Questionnaire overview:

This survey instrument has nine sections. The content of each section is as follows:

- 1) Section A: training experiences and employment history from the point of random assignment through the interview date.
- 2) Section B: school experiences.
- 3) Section C: credential attainment.
- 4) Section D: conditions of current (or most recent) employment.
- 5) Section E: household composition.
- 6) Section F: income and financial well-being.
- 7) Section G: 21st century and cognitive skills.
- 8) Section I: COVID-19 experiences.
- 9) Section H: respondent and secondary contact information.

Defining activity spells

Section A captures data about all education and labor activities from random assignment to the interview date. Each activity is captured as a “spell”. A spell defines a participant’s activity (going to school or working at a job), at a particular place, during a particular period of time. There are “main spells” which capture the primary activity during a particular period of time. A main spell can be either a job spell or a school spell. Spell 1 will always be the primary activity at random assignment, whether it is a job spell or a school spell. Spell 2 will be the spell for the first activity after random assignment for a respondent who was not working or attending classes at the time of random assignment. If we have a spell 1, spell 2 will be inapplicable and vice versa. Spells 3-X will represent the “next job or school activity”.

There are also “subspells.” The subspell module allows us to capture up to two jobs within or overlapping a main school spell, two school spells within or overlapping a main job spell, and two side jobs within or overlapping a main job spell. It does not attempt to capture school spells that are within or overlap a main school spell.

The interview flow involves taking each respondent through their training and employment history twice. First, the system collects the spell history (dates, whether work or school, and place names). We refer to this as the “scaffolding.” Once the scaffolding has been built, the interview will systematically collect more information about each training spell. There are three motivations for this two-pass approach.

1. We think that starting from randomization and asking about all activities going forward results in less underreporting of early training experiences. We know from similar evaluations in the past that worked backward in time from the date of interview, asking only about training experiences resulted in substantial underreporting of training receipt.
2. By asking the respondent to focus on one type of information at a time, we hope to get data that are more consistent across spells.
3. This approach allows for more straight-forward programming.

Defining text substitutions

Throughout the instrument, there are places where the CAPI software will insert text to customize the question for the respondent. A couple of key text inserts are defined here:

[RAD]: This is the random assignment date for all participants. The random assignment date indicates the date that the person became a participant in the HPOG 2.0 National Evaluation.

[SCHOOLNAME]: This is the fill variable used in all of the questions in Section B, School Experiences. It is derived either from the name provided in a main school spell (A8) or a school subspell (A22).

[STARTDATE]: This is the fill variable used in all of the questions in Section B, School Experiences. It is derived either from the start date provided in a main school spell (A9) or a school subspell (A23).

[STOPDATE]: This is the fill variable used in all of the questions in Section B, School Experiences. It is derived either from the stop date provided in a main school spell (A10) or a school subspell (A24).

[EMPLOYER]: Section G refers to the current or most recent employer identified in the spell scaffolding. Throughout Section G, [EMPLOYER] is either the name of the employer or ‘for yourself’ if the respondent reports he or she is self-employed. If the respondent is currently employed, Section G will be asked in present tense, if the respondent is not currently employed, CAPI will present questions about the most recent job in Section G in past tense.

[JOBCOUNT]: JOBCOUNT is a variable that increases incrementally each time a new job spell is identified. It is used to determine the current or most recent job.

[SCHOOLCOUNT]: SCHOOLCOUNT is a variable that increases incrementally each time a new school spell is identified. It is used to determine how many School Experience (Section B) loops the respondent should be asked. School spells that ended prior to randomization should NOT be included.

[CURRENTSPELL]: A spell is current if A9_X=Still employed/self-employed OR still taking classes (A9_x=6).

[CLOSEDSPELL]: A spell is closed if A9_X≠Still employed/self-employed OR still taking classes (A9_x≠6 OR A9_X≠8).

General notes

CAPI notes, which begin with **CAPI**: are instructions for the programmers. They are noted in bold font and the skip logic for CAPI is noted with numeric values, for example: **CAPI: IF B2≠6 SKIP TO B7.**

Refused and Don’t Know responses are valued at -1 and -2 if the field is numeric; otherwise the values are 7 and 8 or 97 and 98 depending on how many other precoded responses there are. For example, in a yes, no, refused, don’t know response set, refused and don’t know have values of 7 and 8. If the question asks for total hours worked, refused and don’t know would be -1 and -2 respectively. If the question asked about highest grade obtained, there would be more than 6 responses—thus, the refused and don’t know values would become two-digit values of 97 and 98 respectively.

