

APPENDIX 5:
**Federal Certified Independent Dispute Resolution (IDR) Entity Reporting
 Data Elements**

The Departments of the Treasury, Labor, and Health and Human Services (Departments) and the Office of Personnel Management (OPM) have issued interim final rules establishing a Federal independent dispute resolution process (Federal IDR process) that nonparticipating providers or facilities, nonparticipating providers of air ambulance services, and group health plans and health insurance issuers in the group and individual market, or Federal Employees Health Benefits (FEHB) carriers may use following the end of an unsuccessful open negotiation period to determine the out-of-network rate for certain services. More specifically, the Federal IDR process may be used to determine the out-of-network rate for certain emergency services, nonemergency items and services furnished by nonparticipating providers at participating health care facilities, for air ambulance services furnished by nonparticipating providers of air ambulance services where an All-Payer Model Agreement or specified state law does not apply. Additionally, a party may not initiate the Federal IDR process if, with respect to an item or service, the party knows or reasonably should have known that the provider or facility provided notice and obtained consent from a participant, beneficiary, or enrollee to waive surprise billing protections consistent with PHS Act sections 2799B-1(a) and 2799B-2(a) and the implementing regulations at 45 CFR 149.410(b) and 149.420(c)-(i).

The Departments must publish on a public website for each calendar quarter in 2022 and subsequent years certain information regarding the Federal IDR process. Therefore, under the interim final rules, beginning January 1, 2022, the certified IDR entity must report certain information to the Secretary each calendar month within 30 business days of the close of each month, in a format, manner, and timeline specified by the Departments.

The table below identifies data elements that certified IDR entities must report to the Departments on a monthly basis. The Departments expect that much of this information will be collected by the certified IDR entities during the normal course of the Federal IDR process and will be captured as information submitted through the Federal IDR portal. To the extent the necessary information is captured directly through the portal, the Departments do not intend for certified IDR entities to report duplicative information on a monthly basis.

Paperwork Reduction Act Statement

According to the Paperwork Reduction Act of 1995 (Pub. L. 104-13) (PRA), no persons are required to respond to a collection of information unless such collection displays a valid Office of Management and Budget (OMB) control number. The Departments and OPM note that a Federal agency cannot conduct or sponsor a collection of information unless it is approved by OMB under the PRA, and displays a currently valid OMB control number, and the public is not required to respond to a collection of information unless it displays a currently valid OMB control number. See 44 U.S.C. 3507. Also, notwithstanding any other provisions of law, no person shall be subject to penalty for failing to comply with a collection of information if the collection of information does not display a currently valid OMB control number. See 44 U.S.C. 3512.

The public reporting burden for this voluntary collection of information is estimated to be 1 hour and 15 minutes per response, including time for reviewing general information about requesting assistance, gathering information, completing and reviewing the collection of information, and uploading attachments if applicable. Interested parties are encouraged to send comments
