Intakes Placement Checklist

Section B: Staff Secure Criteria

1: Escape Risk

UAC requires close supervision, but does not require placement in a secure provider facility.

* Referral indicates that UAC has attempted to escape or expressed intent to escape from detention or government custody.

* UAC was previously in ORR care and has SIR(s) for attempting to escape or expressing intent to escape from ORR custody.

* UAC has immigration history that includes: 1) a final order of removal 2) prior breach of bond 3) failure to appear before DHS or the immigration court 4) previous repatriation to homecountry.

2: Conduct in ORR Custody

UAC has been unacceptably disruptive in ORR custody and requires a staff secure setting. Previous SIRs or other internal ORR documents indicating unacceptably disruptive behavior must be submitted in support of this finding.

* UAC was previously in ORR care and ORR records indicate the UAC committed, or made credible threats, to commit a violent or malicious act while in ORR custody.

3: Gang Affiliation

Attach referring agency's basis for determining gang affiliation if not in the UAC Portal.

* Referral indicates that referring agency has identified the UAC as affiliated with a gang based on admissions by the UAC or UAC displays gang affiliation.

* Referring agency suspects the UAC is affiliated with a gang. Basis for suspicion must be included in referral notes. If the UAC was previously in ORR custody and released to a sponsor; and re-referred to ORR custody only because of the UAC's alleged gang ties, DHS must submit a copy of the Saravia order with the new referral.

* UAC was previously in ORR care and ORR records indicate UAC is affiliated with a gang.

4: Criminal History

Criminal history meets the minimum requirements for placement in a staff secure facility if it 1) involved multiple incidents of the same incident (showing a pattern or practice of criminal behavior) or 2) involved different incidents of separate offenses.

* The UAC has been charged with or convicted of a crime or has been adjudicated delinquent; or is subject to delinquency proceedings or other criminal proceedings.

* The referral indicates that the UAC has committed a crime or delinquent act that they are chargeable for. Chargeable means that there is probable cause (based on a law enforcement officer's judgement) that the UAC committed the specified offense.

* UAC has been convicted or is chargeable with a non-violent criminal offense.

* Is there a pattern and practice of criminal activity?

* If there were multiple accounts, did they stem from different incidents in time?

***Select specific offense(s)**

Available Options

- Soliciting a Prostitute
- Pandering
- Theft (Including petty theft)
- Shoplifting
- Fraud
- Moving Violation
- Drug Possession
- Status Offense
- Other

Selected Options

- Burglary
- Threats to Harm
- Destruction of Property
- Drug Smuggling

Section C: Secure Criteria

1: Criminal History

Criminal history or behavior meets the minimum requirements for placement into secure care if it: 1) involved an element of violence from the action, threat, or harassment, 2) involved multiple incidents of the same offense (showing a pattern or practice of criminal activity, or 3) involved different incidents of separate offenses. Criminal history not falling into one of these three categories does not meet the "dangerousness" requirement for placement in a secure facility, but may justify placement in a staff secure facility.

* UAC has been convicted, is chargeable with, attempted, or conspired to commit a violent criminal offense or has made threats of violence against a victim.

* Is there a pattern and practice of criminal activity?

* If there were multiple accounts, did they stem from different incidents in time?

***Indicate Specific Offenses:**

Available Options

- Kidnapping
- Sexual Assault/Rape
- Robbery
- Crimes Involving Minor
- Threats to Harm
- Arson
- Manslaughter
- Other

Selected Options

- Assault/Battery
- Possession Deadly Weapon
- Trafficking in persons
- Homicide

2: Conduct in ORR Custody

UAC conduct in ORR custody indicates dangerousness may justify placement in a secure facility. Previous SIRs or other internal ORR documents indicating dangerousness must be submitted in support of this finding. For example, a UAC may have committed a violent or malicious act while in ORR custody. A violent act can include destruction of another's property or use of physical force against a person. A malicious act must be part of a pattern of acts with the intention to do harm and is not an isolated offense in this context.

* UAC was previously in ORR care and ORR records indicate the UAC committed, or made credible threats to commit, a violent or malicious act while in ORR custody.

3: Sexual Predation

Any positive indication or history of sexual predatory behavior or engaging in inappropriate sexual behavior meets the minimum requirement for placement into a therapeutic or secure facility. Sexual predatory behavior refers to a UAC with 1) a history of sexual assault or sexual harassment, 2) that is part of a pattern of behavior with the goal of committing a sexually based crime, and 2) that is based on a mental disorder or impulse. ORR may consider case history (e.g., law enforcement or court records, ORR custodial documents, such as SIRs, and/or self-disclosures related to the UAC's history to determine whether their conduct is predatory in nature.

* Referral indicates the referring agency has evidence that the UAC has a history of or displays sexual predatory behavior or engaged in inappropriate sexual behavior.

* UAC was previously in ORR care and ORR records indicate the UAC has sexual predatory behavior or engaged in inappropriate sexual behavior.

3: Sexual Predation

Any positive indication or history of sexual predatory behavior or engaging in inappropriate sexual behavior meets the minimum requirement for placement into a therapeutic or secure facility. Sexual predatory behavior refers to a UAC with 1) a history of sexual assault or sexual harassment, 2) that is part of a pattern of behavior with the goal of committing a sexually based crime, and 3) that is based on a mental disorder or impulse. ORR may consider case history (e.g., law enforcement or court records, ORR custodial documents, such as SIRs, and/or self-disclosures related to the UAC's history to determine whether their conduct is predatory in nature.