Plain text descriptions of who is asked each question are noted in bold font in orange text boxes. Skip logic for plain text descriptions are noted with alpha values, for example: **Ask B6 if they were self-employed (B2=Self-employed).**

INTRODUCTION

Hello, my name is []. May I please speak with _____?

IF RESPONDENT COMES TO THE PHONE: I'm calling on behalf of the [PROGRAM NAME].

IF PHONE OR IN-PERSON: I work for Abt Associates, or Abt, which is an independent research company. Abt is helping the Administration for Children and Families (ACF) in the U.S. Department of Health and Human Services (HHS) with its evaluation of the Health Profession Opportunity Grants (HPOG) program. We are conducting interviews with people like you who agreed to be in a study about a program offered at [PARENT GRANTEE SITE] called [PROGRAM NAME]. Thank you for taking the time to talk with me today.

This interview will include questions on your employment and education activities, your use of services, and your overall well-being. This interview will take about 60 minutes to complete. When we are done, we will send you a link to access a \$40 gift certificate to a store of your choice, as a token of appreciation. You agreed to be part of the study around [RAD] when you signed a consent form to let researchers collect information from you. We need to talk with people who got into the program and those who did not. Your participation in this study will help policymakers and program operators better understand how to help people attain educational credentials and find and keep jobs.

Before we begin the survey, I would like to assure you that all of your responses on this survey will be kept private; your name will not appear in any written reports we produce. Your responses to these questions are completely voluntary. That means you may choose not to answer any question, or you may stop the interview if you wish, but we hope you don't. Your responses to these questions will in no way affect your participation in any programs or your receipt of any kinds of public benefits or services. The information you provide will be kept private and only used for studies about the different types of education and employment trainings and services that are the focus of this study. By participating in this study, you will help the government learn if and how programs like [PROGRAM NAME] make a difference in people's lives and how to improve programs in the future.

According to the Paperwork Reduction Act (PRA), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information without approval from the Office of Management and Budget or OMB. This approval is called an OMB control number. The OMB control number for this collection is 0970-0462 and it expires 07/31/2024. If you have comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, please send them to Radha Roy, Abt Associates, Inc., 6130 Executive Boulevard |., Rockville, MD 20852; Attn: OMB-PRA 0970-0462. Do you have any questions before we begin?

Let's begin now.

A. TRAINING AND EMPLOYMENT HISTORY

CAPI: Stamp date and time [repeat at start of each section (B-H) and at end].

[A1_INTRO] I'd first like to get a general idea of some of the things you may have done between [RAD] and today. I will start with what you were doing on [RAD], when you applied to be part of a program offered at [PARENT GRANTEE SITE] called [PROGRAM NAME]. I'm interested in whether you were enrolled in school or training programs, working at a job for pay, and/or involved in other activities during this time. In answering the questions, please include any **full- or part-time jobs or classes that have lasted at least one week or more.**

Let's begin with what you were doing on [RAD], when you applied to be part of [PROGRAM NAME] at [PARENT GRANTEE SITE].

Read the following text and ask A1 of everyone.

<A1>. On [RAD], were you working at a job for pay, OR taking classes, OR both working at a job for pay *and* taking classes, OR *neither* working at a job for pay nor taking classes? (DO NOT READ RESPONSES)

| 4. NEITHER WORKING AT A JOB FOR PAY NOR TAKING CLASSES | [CONTINUE] |
| 7. REFUSED | [GO TO A3] |
| 8. DON'T KNOW | [GO TO A3] |

Read the following text and ask A2 and A3 of everyone who responded in A1 that they were neither working nor going to school, and those who refused or did not know the answer (A1=4, 7, 8).

A2. What were you doing at that time? Were you ... **<A2_X> [X = 1- 9]**

INTERVIEWER: READ FULL LIST AND SELECT ALL THAT APPLY. SELECT "NO OTHER MENTIONS" AFTER ALL RELEVANT ANSWER OPTIONS ARE SELECTED.

