planners in the communities we serve.

Here is the link to the online questionnaire: <https://rdcp.cdc.gov/surveys/?s=RR3K9H8LTM8LYWWL>

CDC is authorized to conduct this survey under the Public Health Service Act, section 301, "Research and Investigation," (42 U.S.C. 241).

Thank you,

Climate and Health Program's Evaluation Team
