Survey Introduction

Introduction: The purpose of this survey is to gather information from leaders and staff from agencies and organizations involved in [insert name of local site’s Child Welfare Community Collaborations initiative]. This survey is part of a study of the *Child Welfare Community Collaborations to Strengthen and Preserve Families* (CWCC) initiative. Abt Associates and Child Trends are conducting the study to learn how grantees receiving funding under CWCC are approaching their collaborative work. The study is overseen by the Office of Planning, Research, and Evaluation (OPRE), in collaboration with the Children’s Bureau, in the Administration for Children and Families (ACF) at the U.S. Department of Health and Human Services (HHS).

Individuals and agencies often come together to work collaboratively to solve challenges in their communities. [Insert name of individual site’s Child Welfare Community Collaborations initiative]¹ is an example of a community collaboration initiative. This initiative is, in part, funded by ACF to conduct collaborative work to prevent child abuse and neglect. There are many ways that [select one, based on local grantee’s terminology: collaborations/coalitions/partnerships] develop and function depending upon the various needs of the collaborators and their communities. In order to assess the processes that are developing among members of your [select one, based on local grantee’s terminology: collaboration/coalition/partnership] and the potential outcomes of your work, we ask that you complete the questions in this survey. You are receiving this survey because you were identified by [GRANTEE ORGANIZATION] as a community partner contributing to grant activities under [Insert name of individual site’s Child Welfare Community Collaborations initiative].

Please answer the survey questions as completely and accurately as possible. When answering the questions, please think about your experiences with [Insert name of individual site’s Child Welfare Community Collaborations initiative] and please choose the answer to each question that reflects how you feel now. Your answers will be kept private to the extent permitted by law. Data collected from all survey respondents will be summarized in an aggregate report that will be shared with [insert name of lead grantee’s organization]. Some of the survey data may also be shared with the CWCC project team from [insert name of lead grantee’s organization], but none of the information you provide in the “Background Information” section of the survey (such as your role in the collaboration or the type of agency you work for) will be included in the data shared directly with [insert name of lead grantee’s organization]. Additionally, we may archive the data collected by this survey and allow access to the de-identified dataset to qualified researchers. Your participation in this survey is voluntary, and there are no penalties for choosing not to take part in the survey. We hope you will choose to complete all of the questions on the survey, but you may choose to skip any question you do not feel comfortable answering about your perceptions of [insert name of local CWCC-funded initiative]. Thank you in advance for your assistance in completing this survey and providing important information for the study.

The Paperwork Reduction Act Statement: The referenced collection of information is voluntary and will be used to better understand how grantees receiving funding under the *Child Welfare Community Collaborations to Strengthen and Preserve Families* (CWCC) initiative are approaching their collaborative work. The time required to complete this collection of information is estimated to average 30 minutes per response, including the time to review instructions and complete and review the collection of information. An agency may not