1. Enrolled in classes and waiting for classes to start or in between terms
2. Waiting for a job that you were offered to start
3. Looking for a job

[CAPI: IF A3=4, 7, OR 8 SKIP TO C4_INTRO]

Ask A8-A25 of everyone that answered in A1 or A3 that they have worked for pay, taken classes, or both since [RAD] (A1 OR A3=1, 2, OR 3).

Repeat A8-A21 for each main spell of work or school. The language for A8-A18 varies depending on the type of 'spell'—whether it is a job or a school spell. The language also differs whether it is the first spell (at the time of random assignment), the first spell (after random assignment), or a subsequent spell. There are as many as seven

distinct wordings for each question.
A22-A25 are asked for subspells, that is, spells within spells.

[A7_INTRO] In the next set of questions I am going to ask you about jobs you’ve held, schools you’ve attended, as well as other activities since [RAD].

--	--	---

A20-A22 are asked when either the respondent has brought their work and training history up to the date of interview or a spell limit has been reached. To prevent very long interviews, the history is shortened if the respondent reports more than 5 job spells or 3 school spells. These questions are there to ensure that we always define the current or most recent job spell, as that is the focus of Section D.

- a. If a new job or school spell is reported in A13 or A15 and the spell limit has not yet been reached, then the interview flow returns to A8 for the new spell (IF (A13=2 OR 3 OR A15=1 OR A16=1 OR 3) AND JOBCOUNT<7 GO TO A8 JOB SPELL; IF (A13=1 OR 4 OR A15=2 OR A16=2 OR (A16=3 AND JOBCOUNT=7)) AND SCHOOLCOUNT<5 GO TO SCHOOL SPELL 3-5).
- b. If the spell limit has been reached but the respondent no longer has the most recently reported job, then interview flow continues with A20 (IF JOBCOUNT=7 AND (A10≠6 OR A10a≠6 OR A10c≠-3 GO TO A20) OR SCHOOLCOUNT=5).
- c. If no new spells were reported in A13 or A15, but there is at least a four-month gap since the end of the last work or school spell, then interview flow continues with A21 (IF A15=4, 7, 8 AND ((CURRENT_DATE - A10_X DATE) ≥ 4 MONTHS) GO TO A21).
- d. If no new spells were reported in A13 or A15, and there is no more than a three-month gap since the end of the last work or school spell, then interview flow continues with B1 (IF A15=4, 7, 8 AND ((CURRENT_DATE-A10_X DATE)<3 MONTHS) GO TO B1).

Subspell Module (spells that started within other spells)

Ask A22-A25 for every subspell. A subspell can be:

1. a second job that the respondent took while working a main job,
2. a job that the respondent took while going to school,
3. a school that the respondent started attending while working a main job,
4. the less important activity for a person who was both working and going to school at randomization,
5. the less important job for a person who was working multiple jobs at randomization, or
6. a job or school that is discovered during probing of a “gap” spell.

The language for A22-A25 varies depending on the type of ‘spell’ and the type of subspell.

B. SCHOOL EXPERIENCES

Questions B1-B4 in this section repeat for each school named in A8 or A22, excluding school spells that ended before randomization. Questions B5-B17 repeat for up to two school spells. For respondents with 3 or more school spells who provided a complete history of school start and end dates, the program will select the longest school spell and randomly select a second school spell. For respondents with 3 or more school spells who did not provide a complete history of school start and end dates, the program will randomly select two school spells. Questions B18-B24 are asked only of the first school spell started after RAD.

If the school name was DK or refused, the program fills in “School_x” where x refers to the order in which schools were named. As short hand, [SCHOOLNAME] refers to the school name or filler. Also, [STARTDATE] and [STOPDATE] refer to the dates given in A9/A23 and A10/A24, respectively. If one of these dates was not provided, the clause containing the reference to the date will not be read. Schools will be presented in the same order that they were mentioned in the scaffolding. Applicability and wording of some questions depends on whether the spell is current, completed, or abandoned.

CAPI: SHOW B1_INTRO FOR FIRST SCHOOL LOOP ONLY.

