

# COVID-19 Public Education Media Opinions Survey

---

## Welcome

**// Display OMB number and exp in the bottom right off all screens //**

You have been selected to take this survey about COVID-19. The primary purpose of this survey is to help assess, among a large group of U.S. adults, perceptions of potential COVID-19 public education campaign brand. The survey will also assess experience and behaviors, and opinions about creative materials related to COVID-19.

Most people take about 20 minutes to complete the survey.

As mentioned, this survey will show you potential COVID-19 media and then ask you some questions about it. We also have some additional information available to you about this survey. Select the additional pages you would like to read below, if any. You will then be shown a privacy statement before proceeding with the survey.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0990-0476. The time required to complete this information collection is estimated to average 20 minutes per response, including the time to review instructions, search existing data resources, gather the data needed, to review and complete the information collection. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Health & Human Services, OS/OCIO/PRA, 200 Independence Ave., S.W., Suite 336-E, Washington D.C. 20201, Attention: PRA Reports Clearance Officer

## **Privacy Advisory**

This survey does NOT collect or use personally identifiable information (PII) such as your name, date of birth, or contact information. Responding to this survey is voluntary. Your responses will be treated as confidential and will be maintained in a secure dataset. There is no penalty to you if you choose not to respond. However, we encourage you to answer all questions so that the data will be complete and will represent typical attitudes and beliefs of all Americans.

## Frequently Asked Questions (FAQ)

//FAQs should link to their corresponding page positions below. "TOP" buttons should link back to top of FAQ//

[Why is this study being conducted?](#)

### **Why is this study being conducted?** [Top](#)

- This study is being conducted to understand people's opinions of, experience with, and behaviors related to COVID-19 as well as reactions to brand platforms that describe the brand's approach to COVID-19.

### **Why should I participate?** [Top](#)

- You may learn more about COVID-19 and ways you can help slow its spread as a result of information you learn by taking part in this survey.

### **Do I have to answer all questions?** [Top](#)

- No, it is not necessary to answer every question. Your participation in this study is completely voluntary. This means that you are free to withdraw from this survey at any time or to skip any questions. There is no penalty to you if you choose not to respond.
- Some questions in this survey will ask about your personal experiences with COVID-19, which may be uncomfortable to answer. You have the right to skip these questions. Additionally, if you experience any distress taking this survey, you may contact the 1) SAMHSA Disaster Distress Helpline (1-800-985-5990) or the 2) Suicide Prevention Lifeline (1-800-273-8255), which both offer free 24/7 support services.
- At the bottom of your survey screen, you have one control button: *Continue* (>>). Use this button to navigate through the survey or skip questions.

### **Will my answers be kept private?** [Top](#)

Responses will remain private to the extent allowable by law. None of the information you provide will be used to contact you for or will be used in future research or distributed to another investigator for future studies. Survey responses will be aggregated (combined), and only group statistics will be reported. You will not be identified even if the results of this study are published.

### **Can I withdraw answers once I have started the survey? [Top](#)**

- If you wish to withdraw your answers, please notify the survey helpdesk by visiting: [https://prodegesupport.zendesk.com/hc/en-us/requests/new?ticket\\_form\\_id=360001213252](https://prodegesupport.zendesk.com/hc/en-us/requests/new?ticket_form_id=360001213252).

### **What are the costs and benefits of participating? [Top](#)**

- There is no cost to you for participating in this study.
- This study is for research purposes only. There is no direct benefit to you for taking part in this study. Any compensation you receive is a small token to thank you for participating, if you choose to do so.
- If you decide to participate, you will receive \$5.00 for your time.

### **How will my responses be used? [Top](#)**

- Your responses will be used to inform a public education campaign on scientifically proven behaviors on how to decrease COVID-19 infection rates. This is your chance to be heard on issues that directly affect you. While your survey responses will be kept confidential, summarized responses may be released to the public.