* Referral indicates the referring agency has evidence that the UAC has a history of or displays sexual predatory behavior or engaged in inappropriate sexual behavior.

* UAC was previously in ORR care and ORR records indicate the UAC has sexual predatory behavior or engaged in inappropriate sexual behavior.

Section C: Secure Criteria

UAC are not placed in a secure facility absent a determination that the child poses a danger to self, others, or has been charged with having committed a criminal offense. In assessing danger, ORR considers criminal history, gang affiliation that requires further assessment, and/or sexual predatory behavior/inappropriate sexual behavior. ORR considers certain criminal history as evidence of danger as provided below.

1. Criminal History

Criminal history or behavior meets the minimum requirements for placement into secure care if it: 1) involved an element of violence from the action, threat, or harassment, 2) involved multiple incidents of the same offense (showing a pattern or practice of criminal activity, or 3) involved different incidents of separate offenses. Criminal history not falling into one of these three categories does not meet the "dangerousness" requirement for placement in a secure facility, but may justify placement in a staff secure facility.

<p>a. UAC has been convicted, is chargeable with, attempted, or conspired to commit a violent criminal offense or has made threats of violence against a victim.</p> <p style="margin-left: 20px;">Is there a pattern and practice of criminal activity? <input type="radio"/> Yes <input checked="" type="radio"/> No</p> <p style="margin-left: 20px;">If there were multiple accounts, did they stem from different incidents in time? <input type="radio"/> Yes <input type="radio"/> No</p> <p style="margin-left: 20px;">Select specific offense(s):</p> <hr/> <table style="width: 100%; border: none;"> <tr> <td style="width: 50%; border: none;"><input type="checkbox"/> Assault/battery</td> <td style="width: 50%; border: none;"><input type="checkbox"/> Arson</td> </tr> <tr> <td style="border: none;"><input type="checkbox"/> Kidnapping</td> <td style="border: none;"><input type="checkbox"/> Robbery</td> </tr> <tr> <td style="border: none;"><input type="checkbox"/> Sexual assault/rape</td> <td style="border: none;"><input type="checkbox"/> Manslaughter</td> </tr> <tr> <td style="border: none;"><input type="checkbox"/> Threats of behavior intended to physically harm, harass or intimidate another individual (bullying, threats while in government custody)</td> <td style="border: none;"><input type="checkbox"/> Crimes involving a minor victim (child molestation, child abuse, possession or distribution of child pornography, statutory rape)</td> </tr> <tr> <td style="border: none;"><input type="checkbox"/> Homicide/vehicular homicide</td> <td style="border: none;"><input type="checkbox"/> Other, specify:</td> </tr> <tr> <td style="border: none;"><input type="checkbox"/> Possession of a deadly weapon (including use of a vehicle as a weapon)</td> <td style="border: none;"><div style="border: 1px solid black; height: 30px; width: 100%;"></div></td> </tr> <tr> <td style="border: none;"><input type="checkbox"/> Trafficking in persons</td> <td style="border: none;"></td> </tr> </table>	<input type="checkbox"/> Assault/battery	<input type="checkbox"/> Arson	<input type="checkbox"/> Kidnapping	<input type="checkbox"/> Robbery	<input type="checkbox"/> Sexual assault/rape	<input type="checkbox"/> Manslaughter	<input type="checkbox"/> Threats of behavior intended to physically harm, harass or intimidate another individual (bullying, threats while in government custody)	<input type="checkbox"/> Crimes involving a minor victim (child molestation, child abuse, possession or distribution of child pornography, statutory rape)	<input type="checkbox"/> Homicide/vehicular homicide	<input type="checkbox"/> Other, specify:	<input type="checkbox"/> Possession of a deadly weapon (including use of a vehicle as a weapon)	<div style="border: 1px solid black; height: 30px; width: 100%;"></div>	<input type="checkbox"/> Trafficking in persons		<p style="text-align: right;"><input type="radio"/> Yes <input checked="" type="radio"/> No</p>

2. Conduct in ORR Custody

UAC conduct in ORR custody indicates dangerousness may justify placement in a secure facility. Previous SIRs or other internal ORR documents indicating dangerousness must be submitted in support of this finding. For example, a UAC may have committed a violent or malicious act while in ORR custody. A violent act can include destruction of another's property or use of physical force against a person. A malicious act must be part of a pattern of acts with the intention to do harm and is not an isolated offense in this context.

3. Sexual Predation	
<i>Any positive indication or history of sexual predatory behavior or engaging in inappropriate sexual behavior meets the minimum requirement for placement into a therapeutic or secure facility. Sexual predatory behavior refers to a UAC with 1) a history of sexual assault or sexual harassment, 2) that is part of a pattern of behavior with the goal of committing a sexually based crime, and 2) that is based on a mental disorder or impulse. ORR may consider case history (e.g., law enforcement or court records, ORR custodial documents, such as SIRs, and/or self-disclosures related to the UAC's history to determine whether their conduct is predatory in nature.</i>