[B1_INTRO] Now I’d like to ask you some additional questions about your experiences at the schools you have told me about.

Certificates

[C3_INTRO] The next set of questions asks about any certificates you may have earned. People sometimes earn certificates from an education or training program. An educational certificate is one that can be awarded by a training provider or an educational institution. An educational certificate is awarded based on completion of all course requirements. These educational certificates are different from professional certifications or state or industry licenses. Some people get both a certificate from a school or other training institute and a related license from the state.

As we go through this next set of questions, please answer only about school- and institute-issued vocational certificates you may have received. Please do not include any school-issued diplomas or academic degrees that you already told me

about. Also, please do not include professional certifications or state or industry licenses yet. We will talk about those in the next section.

Self-Directed Learning

[G4_INTRO] The next set of questions are about different types of activities that some people do when they are looking for classes to take or exploring different types of jobs. I'd like you to think about the time since [RAD] when answering these questions. I am interested in whether you have done any of the following activities—by your own choice, not because someone recommended you do so.

<G4_X> [X = 1-5] Since [RAD], have you ever chosen to ...

	YES	NO	REFUSED	DON'T KNOW
<G4_1> Use the internet to research different types of jobs you might be interested in?	1	2	7	8
<G4_2> Since [RAD], have you ever chosen to use the internet to learn more about the schools that offer classes to prepare you for the job you would like to have?	1	2	7	8
<G4_3> Since [RAD], have you ever chosen to watch an online video to try and figure out how to solve a math problem?	1	2	7	8
<G4_4> Take an online course to help you prepare for admissions exams at a school you wanted to attend?	1	2	7	8
<G4_5> Take an online class to improve your English language skills or broaden your English vocabulary?	1	2	7	8

<G5> Since [RAD], have you ever asked a local business or hospital if you could come in to volunteer or to observe people working in the type of job you would like to have?

1. YES
2. NO

DRAFT

I. COVID-19 Module

[I1_INTRO] *The outbreak of a novel Coronavirus ((kuh-roh-nuh-veye-ruhs), also called COVID-19, has been impacting communities worldwide. These next few questions ask about your experiences during the outbreak. Please remember these questions are voluntary and you can choose not to answer them if you don't want to.*

First, I will ask you some questions about how Coronavirus has impacted your desire to work or receive training in the healthcare field. When answering these next questions, please think specifically about the time since early 2020; that is, since the start of the Coronavirus outbreak.

CAPI: ASK OF ALL RESPONDENTS

- I1. Since the start of the Coronavirus outbreak in early 2020, would you say your *desire to work in healthcare* is...
1. Much stronger now than before the outbreak?
 2. Somewhat stronger now than before the outbreak?
 3. The same as it was before the outbreak?
 4. Somewhat weaker than it was before the outbreak?
 5. Much weaker than it was before the outbreak?
 7. REFUSED
 8. DON'T KNOW
- I2. Since the start of the Coronavirus outbreak in early 2020, would you say that your *desire to receive healthcare training* is...
1. Much stronger now than before the outbreak?
 2. Somewhat stronger now than before the outbreak?
 3. The same as it was before the outbreak?
 4. Somewhat weaker than it was before the outbreak?
 5. Much weaker than it was before the outbreak?
 7. REFUSED
 8. DON'T KNOW

CAPI: ASK OF RESPONDENTS WHO HAD ANY SCHOOL SPELL.

- I3. I'd like to know a little more about how the Coronavirus pandemic has shaped your training experience. Some training programs remained in-person, others changed to a virtual (also called on-line or remote) format, and some did a little bit of both. Think about your training experiences since [RAD]. Would you say that your trainings were all in-person, a mix of virtual and in-person, or all virtual?
1. All in-person?
 2. A mix of virtual and in-person?
 3. All virtual?
 7. REFUSED
 8. DON'T KNOW

[I4_INTRO] *Now I will ask you some questions about how the Coronavirus has impacted your work at any of the jobs you reported.*

I4. Since early 2020, have you provided direct care to people with Coronavirus (e.g., as a nurse, patient care assistant, home health aide, x-ray technician, or dental hygienist)?

- 1. YES
- 2. NO
- 7. REFUSED
- 8. DON'T KNOW

[SKIP TO I6]