### **Will I see the results of the survey? [Top](#)**

- Results from this study might appear in professional journals or scientific conferences or submitted in a report to Congress. No individual participants will be identified or linked to the results. We will not disclose your identity in any report or presentation.

Study Title: COVID-19 Public Education Campaign Creative Testing Survey

Telephone: 571-858-3757 (24 hours)

**What is the key information?**

You are being asked to participate in a research study collecting information about educational messaging related to COVID-19. This form describes the purpose, procedures, benefits, risks, and precautions of the information collection. It also describes your right to withdraw at any time.

This information collection is being done to help refine and enhance public education messaging related to COVID-19 that will eventually be disseminated to the public.

**What do I need to know about this study?**

If you agree to be part of the research study, you will be asked to participate in a survey where you will answer questions about your perceptions and reactions to messaging related to COVID-19. The survey will last about 20 minutes. You do not have to answer any questions that you do not want to.

**What are the potential risks of being in this study?**

There are minimal risks associated with this project. There is a possible risk of breach of confidentiality. This risk is minimized by protections described in the “Who will see the results of this project or my information?” section below. Please help protect your privacy and confidentiality by not providing any personally identifiable information in your responses. The study staff will do its due diligence to remove any personally identifying information from the data collected from your survey.

**Does participating in this project provide any benefits?**

This study is for research purposes only. Although you may not directly benefit from participating in this study, others may benefit because the findings of this study will be used to inform messaging and public education efforts pertaining to COVID-19.

**Are there alternatives to participating?**

This research study is for research purposes only. The only alternative is to not participate in this study.

**Will it cost me anything to participate in the project?**

There are no costs to participate in the project. Participants in the survey will receive \$5.00 for their participation; you will be paid at the end of your participation in this study.

**Do I have to be in this project?**

Your participation is voluntary, which means you can stop or withdraw at any time. You may choose to not participate, or you may withdraw from the study for any reason without penalty or loss of benefits to which you are otherwise entitled.

**Who will see the results of this project or my information?**

Your answers will only be seen by the study staff. We will be very careful to only let people working on the project see your responses. There is minimal risk that others might find out what you respond, despite all of our best efforts. In the case of a breach of confidentiality, appropriate steps will be taken to notify participants.

All of the information we collect, including any answers to the survey, information collected during screening, and open-ended answers will be stored on a password-protected computer and/or in locked cabinets that only the project team can access. We will collect some personal information from you, like your age and race, but we will not collect any information that could identify you personally. After three years, all of the collected information will be destroyed by securely shredding documents or permanently deleting electronic information. Results from this project might appear in professional journals or scientific conferences or shared with other project teams. No individual participants will be identified or linked to the results. We will not disclose your identity in any report or presentation.

**Whom to contact about this study:**

If you have questions, concerns or complaints about the study, please contact the Principal Investigator at the telephone number listed on the first page of this consent document.

An institutional review board (IRB) is an independent committee established to help protect the rights of research subjects. If you have any questions about your rights as a research subject, and/or concerns or complaints regarding this research study, contact:

1. By mail:

## BRAND TESTING

**//PROGRAMMING NOTE: DISPLAY TEXT ON ITS OWN SCREEN//** Next, you are going to see a description of a potential COVID-19 public education campaign brand and its logo that the **U.S. Department of Health and Human Services (HHS)** could use to communicate about COVID-19.

The description is **not** what would be said in ad—it describes the “big idea” behind the brand (e.g., what it stands for and believes).

Please read the “big idea” brand description carefully because we will be asking you your reactions to it. We recommend that you read it through at least twice.

On the next screen, you will see the first brand. After you have had time to read the “big idea” brand description and look at the images, you will be able to click ‘Continue’ to move forward in the survey.

**//SHOW RANDOMLY ASSIGNED BRAND BLOCK//**  
**//Programming note: Each respondent will view 3 of the 5 brands. Brands will be randomly assigned brand in random order.//**
